W. S. HOPKYNS,
Chief Secretary to the Government of Bengal (offg.).

NOTIFICATION.

No. 12846 A.—The 2nd July 1929.—The following rules to regulate the recruitment by examination of certain of the provincial and other services in Bengal during 1929 are published for general information. Separate announcements will be made of the date and place of the examination:—

Rules.

1. **Extent of application.**—These rules apply to the direct recruitment of the Bengal Civil Service (Executive), the Bengal Excise Service, the Bengal Police Service, the Bengal Junior Civil Service, the Bengal Junior Excise Service and the Upper Division of the Secretariat Clerical Service.

2. **Method of direct recruitment.**—Direct recruitment for these services will be made on the results of a competitive examination, but Government reserve the right to appoint by nomination from the list of qualified examinees individual candidates belonging to the backward classes as enumerated on page 189, Part I of the Report of the Calcutta University Commission and to the Anglo-Indian, Indian Christian and Buddhist communities and other minorities if the results of the examination fail to secure the representation of such classes or communities, and in the case of the Upper Division of the Secretariat Clerical Service to fill European and Anglo-Indian vacancies by selection from outside the list. The head of an office in the Bengal Secretariat also retains the power to appoint men of special ability or aptitude to any post in the office when, on account of the special requirements of the post or other exceptional circumstances, the post cannot be filled in the ordinary way.

3. **Choice of Service.**—Each candidate for direct recruitment will be required to specify in his application the service or services for which he desires to compete, placing them in the order of his preference, and the choice thus indicated will be final. Appointments will be assigned to successful competitors with due consideration of their choice and the number of vacancies in the various services but Government reserve the right to offer to a candidate an appointment to a Service for which the candidate has not specified a desire to compete.

4. **Communal representation.**—The examination board will submit to Government separate lists showing (*a*) the Muhammadan candidates, (*b*) the candidates belonging to the backward classes and other minorities, and (*c*) all others. Appointments will be made from these lists in the order of merit of the candidates, subject to the following provisions:—

Government reserve the right to nominate any qualified candidate in list (*b*).

In services other than the Upper Division of the Secretariat Clerical Service Government reserve the right to fill as many as 45 per cent. of the vacancies by the appointment of Muhammadan candidates if there are qualified candidates available. In the Upper Division of the Secretariat Clerical Service the minimum proportion of Muhammadans is secured by appointing a Muhammadan to every third vacancy in each office if a qualified candidate is available.

5. **Notification of vacancies.**—The number of appointments to be made to these services will be notified as soon as possible after the 1st July. The examination will be held towards the end of the year.

6. **Application for admission to whom addressed.**—A person desiring to be admitted to the examination shall apply, before such date as the Governor in Council may prescribe, to the head of the college from which he passed his examination for the degree of Bachelor of Arts, Science, Commerce, etc. A candidate who passed

the examination as a non-collegiate student shall send in his application to the Registrar, Calcutta University, together with a certificate of character signed by the Principal of his college if he was connected with one, and by the Magistrate of the district in which he is resident, in other cases; candidates from the Dacca University shall apply to the Registrar, Dacca University. All other candidates (not included in the previously mentioned categories) shall apply to the Director of Public Instruction, Bengal:

Provided that in no case shall a candidate apply to more than one of these authorities, and that such application shall always be made through their Durbars by persons resident in a State in India.

7. **Time and manner of application.**—Applications shall be made, before such date as the Governor in Council may prescribe, in the form shown in Schedule I, copies of which may be obtained from the heads of colleges, the Registrars of the Calcutta and Dacca Universities, and the Director of Public Instruction.

8. **Application fee.**—No application will be taken into consideration by the nominating authority, unless it is accompanied by non-judicial stamps of the value of Rs. 5 or a chalan showing payment into a Government treasury in Bengal of the sum of Rs. 5. This payment is obligatory whether such application is subsequently rejected or not. Applications stamped with postage stamps will not be accepted.

9. **Selection Committee.**—The Governor in Council will appoint a Selection Committee. This Committee will be composed of officials and non-officials in equal numbers and will be presided over by a high officer of Government.

10. **Nomination.**—The heads of colleges, the Registrars of the Calcutta and Dacca Universities, and the Director of Public Instruction, Bengal, shall forward to the Selection Committee, before such date as the Governor in Council may prescribe, the applications of candidates nominated in accordance with the allotment of nominations shown in Schedule II and shall certify the moral character of each candidate so nominated. The application of a non-collegiate student nominated by the Registrar of the Calcutta University should be supported by the character certificates mentioned in rule 6. In making these nominations, due regard should be paid to the desirability of different classes and communities being represented in the public service.

11. **Selection certificates.**—In order to make the appraisement of individual merits of candidates possible, the Selection Committee shall issue certificates of selection to such of the nominated candidates, not exceeding 200 in all, as it considers qualified to appear at the examination. The selection or rejection of a candidate by the Selection Committee shall be final, and no candidate shall be admitted to the examination unless he holds such a certificate:

Provided that in making their choice the Selection Committee shall give all possible consideration to the cases of candidates of backward classes and other minorities and shall call for further nominations from the heads of colleges or Commissioners of Divisions if the number of selected Muhammadan candidates does not reach 45 per cent. of the total number selected.

12. **Conditions of eligibility.**—The indispensable qualifications of candidate are—

(*a*) that he is a native of the province or has a permanent domicile within the province;

(*b*) that he is a natural born subject of His Majesty or of an Indian State;

(*c*) that he is more than 22 and less than 25 years of age on the 1st August of the year in which the examination is held;

(*d*) that he is a graduate;

(*e*) that he is of good character; and

(*f*) that he is of sound health, good physique, active habits and free from organic defect or bodily infirmity.

Along with his application a candidate shall submit proof of his age and certificates from two responsible persons, unconnected with his College or University and not related to him, testifying to his character and stating that he is a native of or has a permanent domicile within the province of Bengal. Such certificates must have been written not more than one year prior to the date of application.

13. **Particulars of candidates.**—The Selection Committee may require such further proof or particulars from the candidates as it may consider necessary, and may make enquiries regarding their character and domicile.

14. **Eligibility of Government servants.**—Unless especially excepted by Government by general or special order, candidates holding substantive appointments in Government service will be debarred from appearing at the examination. Whenever such exception is made, the candidate will be subject to selection by the Selection Committee as if he were duly nominated under rule 10 of these rules.

15. **Canvassing.**—Any attempt on the part of a candidate to enlist support for his application through persons of influence will disqualify him for appointment. Spontaneous recommendations from persons interested in the candidates, or otherwise known to them, will be disregarded.

16. **Examination fee and time-table.**—Every candidate to whom a certificate of selection has been issued will, within a week from the date of its receipt, deposit in the nearest treasury in Bengal a sum of Rs. 50 as examination fee and forward the receipt for the same to the Secretary to the Selection Committee. No part of the fee will be returnable to a candidate. Delay in this respect may render a candidate's name liable to removal from the list of examinees. On complying with this requirement the candidates will receive from the Secretary a time-table for the examination.

17. **Syllabus of examination and marks.**—The examination will be held in the subjects and according to the syllabus shown in Schedule III which also indicates the numerical value to be attached to each paper at the examination.

As the possession of a knowledge of a provincial vernacular is an essential condition for appointment, candidates whose ordinary spoken and written language is not Bengali, must take up translation from English into one of the provincial vernaculars named below: -

(*i*) Bengali,
(*ii*) Hindi,
(*iii*) Urdu,
(*iv*) Nepali,

and *vice versa* in the compulsory paper. Successful candidates, however, who have offered any language other than Bengali in that paper and are appointed to a service for which there is a Departmental Examination will be required to pass completely the Departmental Examinations in Bengali within two years of the date of their appointment to the service.

18. **Medical examination.**—As soon as the result of the examination has been declared, successful candidates will be required to appear before a Medical Board for a certificate of their fitness for Government service in the form shown in Schedule IV. Regulations as to the physical examination are given in the schedule and intending candidates are advised before they apply under rule 6 for admission to the examination, to satisfy themselves that they are likely to qualify as physically fit under these regulations. For recent experience has shown that a considerable number of the candidates who qualify at the competitive examination are subsequently rejected by the Medical Board as unfit.

W. S. HOPKYNS,
Chief Secretary to the Government of Bengal (offg.).

SCHEDULE 1.

26.	Muhammadan Law	75
27.	Commercial Law	75
28.	Statistics	75

(*i*) There will be two papers in each of the optional subjects 1-13 and one paper only in each of the remaining subjects. Candidates who select as their optional subjects Physics, Chemistry, Botany, Geology, Physiology or Zoology and have not produced evidence that they possess a degree in the subject or subjects selected will be required to pass a practical test. If they fail to satisfy the examiners in this test they will earn no marks in the whole subject.

(*ii*) If a candidate fails to secure 25 per cent. of the marks in any one of the optional subjects selected he shall score no marks in that subject.

(*iii*) Candidates will also be liable to undergo a *viva voce* examination if so required by the examiners.

(*iv*) In awarding marks in all the subjects the candidate's knowledge of English, as shown by the answers, will be taken into account.

(*v*) Ten per cent. of the marks obtained in any paper will be subject to deduction for bad writing and untidiness.

(*vi*) The following details may prove helpful to a candidate as indicating the standard and nature of the examination:—

I.—COMPULSORY SUBJECTS.

1.—Translation and Retranslation.

The examination will be directed to test not the extent of the candidate's knowledge of any literature (English, Bengali, Hindi, Urdu, Nepali, French or German), but only facility in rendering from one language into another with reasonable accuracy and elegance. In the case of candidates whose ordinary written and spoken language is not Bengali and who did not take up Bengali as their vernacular at the University examinations the tests in this paper will be equivalent to the tests in the subject prescribed in the rules for the lower standard of the Departmental Examination in Bengali for Civil officers, and such candidates will after appointment and before confirmation be required to pass the Departmental Examination by the higher standard in Bengali.

2.—English Composition.

Questions will be set to test the candidate's power of writing clear and expressive English. They will include letter-writing on given subjects, the rapid summarisation of the subject matter of passages in prose of about 500-600 words in length and the detailed paraphrase of poetry.

The general standard of the subject matter will be that of the pass B.A. degree of an Indian University.

3.—Elementary Mathematics.

Vulgar and Decimal Fractions. Ratio and Proportion. Areas and Volumes of Simple Figures and Solids. Percentages. Simple Interest. Easy Factors. Simple Equations. Graphs of Simple Equations and of Sets of Data. Elementary Geometry of the Straight Line, Triangle and Circle.

The paper will consist largely of Problems with Arithmetical Data.

4.—General Paper.

Questions will be set on current topics, general history or similar subjects with which an educated candidate should be acquainted.

II.—OPTIONAL SUBJECTS.

1.—English Literature.

(*a*) General history of English literature. Questions will be set to test the candidate's knowledge of the more important works of the greater writers from (and including) Chaucer to the present day.

(*b*) English literature from 1832 to the present day. Candidates will be expected to know the work of the greater writers of the age, and to be able to understand such literature in relation to the main social and historical developments of the age.

Note.—In either paper, questions on the history of literary forms, style and prosody will not be excluded.

2.—Mathematics.

(a) Pure.

(*i*) *Algebra.*

Binomial theorem.
Convergency, divergency, and summation of series.
Variation.
Theory of limits.
Inequalities.
Continued fractions.
Determinants.
Elementary theory of equations including the approximate solution of numerical equations.

(*ii*) *Geometry.*

Geometry of the triangle, circle and conic sections.

Analytical Geometry of the straight line and conic sections.

Trigonometry: circular and hyperbolic functions: properties of triangles: summation of series: De Moivre's theorem: factorisation: expansion of the circular and hyperbolic functions in series.

Geometry of three dimensions: plane straight line: conicoids: generating lines of conicoids: curvature of surfaces.

(*iii*) *Differential and integral calculus.*

Theory of limits: differentiation: maxima and minima: summation of series: partial differentiation: integration: definite integrals: reduction formulæ: differential equation of the first and second orders: Fourier's series: applications to the geometry of curves.

(b) Mixed.

(*i*) *Statics.*

Statics of single particle.
Statics of systems of particles.
Friction.
Centre of mass.
Principle of virtual work.
Equilibrium of strings.
Machines.

(ii) Dynamics of a particle.

Velocity, acceleration, laws of motion.

Projectiles.

Impact.

Work and energy.

Motion of a particle in a plane under the influence of forces: orbits.

(iii) Hydrostatics.

Fluid pressure: centre of pressure on curved surfaces.

Conditions of equilibrium of a floating body.

Theory of the Metacentre.

Hydraulic and pneumatic machines.

(iv) Astronomy.

Elementary spherical trigonometry: refraction: parallax: precession: nutation: aberration: the sun and the moon: eclipses: measurement of time: the equation of time: determination of latitude and longitude: sextant: the principal instruments in an observatory: descriptive discussion of the principal constellations: comets: nebulas.

3.—Physics.

(a) General, Heat and Light.

(i) General Properties of matter.

Gravitation, elasticity, viscosity, surface tension, Kinetic theory of gases.

(ii) Heat.

Thermometry, expansion, calorimetry, change of state, conduction, radiation, thermodynamics.

(iii) Light.

Reflection and refraction, dispersion and chromatic aberration, spherical aberration, optical instruments, velocity of light, the spectrum, interference, diffraction and polarisation.

(b) Magnetism and Electricity.

The electrostatic field, conduction, condensers, specific inductive capacity, magnetism permanent and induced, electric currents, magnetic force due to currents, electro-magnetic induction, electrolysis, heating effects, thermo electricity, discharge of electricity through gases, radioactivity, structure of the atom.

(c) Practical.

The practical examination involves experimental work ranging over the above syllabus.

The standard is indicated by the following text books:—

General Properties of Matter	Poynting and Tomson.
Heat	
Light	Preston.
Magnetism and Electricity	J. J. Thomson.

4.—Chemistry.

(a), (b) and (c) Inorganic, Organic and Practical.

Kinetic Theory of Molecules and its applications; Dalton's Atomic theory; Atomic and molecular weights; Structural Chemistry and Stereo-isomerism; Periodic Law; Radio activity and modern views regarding the constitution of matter. Laws of true solution; Colloidial solution; Ionic theory and its applications. Conditions of Chemical equilibrium in a homogeneous and a heterogenous system; Rate of chemical transformation; Catalysis. Phase rule and its application to one and two component systems. Nature of energy and its transformation in Thermo Chemical and Electro Chemical reactions

The common elements and their important compounds; the inert gases; complex inorganic amines and cyanides. Manufacture of the common industrial products—organic and inorganic—with special reference to Indian conditions. The following organic compounds and their simple derivatives:—methane and ethane: ethylene and acetylene; benzene, toluene, anthracene, pyridine and napthalene, methyl, ethyl and propyl, alcohol, ethyl acetoacetate and ethyl malonate; lactic, oxalic, malonic, succinic, malic, tartaric and citric acids; fumaric and maleric acids, glycerol and urea. Chemistry of esters, ethers, amines, carbohydrates, cyanogen, derivatives, diazo, and Azocompounds. Application of catalysts and organometallic compounds in organic synthesis; Composition, Purification and Analysis of organic compounds.

Qualitative analysis of a sample containing four inorganic radicals; identification of a common organic compound; simple gravimetric and volumetric estimation.

5.—Classical languages.

(i) Latin.

(a) Translation.

The paper shall consist of (*a*) passages for translation from Cicero or Cæsar, and Virgil or Lucretius, (*b*) a passage or passages from one or more of the following—Livy, Tacitus, Horace, (*c*) a piece of English prose for translation into Latin. 150 marks of which 75 shall be given to (*c*).

(b) Language, Literature and Grammar.

The paper shall consist of questions on Accidence, Syntax, Latin philology and literature, Roman History, the geography and organisation of the Empire.

A choice of questions shall be allowed.

(ii) Greek.

(a) Translation.

The paper shall consist of (*a*) passages for translation from Homer and Demosthenes, (*b*) a passage or passages from one or more of the following—Thucydides (excluding speeches), Euripides (excluding choruses), Xenophon, Plato, (*c*) a piece of English prose for translation into Greek. 150 marks of which 75 shall be given to (*c*).

(b) Language, Literature and Grammar.

The paper shall consist of questions on Accidence, Syntax, the development of the literature in its chief forms, the contributions of the Greeks to the development of civilisation, history and geography.

A choice of questions shall be allowed.

(iii) Sanskrit.

(a) Translation; (b) Language, Literature and Grammar.

The object of the examination will be more to draw out what a candidate knows than to test his knowledge. It is not expected that he should be an expert or a specialist in any branch of Sanskrit Literature, but he should have a grasp of both the language and Literature, Vedic and Classical.

He should have a general knowledge of Sanskrit Grammar, Vedic and Classical. This knowledge will be tested not by asking him to quote rules, but by their application to language.

He will be required to translate easy passages in English from Vedic or Classical Sanskrit Literature, but not from commentaries. He may be asked to compose in Sanskrit, to write an essay in Sanskrit, to summarise a given passage in English or Sanskrit and to translate into either language.

(iv) Arabic.

(a) Translation.

(*i*) From English into Arabic and (*ii*) from Arabic into English.

(b) Language, Literature and Grammar.

Muhammadan civilisation including—

(*i*) History and (*ii*) Literature.

(*i*) The outline of *Muhammadan History* from the beginning of Islam up to the fall of the Abbasides of Baghdad in the middle of 13th century A.D.

(*ii*) A general knowledge of the History of *Arabic Literature*. Grammar according to modern method and elements of Arabic prosody and Rhetoric.

(v) Persian.

(a) Translation.

All translation will as far as practicable be from and into the present day language of Iran.

(b) Language, Literature and Grammar.

Candidates must possess a fair knowledge of the general outlines of the literary history of Persia with special study of a particular period, *e.g.*, the Ghaznavi and Saljugi period, and first-hand knowledge of a few selected authors, such as Firdausi, Unsuri, Minuchihri, Anvari, Naisr-i-Khisran, Khayyam, etc. Questions on grammar shall demand from the candidates not mere cramming and reproduction from memory but intelligent practical application of the grammatical rules, requiring some discrimination.

(vi) Pali.

(a) Translation.

(*i*) Passages prose and verse of moderate difficulty for translation from Pali into English.

(*ii*) A passage of moderate difficulty for translation from English into Pali.

(b) Language, Literature and Grammar.

1. Knowledge of literature will include—

(*i*) A knowledge of canonical literature and commentaries as well as literature outside the canon;

(*ii*) History of Buddhism from its rise to the 7th century A.D.

(*iii*) Indian civilisation as depicted in the canonical Pali literature; and

(*iv*) Indian thought and ideals at the time of the rise of Buddhism.

2. The questions on language and grammar will include—

(*a*) Elementary knowledge of Sanskrit grammar;

(*b*) Elementary knowledge of the principles of comparative philology; and

(*c*) Knowledge of Indian inscriptions from the earliest times to the 2nd century A.D.

A fairly wide choice of questions will be given.

(vii) Urdu.

(*a*) *Translation.*

(*i*) From English into Urdu and (*ii*) from Urdu into English.

(*b*) *Language, Literature and Grammar.*

(*i*) A general knowledge of the history of Urdu language and literature.

(*ii*) Grammar according to modern method and elements of Urdu Prosody and Rhetoric.

6.—History.

(a) Indian History.

A knowledge of Ancient, Mediæval and modern India will be required. The main stress will be laid on the period 1500-1920 A.D. Sketch historical maps will be required of candidates. A knowledge of political, military and economic history will be demanded as also of modern constitutional development. The broad outlines of religious and cultural history should be known; also the history of foreign countries, so far as it directly affected the history of India.

(b) English and European History.

The main stress in this paper will be laid on English History, knowledge of European History being only required in so far as it more or less directly links up with English History. Chief importance will be attached to the period 1500-1920 A.D. Political, military, cultural, economic and constitutional history will also be required. Sketch maps will be essential. The growth and history of the British Empire should be known.

7.—Philosophy.

(a) Metaphysics and Ethics.

Definition and Province. Relation of Ethics and Metaphysics to cognate subjects. Methods of Metaphysics and Ethics. *A priori* and *a posteriori* Theories. Discussion of the principal Categories of knowledge. Relation of the Finite to the Infinite, the Conditioned to the Unconditioned, etc. The influence of Evolution on Metaphysical and Ethical Thought. Leading Theories of the Constitution of the World. Naturalism and Idealism. Theories of the nature of the Soul and its relation to the Body. The idea of the Self. The idea of God. Relation of God to the World and the Soul. Immanence and Transcendence, Agnosticism, Septicism, Pantheism, Theism, Immortality, Optimism and Pessimism.

The moral Consciousness, Postulates of Morality, Human Freedom, Moral Obligation, Ethical Standards. Individual and Society. The Social Organism. Duties and Virtues. Theories of Punishment. The nature of Moral Progress.

(Candidates will be expected to possess a general knowledge of the history of Metaphysics and Ethics, both Eastern and Western, ancient and modern.)

(b) Psychology.

Scope and Province. Relation of Psychology to cognate subjects. Methods of Psychology. Varieties of Psychological Study. Relation of Mind to Body. Consciousness and Subconscious. Suggestion. Mental processes. Sensation and its Organic Basis. Perception. Ideation. Memory and Imagination. Judgment. The Development of the Categories. Reasoning. Belief. The Growth of the Conception of the Self. The Various Selves. Feelings and Emotions. The Psychology of Will. Group Psychology. Social Psychology.

(Students are expected to possess a general knowledge of the history of Psychological Theory.)

8.—Economics.

(a) Political Economy; (b) Economic History and application to India.

Political Economy.—This subject will include the Organization of Production; theories of consumption, Value, Monopoly and Distribution; the problems of Population, Labour and Industrial Peace; the theories of Money, Prices, Credit and Banking; the mechanism and theory of international Trade and Foreign Exchange; the principles of Public Finance.

Candidates will be expected to show familiarity with the economic conditions and development of India, and to be able to apply the principles of Political Economy to Indian conditions.

They are also expected to have some knowledge of the industrial history of England.

9.—Botany.

(a) and (b) Theoretical Course.

Scope of Botany. Difference between plant and animal. Outlines of the modern systems of classification.

Vegetable cell. Cell contents, Cell division, Tissues and tissue systems.

Morphology (including histology) and Life history of Algæ (*chroococcus*, a desmid, *Spirogyra*, *Ulothrix*, *Vaucheria*, *and Chara*). Fungi (Yeast, *Mucor*, *Peronospora*), Muscineæ (a moss plant, *Marchantia*), Pteridophyta (a fern, *Lycopodium* *Selaginella* and *Equisetum*) and *Gymnospermia* (*Cycas-Pinus*).

General morphology, histology and life history of Angiosperms Physiology of plants including the principal experiments. Outlines of the ecology of plants with special reference to the conditions of Bengal.

Distribution of plants in time and space.

A knowledge of the systematic position, morphological characters, use and cultivation of the more common economical plants of Bengal (viz., rice, and other cereals, pulses, common vegetables, fruit trees, sugar producing plants, jute, indigo, cotton and the common timber trees).

(c) Practical Course.

Knowledge of microtechnic including free hand section cutting for microscopical examination. Drawing of dissection of flowers and microscopical sections. Referring common plants of Bengal to their Natural orders. Identification of plants by analytical tables. Simple physiological experiments.

10.—Geology.

The examination in Geology shall consist of (*a*) and (*b*) two theoretical papers, and (*c*) one practical paper.

(*a*) and (*b*). The theoretical course shall consist of—

Dynamical and Structural Geology.

Geological function of Air, Water and Life. Earthquakes and volcanoes. Secular upheaval and subsidence. Different types of structures met with in the crust of the earth. Earth sculpture. Origin of the Himalaya mountains. Water-supply.

Mineralogy and Petrology.

Physical and chemical characters of the more important minerals including their origin and commercial use. Classification of rocks. The leading rock types. Building materials.

Palæontology and Historical Geology.

Use of fossils. Leading types of fossils. Principles of correlation. The standard stratigraphical scale. Characters and distribution of the series of rocks found in India.

(*c*) The practical examination shall include (*i*) the identification and description of rocks and minerals, (*ii*) the description of microscopic sections of rocks, (*iii*) the recognition of important genera of fossils and (*iv*) the drawing and interpretation of geological maps and sections.

11.—Physiology.

(a) and (b) Theoretical Course.

General Physiology.

1. The 'Cell-membrane', Physico-Chemical processes—diffusion, Osmosis and Dialysis, Osmotic-pressure, Electrolytes, Ionisation, Surface tension, Absorption. Properties of colloids, Catalysis and Endymeaction.

Chemical Physiology.

2. Chemical composition of the body, Chemistry of carbohydrates, fats, liquids and proteins, Chemical Physiology of blood and lymph. Coagulation, Hæmolysis, Precipitins, Tests for blood. Immunity.

Histology.

3. Histology and development of the cell, Segmentation of ovum and formation of germinal membranes. Microscopical appearances of blood, lymph and milk. Minute structure of the various organs and tissues of the animal body.

Physiological Processes.

4. Physiology of contractile issues, Functions of nerve-cells and nerve fibres, the circulation of the blood, respiration, processes involved in digestion and absorption of food, metabolism, dietetics, vitamines, physiology of endocrine organs, harmones, excretion by the kidneys, skin, lungs and liver, production and regulation of body heat, mechanism of sound production, and speech, Physiology of the Central and Autonomic nervous systems, special physiology of the organs of sense and Physiology of growth and reproduction.

(c) Practical Course.

I. The chemistry of carbohydrates, fats and proteins found in blood, milk and common food substances, Chemistry of hæmoglobin and its principal derivatives. Uses of the Hæmoglobinometer and direct vision spectroscope, composition of bile, normal constituents of urine and their estimation, more important abnormal constituents of Pathological urine and their estimation, Cryoscopy.

II. Histological technique involving the use of the microtome and methods of fixing, staining and mounting for the preparation of permanent specimens, minute anatomy of the various organs and tissues of the body, the use of Hæmacytometers.

III. Demonstration of the uses of the more important apparatus employed in Physiological investigation. A practical acquaintance with the methods of performing the following experiments:—

1. **Muscle and nerve.**—Myographic method of demonstration of the contraction of muscle under various conditions. Tetanus. Fatigue. Work done by a contracting muscle. Conduction in a nerve. Velocity of nerve-impulse.

2. **Experiments on the frog's heart.**—Normal tracing of the heart beats. Modifications of the tracing by the application of heat and cold, drugs and stimulation of the vago-sympathetic trunk.

3. Sphygmographic tracing of the pulse. Determination of the blood pressure in man by means of Sphygmomanometers.

4. Experiments on reflex action in "Spinal" frog.

12.—Zoology.

(a) and (b) Theoretical Course.

Scope of zoology and principles of classification.

Animal cell. Cell division. Elementary tissues, their morphological differentiation and physiological division of labour. Principles of animal physiology.

General characters of the following groups (including the distinctive characters of the classes, the more important orders represented in Bengal and of the development of the groups marked X); Protozoa, Porifera X, coelentera, Platyhelminthes X, Nemertinea, Nematoda, Rotifera, Annelida X, Arthropoda X, Mollusca X, Echinoderma, X, Chordata, Hemichorda, Cephalochorda X, Urochorda, X, Craniata-Cyclostomata, Pisces, Amphibia X, Reptilia, Aves X and Mammalia X.

Distribution of animals in time and space.

Theories of evolution. Heredity, variation and adaptation. Cell in inheritance. Eugenics.

(c) Practical Course.

Knowledge of micro-technic, including section cutting by paraffin method. Microscopic examination and dissection of Amoeba, Paramoecium, Monocystis, Spongilla, Hydra, Irene, Pheretima, Palaemon, Periplanata, Amellidens, Ampullaria, a starfish, a sea-urchin, a holothurian, Amphioxus, Doliolum, an ascidian, an elasmobranch (or Rohu fish), Bufo, the house gecko, the fowl and Cavia.

13.—History of Islam.

There will be two papers on this subject. The first paper will consist of two parts dealing with the History of Islam in India and the History of Islam outside India respectively. Each part will carry a maximum of 75 marks. The second paper will deal with Islamic Philosophy and Culture and will carry 150 marks.

What the examinee will be expected to know is not the account of battles or history of intrigues, but a good knowledge of the social, political and economical conditions of the Islamic Empire and of the literary, philosophic and scientific activities of the Muslims under the Caliphate. In this connection special attention should be paid to foreign and particularly Hellenistic influences on Islamic thought and culture. He will be further required to know the sources of information on his subject—contemporary and modern—and to estimate their relative importance as works of history. Stress will be laid on the manner and method in which the subject is approached and discussed. Nor will the style be reckoned as less important than the subject matter. The object of the examination will be not to test the memory of the examinee but his grasp of the subject, his power of thinking, his capacity for seizing on the essentials as opposed to non-essentials in a long, complicated narrative.

14.—Constitutional History of England and the Empire.

In this paper the main stress will be laid on the period from 1600 A.D. onwards, but candidates will be expected to possess a knowledge of the main episodes of constitutional importance prior to that date. Candidates should also be acquainted with the history of the making of the constitutions of Australia, Canada, South Africa and India. Special knowledge of that of India will be required. The constitutional history of the United States of America, so far as it throws light on English Constitutional History, should be known.

15.—Ancient Indian History and Culture.

1. The age of the Vedas,—the Samhitas, the Brahmanas and the Sutras.
2. Rise and development of Buddhism and Jainism.
3. Political history from the 7th century B.C. to the 12th century A.D.
4. Administrative system and political theories.
5. Economic condition, including trade and maritime activity.
6. The social organisation of the Post-Vedic period, with special reference to the growth of the caste system.

Books recommended indicating the standard required.

1. Cambridge History of India, Vol. 1, pages 1—318.
2. V. A. Smith—Early History of India.
3. R. C. Dutt—Civilization in Ancient India (omitting chapters on Political History).
4. Dr. P. N. Banerjee—Public Administration in Ancient India.

16.—Political Theory and Political Organization.

Politics.—This subject will include political theory and political organization. Candidates will be required to show a knowledge of the theory of the state, theories about the origin of the state, theories of law and sovereignty, citizenship, theories about state interference, the structure of Government, forms of Government and the ends of the state. A knowledge of the historical development of some of the more important theories will also be required.

Political organization will include a study of the details of the British constitution and the Indian constitution and the outlines of the constitutions of France, the United States, Germany, Canada, Australia and South Africa. The history of institutions is not included, but candidates will be required to know the earlier stages from which existing Indian political institutions have directly developed.

17.—Anthropology.

Social.

Candidates will not be expected to have an extensive experience of laboratory and museum work. The subject will be treated with special, but not exclusive, reference to peoples of rude culture including prehistoric civilization.

Physical.

The subject includes pre-historic Archæology and Technology. Candidates will be expected to have such knowledge as may be acquired by laboratory and museum work consisting mainly in the handling and study of specimens and exhibits. The subject will be treated with special, but not exclusive, reference to peoples of rude culture including pre-historic civilization.

18.—Comparative Philology.

The subject shall include—

(*a*) the general principles of the Science of Language, including Elementary General Phonetics, Families of speech, Evolution of Language in Phonetics, Inflections, Syntax and Meaning, the Evidence of Language in the History of Civilization and History of Philological Speculation.

(*b*) The Philology of one of the following languages to be selected at the option of the candidate:—

Sanskrit, Pali, Persian, Arabic, English, Bengali, Hindustani (Urdu or Hindi).

The paper will be in two parts with 75 marks for each.

19.—Bengali Language and Literature.

The candidate will be expected to possess a general knowledge of the history of development of the Bengali Language and Literature from the time of Chandidas down to the death of Bankim Chandra Chatterjee. The question will demand a first-hand acquaintance with the important works of each period within the above limits, and will include points of Grammar, Philology, Social and Political History, as well as literary criticism. The answers should be given in Bengali, the correctness of which will be taken into consideration in awarding credit.

20.—Geography.

Candidates may be asked to show their ability to draw neat and accurate maps.

A.—Geography of the world.

(1) Elementary Astronomy.
(2) Natural Phenomena—Wind, rain, etc., and their causes.
(3) Land and sea distribution. Main river and mountain systems of the world; their importance, political and economic.
(4) General Climatic Geography of the World.
(5) Main trade routes. Distribution of oil, coal, wheat, wool, cotton, rice, jute tracts.

B.—Geography of India.

(1) General description and Physical Geography.
(2) Relation of Geography to—
(*a*) Climate (with special reference to the monsoon currents).
(*b*) History of India.
(*c*) Economics. The main products of the country and their nature of transport and distribution. Railway and river systems.
(3) Influence of Geography on relations of India with—
(*i*) Neighbouring countries.
(*ii*) United Kingdom.
(4) Ethnographic Geography.

C.—Geography of Bengal.

River and railway system.
Natural products.
Ports.
Trade—Internal and External.
Climate.

21.—International Law.

Peace and War—With special reference to the Independent or Sovereign States, Dependent States.
British Colonies and the Native States of India.
Sea and the Territorial waters: Nationals, Aliens and Domicile.
Nationality and nationalisation in India and the Colonies.
Criminal jurisdiction and extradition.
Jurisdiction of the High Court of Justice and the Foreign Courts.
The Peace Treaty, and
The League of Nations Covenants.
Legal relations as affected by war.
Duties of neutral states.
Contraband of war.

22.—Roman Law.

Historical sketch of the Roman Law down to Justinian.
General knowledge of the subject with special reference to the law of persons.
Law relating to real rights.
Law of obligations.
Law of succession—both testamentary and intestate.
Criminal Law and Procedure.
Book recommended:—

A Manual of Roman Private Law, by W. W. Buckland, Cambridge University Press, 1925.

23.—Jurisprudence and Principles of Legislation.

Jurisprudence—What it means: its growth as a science of positive law.
A general knowledge of the subject with special reference to—
Law and Rights.
Private Law.
The application of law.
Principles of Legislation—with special reference to the Legislative Idealism in the 19th century.
The Rights of the Individual.
Principles of utility and the distribution of property.
Offences and Punishments.
Free Trade and Protection.
The Fundamental doctrines of Socialism—Aims and policy of the Socialists—Socialist views regarding Land and the Landlords, the Capital and Capitalists, unemployment.

24.—English Constitutional Law.

A general study of the subject with special reference to the Nature of Constitutional Law and its place in jurisprudence.
Nature of Parliamentary Sovereignty.
House of Commons.
House of Lords.
Functions of the Crown in Parliament. Cabinet.
Right to Personal Freedom.
Right of Freedom of Discussion.
Right of Public Meeting.
Conventions of the Constitution.

25.—Hindu Law.

Candidates are required to have a general knowledge of the principles of law and of leading cases in subjects covered by the following syllabus:—

1. Sources—Ancient and Modern sources. Legislation relating to Hindu Law. Schools of Law.
2. Marriage—Kinds of; Capacity for marriage and prohibited degrees. Effect of marriage. Rights as between husband and wife.
3. Sonship—Legitimate and adoptive—Effect of illegitimacy—The law of adoption—Joint family, Mitakshara and Dayabhaga law. Partition. Impartible Estates.
4. Law of inheritance according to the Mitakshara and Dayabhaga Schools.
5. Law of Wills—Hindu Wills Act—Probate and Administration Act—Hindu Disposition of Property Act. Trusts and Endowments. Private and Public Debuttor.

26.—Muhammadan Law (according to the Hanafi and Shiah Schools).

Candidates are required to have a general knowledge of the principles of law and of leading cases in subjects covered by the following syllabus:—

1. Sources. Schools of law. Custom in Muhammadan Law.
2. Marriage—Capacity for marriage—Prohibited relations—Forms of marriage—Essentials of marriage—Effect of marriage—Law of Dower—Divorce.
3. Sonship—Legitimacy—Kinship—Affinity and Fosterage.
4. Law of inheritance.
5. Law of Gifts—Donatio mortis causa—Wakfs, public and private—Wakf Validating Act.

27.—Commercial Law.

Arbitration; Contracts; Principal and Agent; Partnership; Limited Companies; Gurantees; Carriage by Land; Carriage by Sea; Insurance; Sale of Goods; Negotiable Instruments; Bankruptcy.

28.—Statistics.

(1) Elementary theory of statistics, not depending mainly on the theory of probability nor requiring a knowledge of the calculus, frequency distributions, average percentiles, and simple methods of measuring dispersion, graphic methods; elementary treatment of qualitative data, *e.g.*, investigation of association by comparison of ratios, consistency of data: the practice of the simplest graphic and algebraic methods of interpolation.

(2) The application of the more practical methods of statistics to the interpretation and analysis of Indian Statistics relating to population, trade, prices and wages.

(3) Elementary Mathematical Statistics including:—Forms of average and measures of dispersion. The normal curve, and methods of deriving other frequency curves. Theory of association, and co-relation for two variables. Theory of errors of sampling as applied to the above.

A wide choice of questions will be given so that a candidate without advanced mathematical knowledge can obtain full marks by answering questions under paragraphs (1) and (2).

SCHEDULE IV.

Candidates selected for appointment after the examination will, before appointment, be called upon to satisfy a Medical Board as to their fitness for appointment to Government service, and will be required to conform to the physical standards laid down in the regulations subjoined.

These regulations are published for the convenience of candidates and in order to enable them to ascertain the probability of their coming up to the required physical standard. But it must be clearly understood that Government reserve to themselves an absolute discretion to reject as unfit any candidate whom they may consider, after hearing the opinion of their medical advisers, to be physically disqualified for the public service; and that their discretion is in no respect limited by these regulations.

Regulations as to the physical examination of candidates for appointment to the Bengal Civil Service (Executive), the Bengal Excise Service, the Bengal Police Service, the Bengal Junior Civil Service, the Bengal Junior Excise Service and the Upper Division of the Secretariat Clerical Service.

General physical requirements.

I. A candidate must be in good mental and bodily health, and free from any physical defect likely to interfere with the efficient performance of his duty.

II. In the examination of candidates the Medical Board will apply the following table of correlation of age, height and chest girth:—

Age.	Height without shoes.	Chest measurement on full expiration.	Chest measurement on full inspiration.
	Inches. Inches.		
21 and upwards	62½ and under 65	30	32
	65 „ 68	31	33
	68 „ 70	32	34
	70 „ 72	33	35½
	72 and upwards	34	36½

III. Measurement of chest.—The candidate will be made to stand erect with his feet together and to raise his hands above his head. The tape will be carefully adjusted round the chest, with its posterior upper edge touching the inferior angles of the shoulder blades, and its anterior lower edge the upper part of the nipples. The arms will then be lowered to hang loosely by the side, and care will be taken that the shoulders are not thrown upwards or backwards so as to displace the tape. The candidate will then be directed to empty his chest of air as much as is possible. This is best done by continuous whistling with the lips as long as sound can be produced. The tape will be carefully gathered in during the process, and when the minimum measurement is reached it will be recorded. The candidate will then be directed to inflate his chest to its utmost capacity. The maximum measurement will likewise be noted. The girth with the chest fully expanded and the range of expansion between the minimum and maximum will then be recorded. In all doubtful cases the functional capacity of the lungs may be tested by means of the spirometer. The minimum vital capacity as tested by the spirometer shall in no case be below 180 cubic inches.

IV. The hearing must be good.

V. The speech must be without impediment.

VI. The teeth must be in good order, *i.e.*, decayed or broken teeth must be properly stopped or crowned, and deficient teeth replaced by artificial teeth, where necessary, for effective mastication.

VII. The chest must be well formed, the lungs and heart sound.

VIII. Rupture, hydrocele, varicocele, varicose veins in a severe degree, or other conditions likely to cause inefficiency will disqualify a candidate, unless such condition is cured by operation. Where any candidate has been rejected and has subsequently undergone one or other operation for hernia, hydrocele, varicocele or varicose veins, the Board may pass him provided they are satisfied that the condition has been radically cured.

IX. The limbs, feet and toes must be well formed and developed, with free and perfect motion of all the joints.

X. A candidate must have no congenital malformation or defect likely to interfere with his efficiency.

XI. A candidate must not be subject to chronic skin disease.

XII. Evidence of previous acute or chronic disease pointing to an impaired constitution will disqualify.

Standard of minimum acuteness of vision required for appointment in the Provincial Services.

Better eye.	Worse eye.
Vision = $\frac{6}{6}$	Vision = $\frac{6}{9}$

after correction with glasses, provided there are no morbid changes present in the choroid or retina.

2. Cases of myopia with posterior staphyloma may, however, be admitted provided ametropia in either eye does not exceed — 2·5 D, and no morbid changes are present in the choroid or retina.

A candidate of twenty-five years of age or over may be admitted, provided ametropia in either eye or both eyes does not exceed — 3·5 D, and provided his corrected vision reaches 6/6 in each eye.

3. Candidates with hypermetropia may be admitted provided the acuteness of vision is—

Better eye.	Worse eye.
Vision = $\frac{6}{6}$	Vision = $\frac{6}{9}$

after correction with glasses.

4. In cases of defective vision due to nebula of the cornea, the candidate will be rejected.

5. Squints or any morbid conditions subject to risk of aggravation or recurrence in either eye may cause rejection of a candidate.

6. Colour vision need not be taken into account.

Form of medical certificate for candidates for appointment to the Bengal Civil Service (Executive), the Bengal Excise Service, the Bengal Junior Civil Service, the Bengal Junior Excise Service and the Upper Division of the Secretariat Clerical Service.

The attention of the Medical Board is specially directed to the following:—

No person will be deemed qualified for admission to the service who shall not satisfy Government that he has no disease, constitutional affection or bodily infirmity, unfitting him, or likely to unfit him, for the service. It should be understood that the question of fitness involves the future as well as the present and that one of the main objects of medical examination is to secure continuous effective service, and in the case of candidates for permanent appointment to prevent early pension. It is at the same time to be noted that the question is one of the likelihood of continuous effective service, and that the rejection of a candidate need not be advised on account of the presence of a defect which in only a small proportion of cases is found to interfere with continuous effective service. Before filling up the form it should be ascertained from the candidate whether he has been previously pronounced unfit for Government service by any duly constituted medical authority in India or elsewhere.

	Rs.
No. 030380	50,000
No. 030379	25,000
Total ...	75,000

The Second Schedule above referred to.

Scheme of Management.

1. The said endowment shall be called "The Edward Esmond Jewish Girls' School Fund."

2. The objects of the fund are to provide out of the income thereof for the upkeep and maintenance of the Jewish Girls' School called or known by the name of Kehillath Yeshurun at present carried on at No. 8, Pollock Street, in the town of Calcutta, and for the improvement of the educational facilities provided by the said school for girls professing the Jewish faith in such manner as the Board of Management hereinafter referred to shall in their absolute discretion from time to time decide.

3. The fund shall be administered by a Board of Management of the said school consisting of the members for the time being including the President and the Vice-President of the Jewish Girls' School. The President or in his absence the Vice-President shall be Chairman of the Board of Management. The Board of Management shall hold such meetings as any member thereof shall from time to time consider advisable.

4. The income of the said fund shall be remitted when and as collected by the said Treasurer to the Vice-President for the time being and shall be applied by him towards the objects specified in clause 2 of this scheme in such manner as the said Board of Management shall in their absolute discretion from time to time decide.

5. All questions at any meeting of the Board of Management shall be decided by a majority of votes and in the event of an equality of votes the Chairman shall have a second or casting vote. In the event of the Chairman of the Board of Management not being present at any meeting of the Board of Management the members present shall elect a Chairman for that meeting.

6. In the event of the said school ceasing to be carried on the said fund shall revert to the Donor or to such of his heirs (if he be not then alive) as may then be ascertained to be living.

ADDENDA AND CORRIGENDA.

No. 3013F.—The 28th June 1929.—The following corrections have been authorised and are published for information :—

The Fundamental and Subsidiary Rules (1st edition).

Page 338.—Delegation Chapter.—Insert the following as an additional item in the last column against serial No. 72 :—

(9) The Commissioner of Excise and Salt, Bengal, may grant leave to Inspectors of Excise and Salt, provided the approval of Government shall be obtained to the appointment of any Sub-Inspector of Excise and Salt or other person to act in a vacancy caused by the absence of an Inspector on leave.

Page 261.—Appendix No. 16.—Under "Education" *insert* the following as item 3 (*g*):—

(*g*) **Students under training in the Dow Hill Training College, Kurseong.**—Actual expenses not exceeding the cost of a single second class fare for each student from Calcutta to Kurseong at the beginning of each session and from Kurseong to Calcutta at the end of each session.

The Bengal Financial Rules (1st edition).

Page 182.—F. R. Appendix 3.—Rule 11-11.—Substitute the following for clause (*g*) of this rule:—

(*g*) Books of telegram forms required for official use may be obtained from the local Telegraph Office on cash payment.

NOTE.—Inland O.H.M.S. telegram form-books for official use may be obtained on payment in cash or by cheque drawn on the Imperial Bank of India, Calcutta, in favour of the Accounts Officer, Telegraph Check Office, or by demand draft at par marked "On Government Account."

Pages 202-207.—F. R. Appendix 6 as introduced by correction slip No. 115.—Substitute the word "contribution" for the words "Recoveries of service payments" wherever they occur under the head "XXXV—Miscellaneous."

Page 383.—T. O. Form No. 9.—For the words "I have satisfied myself that the charges entered in this bill have been really paid" used in the second sentence of the Drawing Officer's certificate at foot of this form, *substitute* the following:—

"I certify that, to the best of my knowledge and belief, the payments entered in this bill have been duly made to the parties entitled to receive them."

Page 104.—Rule 326.—Insert the following as Note 2 under this rule renumbering the existing note as Note 1.

NOTE 2.—The expression "value of stores" used in this rule should be interpreted as meaning "book value" where priced accounts are maintained, and "replacement value" in other cases.

Page 184.—F. R. Appendix 3, rule 12-11, clause (g).—Substitute the following for this clause:—

(*g*) Payments in the United Kingdom for supplies received from out of India should be arranged for through the Secretary of State for India, or the High Commissioner for India. See Article 151, Account Code.

Page 137.—T. O. 16, S. R. 39.—(*1*) *Substitute* the following for the last sentence —"If a cheque payable.....holder of the cheque" in clause (*a*) of this rule:—

"If a cheque payable to a person not in Government employ 'or bearer' or payable to such person or to such person 'or order' is presented, the Treasury Officer may decline to pay it, if he is unable to satisfy himself of the identity of the person claiming payment, or, in the case of a cheque payable to order, of the completeness of the chain of endorsement, if any, by which such person has become the holder of the cheque."

(*2*) *Insert* the words "payable to order" after "cheque" in line 1 of clause (*b*) of this rule.

No. 131.—The 7th June 1929.—In exercise of the powers conferred on him by sections 78 and 99 of Act III (B. C.) of 1876, the Governor in Council proposes to pass the following rules and to fix the undermentioned rates to be charged for water supplied from the Salbundh Canal in the Bankura district.

Bankura.

H. J. TWYNAM,

Secretary to the Government of Bengal (offg.).

Leases for a term of years.

1. The country served by the canals shall be mapped out into blocks of convenient size in accordance with the features of the ground, natural or artificial. So far as may be practicable, the blocks shall be separated by drainage lines. This shall be done by the Subdivisional Canal Officer under the guidance and control of the Divisional Canal Officer.

2. Each block determined as above shall be numbered and recorded with its gross and irrigable areas in registers to be maintained by the Subdivisional Canal Officer. The blocks shall also be marked on maps to be maintained by the same officer.

3. Leases for not more than six years may be granted for the whole irrigable area of a block or for definite parts of a block under the following conditions: —

I.—Ordinarily the whole irrigable area of any village so far as situated within the block must be included in the lease. If the lands of a village within the block are divisible into two or more distinct parts which can be irrigated independently, a separate lease may be granted for each part.

II.—All leases within one block shall be so granted that they may expire on the same date.

III.—No lease shall be granted when the supply of water must of necessity be delivered across an unleased area, unless a channel exists, which, in the opinion of the Subdivisional Canal Officer, will deliver water without waste across the unleased area.

4. The Superintending Engineer shall fix from time to time the gross area for which and the limits of the canal within which, leases for a term of years may be granted.

5. Maps of all villages in which lands have been brought under lease for a term of years, or in which there is any probability of such leases being taken, shall be kept in the Subdivisional Canal Office. These maps to be at scale $32'' = 1$ mile when such are available, and elsewhere at scale $16'' = 1$ mile.

6. The preliminary application for a lease for a term of years, either new or renewal, may be of an informal nature, but it must be in writing. It may be presented and shall be received either at the Subdivisional or Sectional Canal Office; in the latter case the Sectional Officer shall forward it immediately to the Subdivisional Canal Officer. The Subdivisional Canal Officer as soon as he has, by personal enquiry or by an enquiry made by the Sectional Officer, satisfied himself that the land in question constitutes a definite block or a definite part of a block, and that it can be irrigated, shall at once inform the Divisional Canal Officer giving such particulars as that officer may direct, and shall ask his formal approval to the lease being proceeded with. On receipt of such approval the Subdivisional Canal Officer shall forward the preliminary application to the Circle Officer, Midnapore, in order that the detailed assessment may be taken in hand. The lands to be brought under lease shall be indicated on a copy of the map alluded to in rule 5.

7. The Circle Officer on receipt of the application shall depute an amin to prepare the *khasra* or detailed assessment paper. This shall be done on the ground with the aid of the revenue survey map and *khasra*. Should the survey map and *khasra* not be available, the amin shall make a sketch map, and shall measure the areas of the holdings with a chain or measuring-rod.

8. When the amin has completed the *khasra*, the Circle Officer shall forward it to the Subdivisional Canal Officer for approval.

9. As soon as the *khasra* has been approved by the Subdivisional Canal Officer, he shall return it to the Circle Officer endorsed with his signature in token of approval.

The Circle Officer shall then prepare a *khatian* or abstract of the *khasra*, and shall have the form of application, given as Appendix No. I to these rules, filled up and signed or marked by each of the applicants, in the presence of two witnesses.

When the application has been completely signed, the Circle Officer shall send it to the Divisional Canal Officer, by whom the permit or formal approval of the lease shall be signed and issued in the form given as Appendix No. III to these rules. The permit shall be made over to the representative of the cultivators by the Subdivisional Canal Officer by means of his Sectional Officer. The Divisional Canal Officer shall return the application to the Circle Officer, Revenue Division, with a copy of the permit for record.

10. Should it happen that the cultivators of the block proposed for lease are not unanimous, and that certain of them decline to sign the application, the Circle Officer shall report the matter to the Subdivisional Canal Officer. This officer shall hold a local enquiry, recording the statements of the persons who decline to sign and recording his personal opinion on the reasons given. He shall then send a report to the Divisional Canal Officer, who shall decide whether the lease may be accepted excluding the fields in the occupation of the persons who decline to sign, or whether the lease shall be declined. The Divisional Canal Officer is authorised to grant a lease when not less than 95 per cent. of the net irrigable area of the block has been signed for. In particular cases should it be desirable to grant a lease even though an area larger than 5 per cent. of the block has not been signed for, this may be done on the written order of the Superintending Engineer. The reasons for granting the lease shall be fully recorded.

Covering Leases.

11. Applicants for a lease for a term of years who may require water before the lease has been concluded can obtain a supply on tendering an application for a covering lease in the form given as Appendix No. II to these rules. This application must be signed in the presence of the Tahsildar or of some other responsible officer nominated for the purpose by the Subdivisional Canal Officer. The signatures should be those of the leading cultivators in the block in question and they should represent holders of not less than 75 per cent. of the irrigable land within the block.

As soon as the Subdivisional Canal Officer receives the application duly signed, he shall issue a permit in the form given as Appendix No. IV to these rules, and shall at once supply water.

Season Leases.

12. Applications for water to irrigate spring rice or other crops between the 16th November and 15th June, may be presented at the Subdivisional Canal Office or to the Sectional Officer. They must be in the form given as Appendix No. V to these rules.

In the applications the areas for which water is required must be specified but the rate will be charged on those areas for which water is actually used as determined by measurement.

The permit in the form given as Appendix No. VI to these rules will be granted by the Subdivisional Canal Officer if he is able to supply the water.

Supply of water.

13. The Divisional Canal Officer shall control the supply of water throughout the Division in his charge.

14. No water shall be supplied to any lands except such as have been brought under a lease for a term of years or for the season, or to such as are provided for by a covering lease.

15. Under the forms of irrigation lease in use, no specific supply of water is promised: but the undertaking is to give such a supply to each lessee as may be necessary for the lands leased. The supply shall be given, as may be required for the proper cultivation of the crops under irrigation, according to the exigencies of the season.

16. The Divisional Canal Officer is empowered to give the required supply by rotation, should this be advisable for the efficient working of the canals in his charge. In such a case, he is required to give the lessees written notice informing them of the periods when they will be supplied with water.

Collection of water-rates.

17. The rates due for water supplied shall be collected by the Circle Officer or other officer in charge of the Revenue Division, Midnapore, through his staff of Tahsildars and peons. All *khatians* or demand statements shall be signed by the Circle Officer or other officer in charge of the Revenue Division after scrutiny in his office.

18. At the time of preparation of the *khatian* in the Circle Officer's office, each person assessed shall be furnished with an extract from the assessment paper, showing the particulars of the charge against him. This extract shall be furnished in such form as may from time to time be approved for the purpose.

19. Each person on paying the sum due from him shall be given a receipt in the form prescribed for the purpose.

20. For the purposes of account, of control over establishment, and of general administration, the Circle Officer or other officer in charge of the Revenue Division is in the position of an Executive Engineer in charge of a division, and is directly subordinate to the Superintending Engineer. In regard to any proceedings taken under the Public Demands Recovery Act the Circle Officer is subject to the control of the Collector of the district.

Unauthorized use of water and waste of water.

21. Should it be necessary to take action under the provisions of sections 79 and 80 of the Act, proceedings shall be instituted only under the direct and special order of the Divisional Canal Officer. The primary record of the facts regarding the unauthorized use or the waste of water shall be made by the Subdivisional Canal Officer and his subordinates. The parties whom it is proposed to assess shall be informed in writing, and shall be called on to show cause why they should not be assessed. The record of their statements shall be made by the Divisional or by the Subdivisional Canal Officer. The Divisional Canal Officer shall consider the facts and statements recorded, and shall, in deciding the case, give his reasons for or against assessment, both as regards the facts and as regards the law; and he shall determine the rate to be charged subject to the provision in the schedule of rates attached to these rules.

22. Should the Divisional Canal Officer decide on making an assessment, he shall have the assessment paper prepared by the Subdivisional Canal Officer and his staff. Each person assessed shall be furnished with a statement of the charge against him, and an abstract of the demand or *khatian* shall be sent to the officer in charge of the Revenue Division, who shall proceed to recover the sums assessed. The period of one month within which an appeal may be presented to the Collector under section 91 of the Act shall count from the date on which the statement of the charge may be furnished to the person assessed, which date shall be endorsed on it.

23. No proceedings shall be instituted if the unauthorized use or the waste of water have occurred through the act or neglect of a Canal Officer or subordinate employed on the Canal. During the irrigation of autumn rice, the passing on of surplus water from leased to unleased fields is not an unauthorized use of water.

Complaints and Applications.

24. All complaints or applications with respect to the supply of water, to defective drainage, and generally with respect to the administration of the canal, shall be received on presentation at either divisional or subdivisional canal offices.

Complaints and applications received by a Divisional Canal Officer may be transferred to his Subdivisional Canal Officers for disposal at his discretion.

Any such complaints or applications, if presented to the Circle Officer or to his staff, shall be returned endorsed with instructions as to the proper office at which to present them. If received by post, they shall be at once forwarded to the Divisional or Subdivisional Canal Officer.

25. Complaints or applications with respect to corrections of the assessment with respect to the actions of the amins in assessing and with respect to the actions of the tahsildars and other staff employed in collections, shall be received at the office of the Circle Officer or other officer in charge of the Revenue Division.

26. Receipts in the prescribed form shall be given at all offices for complaints or applications presented. The receipt of all complaints and applications shall be recorded in registers to be kept for that purpose.

27. The Officer receiving the complaint or application shall either make a personal enquiry into the matter or he shall nominate in writing some responsible person to hold the enquiry.

28. The orders passed on all complaints or applications shall be in writing, and a copy of every order shall be furnished to the complainant or applicant.

The copy of order may be sent by post (registered), if this is convenient.

The period within which an appeal may be presented under section 91 of the Act shall be reckoned from the date on which the copy of the order is received by the person.

29. When an appeal to the Collector is from the order of a Subdivisional Canal Officer, the proceedings shall be called for through the Divisional Canal Officer, who may record on them such remarks as he may think desirable, provided that he does not thereby detain the proceedings.

In all cases in which an appeal against an assessment is preferred to the Collector, that officer may, if he thinks fit, direct that the collection of water-rates be suspended till the appeal is heard.

30. The Divisional Canal Officer is empowered to revise the proceedings of his Subdivisional Canal Officers, and the Superintending Engineer is empowered to call for and to revise the proceedings of all officers under his control.

Remissions and Alterations of Demand.

31. Whenever the crop on land entitled to a supply of water suffers material injury from an insufficient supply of water, or from any interruption in the supply of water, remission of the rate due on such crop shall be given by the Divisional Canal Officer, provided that the person claiming remission shall have applied for such not less than 15 days before the reaping of the crop.

32. On the occasion of lands being brought under a lease for a term of years, the Divisional Canal Officer is empowered to remit the rates for the first season on those fields which from the nature of the cultivation then obtaining, or from other causes, have not, in that season, derived any benefit from the supply of canal water.

33. Should the crop on lands under lease for a term of years suffer material injury from excess of water due to deficient drainage, the Divisional Canal Officer may grant remission of the rates due on such lands in whole or in part, provided that the person asking for remission shall have applied at least 15 days before the reaping of the crop.

34. Revisions of the assessment required in consequence of land under lease being left uncultivated or of land being appropriated for purposes other than cultivation shall be made under the orders of the Divisional Canal Officer.

35. Revisions of the assessment required in consequence of incorrect entries of the names of occupants of lands under lease or of incorrect entries of areas or amounts in the assessment papers, or required by changes in the occupation of lands shall be made under the orders of the Circle Officer or other officer in charge of the Revenue Division, provided that no change involving any increase or decrease in the total area under lease for a term of years shall be made without the concurrence of the Divisional Canal Officer.

36. Remissions of water-rates on account of injury to the crops caused by inundation, by blight, by storms or by any extraordinary cause will only be allowed under the special orders of the Local Government.

Irrecoverable Demands.

37. The Superintending Engineer is empowered to sanction the write-off of those demands which are reported, after due enquiry by the Circle Officer or other officer in charge of the Revenue Division, as irrecoverable owing to the poverty of the defaulter or of his successors in case of his death, or owing to the defaulter having absconded.

Cultivators' Representatives.

38. Whenever the preliminary application for a lease for a term of years has been approved by the Divisional Canal Officer, the officer in charge of the Revenue Division shall, with the concurrence of the Subdivisional Canal Officer, select as representative of the cultivators a suitable person or persons who shall generally be acceptable to the cultivators and who shall each have a direct interest in the land for which the lease is executed.

39. The person or persons so selected shall be required to give assistance to the Canal Officers in respect of the following matters:—

(*i*) In the preparation of applications for leases.

(*ii*) In the measurement of irrigated lands.

(*iii*) In recording the names of the occupiers of the holdings.

(*iv*) In receiving demand statements and distributing to the cultivators the individual notices of assessment.

(*v*) In attending, when required, at enquiries into complaints.

(*vi*) In reporting to the Circle Officer any changes in the occupancy of lands under lease.

(*vii*) In assisting the tahsildar in collecting rates.

40. For such assistance the cultivators' representative or representatives shall be entitled to free irrigation of the lands in his or in their own occupation, which may lie within the boundaries of the leased area subject to a total limit of 3 per cent. of the area assessed. The Circle Officer or other officer in charge of the Revenue Division may disallow in whole or in part this free irrigation, and may recover the rates which would otherwise have been payable in whole or in part if the assistance specified in rule 39 has not been efficiently rendered. The reasons for such disallowance shall be recorded in writing.

41. The Circle Officer shall maintain in his office a register containing a record of the names of all representatives and of the areas of free irrigation allowed to each.

42. Applicants for season leases shall be required to nominate one of their number who must have a substantial interest in the land to be irrigated as their representative. The representative so nominated shall perform the same duties as stated in rule 39 and shall receive remuneration on the same scale as in rule 40.

Power to decline or cancel leases.

43. Should it be proved, after due enquiry, that the supply of water given to any leased area is habitually wasted or used for the irrigation of lands not under lease, it shall be competent for the Superintending Engineer to direct that the lease shall be cancelled with effect from the 16th of June next following. The order to cancel a lease shall be passed before the 1st of April of the year in which it is to take effect.

44. The Superintending Engineer may give directions to the Divisional Canal Officer to decline applications for irrigation leases of lands in villages where there has been persistent difficulty in realizing the water-rates, until all arrears have been paid.

He may further suspend, or altogether cancel, any lease for a term of years, if on the 1st June of any year water-rates to the extent of half the demand for one year are in arrears. Previous notice of intention to put this rule in force shall be given not later than the 15th April preceding.

Miscellaneous.

45. Tanks may be supplied with canal-water without charge, when water can be made available without injury to the cultivation dependent on a canal, under the following conditions:—

(*i*) That the water is to be exclusively used for domestic purposes, or for watering cattle.

(*ii*) That a channel exists through which water can pass without waste.

(*iii*) That the water shall only be supplied on the written order of the Subdivisional Canal Officer.

(*iv*) That any new outlet or sluice which may be required to allow of the supply being given shall be provided at the cost of the persons who ask for the water.

(*v*) That the supply of water may be stopped at any time if it is found that it is being misused.

46. Except when a public right-of-way exists, no person shall, without the permission expressed in writing of the Divisional or Subdivisional Canal Officer, pass himself, or cause any animal or vehicle to pass, on or across any of the works, banks or channels of a canal, or drainage work which is part of the canal system except by means of such bridges, fords and ferries as may have been provided for the purpose.

Any person who, after due warning, commits a breach of this rule may be proceeded against under section 93, clause (9), of the Irrigation Act.

47. The use of any part of the banks or berms of any canal, drainage work which is part of the canal system, or flood embankment which is subject to the provisions of the Irrigation Act, as a place for relieving the calls of nature, is prohibited. Any person who after due warning commits a breach of this rule may be proceeded against under section 93, clause (9), of the Irrigation Act.

48. Should water be required for purposes other than irrigation, it may be supplied, when available, at a rate of one rupee per 10,000 cubic feet of water.

49. No officer employed on the canals, unless especially exempted by the Governor in Council from the operation of this rule, shall have any interest in the distribution of water from any of the canals or purchase or bid for any Government property sold thereon either in his own name or in the name of another, or jointly, or in shares with others.

Schedule of rates for water supplied from the Salbundh Canal.

	Rs.	A.	
For water supplied on a lease for a term of years—supply given from 16th June to 15th November of each year.	2	4	per acre per season, up to the 15th November 1931.
The rate is due in two equal instalments on the 1st of January and the 1st February of each year. Provided that when the sum payable by any lessee is less than Rs. 10, the whole amount shall be due on the 1st of January in each year.	3	0	per acre per season, after the 16th June 1932.
For water supplied on a covering lease to irrigate lands for which a preliminary application for a lease for a term of years has been received and failing the completion of the same.	3	0	per acre, up to the 15th November 1931.
Supply given from date of covering lease to 15th November of that year. The rate is due as in case of lease for a term of years.	4	0	per acre, after the 16th June 1932.
For water supplied on a season lease for the irrigation of any crops between 16th November and 15th June. The rate is payable on 1st June following.	3	0	per acre.
For the unauthorised use of water or for the waste of water such rate may be charged as determined by the Divisional Canal Officer under rule 21 subject to a maximum of Rs. 5 per acre or 2 rupees per 10,000 cubic feet, if taken into tanks, etc. Such rates shall be due on presentation of the notice of assessment to the person assessed.			

Appendix I.

[Referred to in rule 9.]

Application for a lease for a term of years.

(Yearly rate, per acre: water to be supplied each year from the 16th June to 15th November only.)

WE, the undersigned, of mauza , pargana , thana , apply for water to be supplied from the Salbundh Canal for a term of years, commencing on the 16th June and ending 15th November. The supply of water is required for the irrigation of the block of land formed by our holdings as specified below.

2. We agree that the amounts due shall be payable to the Circle Officer, Midnapore Revenue Division or other officer in charge of the Revenue Division, or to such person as he may appoint, on the 1st January and 1st February, or if Rs. 10 or under on 1st of January of each year, and shall be payable independently of our requiring water in any particular year or not.

3. We also agree to be bound by the rules published in the *Calcutta Gazette* for pages , Notification No.

4. We agree that this application shall not be deemed to have been completed until all the irrigable fields within the block have been signed for, and that failing such completion any covering lease which may have been granted shall be enforced.

5. We agree that the areas* and amounts as given in the statement below are correct at the commencement of the lease, and in token of agreement we attach our individual signature or mark.

6. Our heirs and representatives shall be bound by the terms of this agreement in case of our decease.

Application for a covering lease.

WE, being the principal cultivators of mauza , pargana , thana , on our own behalf and on behalf of the other cultivators of the mauza, hereby certify that we have presented an application for grant of a long lease to cover all the irrigable land in the block situated in mauza , the area of which is approximately acres* the boundaries of the block being specified below.

2. Now in order that we may obtain a supply of water at once and before the long lease can be completed, we, whose signatures or marks are annexed below, severally and jointly bind ourselves to pay the water-rate on the whole area within the limits of the block as specified, which may be determined by the Canal Officer to be irrigable.

3. In the event of a long lease not being completed through the default or non-consent of any of the cultivators of irrigable lands within the block, a rate of Rs. per acre on the area determined for in the present season will be charged to us and will be payable by us on or before the 1st January and 1st February next, or if Rs. 10 and under on or before the 1st January; water to be supplied up to the 15th November only.

* A note should be given to show the equivalent in the local measure of an acre.

No. 11 I.—The 13th May 1929.—The following draft of rules and schedule of rates of tolls, which, in exercise of the powers conferred by sections 6 and 11 of the Canals Act, 1864 (Bengal Act V of 1864), the Governor in Council intends to make for the Nalchiti-Koterdone Khal joining the Nalchiti river in the north and Biskhali Done leading to the Bakarganj river in the south, in the district of Bakarganj, is hereby published for the information of persons likely to be affected thereby.

Bakarganj.

II. The draft will be taken into consideration on or after the 15th July 1929, and any objections or suggestions received by the undersigned before that date will be considered:—

Draft rules and schedules of rates of tolls.

1. Every vessel on entering the channel and before passing the gate at either end or even when entering the channel from a side khal between the gates shall be liable to measurement for the purpose of ascertaining the tolls payable; in case of any reasonable doubt arising, a vessel may be measured again by any person appointed by the District Board of Bakarganj on this behalf.

2. Vessels for the purpose of the determination of maundage shall be divided into two classes as below:—

Class I.—To include all vessels of the types of country boats, including saltees and hapors (fish cages), house boats, kosh boats, green boats, etc.

Class II.—To include steam boats, motor boats, flats and barges and other square-built vessels.

3. The maundage of every vessel, whether laden or empty, shall, for the purpose of Act V (B. C.) of 1864 and of these rules, be determined by the following measurements:—

CLASS I.

A. The product of one quarter the length of the vessel from stem to stern, measured along the water line, multiplied by the interior greatest breadth of the vessel, multiplied by the depth from the water-line to the interior bottom of the vessel, is to be taken as equal to the number of maunds upon which tolls shall be levied.

B. The measurement of the length is to be made in feet, rejecting inches; the measurement of breadth and depth is to be made in feet and quarters of a foot, rejecting any remainder of less than a quarter of a foot.

C. The maundage on which the amount of toll is calculated shall be reckoned to the nearest integral multiple of 12½ maunds, any remainder of less than 12½ maunds being rejected. In the case of vessels exceeding 500 maunds by measurement, the maundage shall be reckoned to the nearest integral multiple of 50 maunds, rejecting any remainder of less than 50 maunds.

D. **Saltees.**—The product of one quarter of the inside length of the vessel, measured along the centre line from stem to stern, multiplied by the interior greatest breadth of the vessel, multiplied by the greatest depth measured from the top to the interior bottom of the vessel, is to be taken as equal to the number of maunds upon which tolls shall be levied.

CLASS II.

For vessels of class II the number of maunds obtained by the system of measurement prescribed for vessels of class I shall be increased by one-half. For vessels of this class above 5,000 maunds measurement, the maundage shall be reckoned to the nearest integral multiple of 500 maunds, rejecting any remainder of less than 500 maunds. In the case of steamers and motor boats the maundage determined as above shall be reduced by one-third as an allowance of engine space.

For vessels of class II which are furnished with reliable way bills, the gross maundage of cargo shown by the way bills or in the case of steamers, the maundage obtained from multiplying the registered tonnage of the steamer by 27, may, at the option of the employer of the vessel or the steamer (as the case may be), be taken as the maundage on which tolls will be charged.

4. After the measurement the person in charge of the vessel shall be provided with a slip showing the maundage to be charged, which must be presented at the toll office where he will be provided with a ticket, after payment of toll, which will permit the vessel to pass the gate or proceed through the channel.

5. Every ticket shall have entered on it the name of the sarang, manjee or other person in charge of the vessel, the date of entry, the maundage, the cargo, the amount of toll charged and the number of days for which the ticket remains current.

6. All tolls are payable on demand and shall be paid at the toll office before a vessel is permitted to proceed.

7. The ticket must be kept on board the vessel and in possession of the person in charge of the vessel and must be produced for inspection when demanded by the person authorised to collect tolls, or by any officer to whom such person is subordinate. If on demand the ticket is not produced, such person or officer shall assess the tollage as provided in rules 3 and 12 and shall require payment of toll, and unless and until the toll is paid, or the original ticket or a duplicate is produced as evidence that toll has already been paid, the vessel shall be liable to seizure and detention under the provisions of section 9 of the Act.

8. Duplicates of lost tickets, of which the numbers and dates can be satisfactorily established, will be granted by the collector of tolls on payment of a fee equal to one quarter of the total tollage, subject to a minimum fee of one anna per ticket.

9. All vessels, whether the property of Government, District Board, other local bodies or of private persons, are liable for toll except those specially exempted under these rules or by a resolution passed by the District Board of Bakarganj from time to time.

10. The canal may be closed once a year for effecting the necessary repairs to it on seven days' notice of the intention so to close it being given; but in the event of any sudden emergency the canal may be closed at any time without prior notice, and no claim in such case by owners of vessels or others for compensation on account of detention shall be entertained.

11. No rafts exceeding 50 feet in length and 5 feet in breadth shall be permitted to enter the canals.

12. The rates of toll shall be as follows:—

(1) On all vessels empty or laden, per hundred maunds	Twelve annas.
(2) On all vessels empty or laden, for 12½ maunds or less	One anna six pies.
(3) On rafts of bamboos, grass, timber, etc., not exceeding 50 feet in length and 5 feet in breadth	Six annas each raft.

Tolls will be levied at Nalchiti and Koterdone.

13. For boats frequently using the canal, such as boats carrying passengers, grass or perishable articles monthly tickets will be issued at 10 times the ordinary toll.

14. Every vessel which has paid toll shall be allowed to remain in the canal for three days inclusive of the days of entry into and leaving the canal. A vessel remaining in any part of the canal longer than three days shall be charged demurrage equal to one-half of the toll for each day in excess of three days. No vessel shall be permitted to remain in the canal for more than one month. Provided that this rule shall not apply to vessels holding monthly tickets under rule 13 above, which may remain in the canal for more than three days without payment of demurrage but not for more than one month at a time.

15. No vessel carrying exclusively police officers or servants, soldiers and officers of the British Army, post mail runners, officers of the Irrigation Department on duty, officers and servants of the toll office for the canal referred to in these rules while on duty, or the vessels of such other persons as may be exempted by a resolution of the District Board of Bakarganj, shall be liable for toll in the canal.

16. Any matter relating to the mode of collection of tolls and other relevant points, not provided for in these rules, shall be decided by the District Board of Bakarganj at a meeting, and shall be subject to the approval of the local Government.

No. 141.—The 7th June 1929.—The following draft of rules, which, in exercise of the powers conferred by section 11 of the Canals Act 1864 (Bengal Act V of 1864), and in supersession of the previous notification on the subject, No. 5, dated the 12th April 1915, the Governor in Council intends to make for the lines of navigation known as the Eastern Canals and the Outer Boat Route, as defined in notification No. 230, dated the 23rd July 1895, and for the navigable channels extending from Khulna in the district of Khulna to Magura in the district of Jessore, as defined in notification No. 7, dated the 1st September 1914, is hereby published, as required by section 12 of that Act, for the information of persons likely to be affected thereby.

The draft will be taken into consideration on or after the 15th August 1929, and any objections or suggestions which may be received by the undersigned before that date will be duly considered.

H. J. TWYNAM,

Secretary to the Government of Bengal (offg.).

Draft rules.

1. The Superintending Engineer, Southern Circle, may define the limits within which no loading or unloading of cargo from or to vessels or mooring of vessels shall be permitted. The prohibited reaches shall be notified by the supervisor of the channels by posting notices on sign-boards in the locality and also by beat of drum.

2. At places where mooring posts have been provided by the supervisor, vessels desiring to moor shall be made fast to such posts by the bow and stern in a single line along the banks or in such other manner as the supervisor may direct.

3. Vessels, while moored, should be kept as close to the banks as possible. As the water falls, the bow and stern ropes should be slackened and the vessels gradually pushed towards the centre of the channel. During flood tide vessels must be brought as close to the bank as possible.

4. While mooring at the tow-path side all vessels must lower sail and mast and must not erect any high pole, so that the towage of other vessels may not be obstructed.

5. In order to avoid collision or confusion, vessels waiting at the junction of two or more rivers for a favourable tide must be moored at a distance of not less than 1,000 feet from the point of junction.

6. No vessel or raft shall be moored in such a position or navigated in such a way as to endanger the safety or obstruct the passage of other vessels but must be so moored or navigated as prescribed by these rules or as directed by the supervisor of the channel or his assistants.

7. The supervisor may, by posting notices, prohibit the dropping of anchors or the erection of bamboos or poles in any part of the line of navigation.

8. No jetties, either permanent or temporary, for the purpose of loading or unloading cargo shall be constructed without the previous permission of the supervisor.

9. The supervisor, or an assistant authorised by him, may remove any vessel, anchor, pole, or any other thing which he may find in a position which is in contravention of rules 1 to 8 and may deal with them in such a manner as he thinks necessary.

10. Whenever a laden vessel is seized by the supervisor or by his assistants he shall give immediate notice of the same to the owner or his agent and require the removal of the cargo without delay, and shall warn him that he will be required to pay all expenses necessary for the proper custody and storage of the same.

11. Vessels plying in the narrow channels mentioned below shall not use sail:—

(*a*) Guntia Khali khal (in the reach, mile 68 to mile 72).

(*b*) Cut No. 2 (in the reach, mile 78 to mile 82).

(*c*) Baitaghata khal (in the reach, mile 102 to mile 107).

(*d*) Alaipur khal (in the reach, mile 121 to mile 130).

(*e*) Bemorta khal (in the reach, mile 136 to mile 143).

(*f*) Damodar khal (in the reach, mile 152 to mile 156).

(*g*) Banstoli khal (Outer Boat Route).

12. Where there is a tow-path on one bank only, vessels plying with the current shall keep to the opposite bank, and allow towage to those proceeding against the current.

13. No person is permitted to place any obstruction on the channel banks, roads, drains, canal side bridges, etc., which will impede a free passage along them, or cause injury to them, or to commit any nuisance, or to deposit any obnoxious material thereon or in the channel.

14. No person shall deposit goods of any description on the slopes of the channel between the water line and the high bank, without the previous permission of the supervisor except during the actual process of loading or unloading vessels.

15. All timber must be drawn up on to the bank well above the water.

16. No person shall wilfully or negligently allow a vessel to sink in any part of the line of navigation.

17. All vessels, whether travelling or moored in the channel, between sunset and sunrise, must carry a white light in a lantern on the fore-part of the vessel, where it can be distinctly seen from all sides. All steam-vessels in motion shall carry the lights prescribed by the Board of Trade Regulations. Barges or boats attached to a steam-vessel, whether in motion or moored, shall carry the light prescribed in the first part of this rule. This rule does not apply to small uncovered dinghis, not exceeding 15 feet in length, while moored along the bank.

18. The supervisor may, by posting notices on sign-boards, specify a speed-limit for vessels in any reach.

19. *Wrecks.*—In the case of a wreck the supervisor or his subordinates shall offer every assistance in removing the same.

20. It shall be the duty of the supervisor to mark the wreck and to erect warning signals to avoid danger to navigation.

21. If, after seven days of the occurrence of a wreck, prompt measures are not taken by the owner to remove it from the line of navigation, the supervisor, after giving notice to the owner, may arrange for the removal of the same at the expense of the owner. Further, if a wreck obstructs the fairway, the supervisor may take action at once to remove the same and may incur whatever expense is necessary.

22. In the event of the salvage of a wreck being undertaken by the owner of the vessel, or by his agent, and of the obstruction not being removed within seven days, a fine not exceeding Rs. 5 per day for the period commencing from the 8th day of the wreck, or any other day specified by the supervisor, till the wreck is salved, shall be paid by the owner to the supervisor. If the fine be not paid by the owner or his agent, the vessel or any portion of the cargo may be seized by the supervisor and disposed of by sale as directed in section 9 of the Canals Act 5 of 1864.

23. When the supervisor or his assistants remove a wreck, they shall not be liable for any damage to the vessel or cargo, or for any loss before, or in the process of salvage done by them.

24. As soon as a wrecked vessel is salved by the supervisor or his staff, a notice shall be issued by him calling on those concerned to pay to the supervisor all the charges incurred by him on account of the salvage of the vessel or of removing or guarding the cargo under the following heads:—

(*i*) Actual cost of salving the vessel.

(*ii*) Cost of serving the notice.

(*iii*) Cost of removal, maintenance, custody and protection.

(*iv*) Godown charges.

In case of any dispute regarding such charges, the Executive Engineer concerned, on receipt of a written application from the owner of the vessel, shall decide the amount to be paid and his decision shall be final.

25. The vessel, or its cargo, shall not be handed over to the owner until the charges levied under rule 24 have been paid.

26. If, within fifteen days from the publication of a notice under rule 24, or in the event of an application to the Executive Engineer appealing against the notice within fifteen days of the date of the Executive Engineer's decision, the sum demanded be not paid, the vessel, its furniture and any portion of the cargo recovered, shall be sold by the supervisor, by public auction, and the proceeds dealt with in accordance with section 9 of the Canals Act 5 of 1864.

27. All notices under rules 21, 22 and 24 shall be issued in writing by the supervisor, and despatched in a registered cover to the owner of the vessel. If the owner be not known or cannot be traced, a general notice shall be posted on the notice board of the Executive Engineer's office. Also it shall be announced by beat of drum at the hat nearest to the place of salvage, and also by advertisement in at least one English and one vernacular Calcutta or local newspaper.

28. No officer of any description or rank employed on the canals shall, either directly or indirectly, bid for or purchase any article sold under these rules or under the provisions of the Act.

29. For any infringement of rules 1 to 8 and 11 to 18, the person in charge of the vessel or other person in fault shall, on conviction before a Magistrate, be liable to a fine not exceeding Rs. 50 and to an additional fine not exceeding Rs. 5 for each day that the infringement is continued.

Railway Department.

(RAILWAY BOARD.)

RESOLUTION.

Simla, the 11th June 1929.

No. 3978-E.—In accordance with the general policy adopted by the Government of India for future recruitment to the State Railway Services, it is necessary to lay down a procedure for the selection and training of recruits in India for the Coal Department (Collieries and Inspection) of the Superior Revenue Establishment of State Railway so that as soon as practicable 75 per cent. of the vacancies may be filled by recruitment in India.

2. It is considered that at present the best field for recruitment in India of the small number of recruits required for this Department is the subordinate staff of the State Railway Collieries, provided that a sufficient number of men with necessary educational and practical qualifications are available to enable satisfactory selections to be made.

3. With a view to ensure that the required number of qualified men are forthcoming from the subordinate staff to fill vacancies in the Superior Service from time to time, the Government of India have decided to appoint to the subordinate service one or two probationers every year. Candidates for the posts of probationers must be persons of Indian domicile, be not over 25 years of age and hold either the Mining Diploma from the Bengal Engineering College or the Diploma of the School of Mines at Dhanbad. Selection for the posts will be made by the Railway Board on the recommendations of a Selection Committee consisting of the Chief Mining Engineer and two other gazetted officer of the Coal Department.

4. Probationers will be given practical training both underground and on the surface at the State Railway Collieries for 12 months. On satisfactory completion of the training they will be confirmed in the subordinate service. Thereafter their prospects will depend on the progress made in their profession, but to become eligible for promotion to the Superior Service they will have to pass the examination prescribed by law for those certified as competent to manage coal mines.

5. The Regulations which have been framed to give effect to this decision are reproduced as an Annexure to this Resolution.

ORDERED that this Resolution be communicated to the Departments of the Government of India, the Provincial Governments, Minor Local Governments, the Agents of State and Company Railways and the other authorities noted below:—

Government of India, Home Department.
Government of India, Foreign and Political Department.
The Public Service Commission.
The Governments of Assam, Bengal, Bihar and Orissa, Bombay, Burma, Central Provinces, Madras, United Provinces of Agra and Oudh, Punjab, the North-West Frontier Province, Delhi Province and Coorg.
The Agents, N. W., E. I., E. B., G. I. P., A. B., B. B. and C. I., B. N., Burma, M. and S. M., B. and N. W., R. and K. and S. I. Railways.
The Principal, Railway School of Transportation, Chandausi.
The Chief Mining Engineer, Railway Board.

ORDERED also that the Resolution be published in the *Gazette of India*.

By order,

R. C. MOSS,
Secretary, Railway Board.

ANNEXURE.

Regulations for the recruitment in India for the Coal Department (Collieries and Inspection) of the Superior Revenue Establishment of State Railways.

1. The permanent establishment of the Coal Department of the Superior Revenue Establishment of State Railways is recruited from the following sources:—

(*i*) Persons of non-Asiatic domicile appointed by the High Commissioner for India by selection from the United Kingdom.

(*ii*) Persons of Indian domicile appointed by the Government of India by promotion from the subordinate grades in the Coal Department as provided in Appendix I.

(*iii*) Occasional admission of other qualified persons.

2. Until the subordinate grades contain persons fully qualified for promotion, the requirements of the Department will be met by recruitment of persons of non-Asiatic or Indian domicile by the High Commissioner for India by selection in the United Kingdom, and by recruitment under clause 1 (*iii*).

3. Particulars regarding pay in the Coal Department of the State Railway Revenue Establishment are contained in Appendix II.

4. Officers of the Coal Department are not entitled to pension on quitting the service, but will be eligible for the benefits of the State Railway Provident Fund, to

which they will be required to subscribe, and by the rules of which they will be required to abide. They will also be eligible for gratuities for good, efficient, faithful and continuous service. A summary of the benefits of the State Railway Provident Fund and the Gratuity Rules will be found in Appendix III.

5. Leave rules applicable to officers and subordinates of State Railways are under revision. Officers and subordinates recruited under these regulations will, pending the revision of the rules, be eligible for leave under the existing rules, but the revised rules will apply to them when they are brought into force.

6. The Government of India reserve the right of assigning to officers, on first appointment, positions in the seniority list at their discretion.

APPENDIX I.

Recruitment of probationers to the Coal Department with a view to appointment to the Subordinate Revenue Establishment and subsequently to the Superior Revenue Establishment.

1. Every candidate must be a male who is either (*i*) a British subject of Indian domicile, who was, and whose father and mother were, born within His Majesty's dominions and allegiance, or (*ii*) a British subject of Indian domicile whose father was at the time of the candidate's birth and still is (or if dead, continued until his death to be) a British subject or a subject of a State in India, or (*iii*) a ruler or a subject of a State in respect of whom the Governor-General in Council has made a declaration under Section 96A of the Government of India Act.

2. Candidates must hold either the Mining Diploma of the Bengal College of Engineering, Sibpur, or the Diploma of the School of Mines, Dhanbad.

3. Candidates must be under 25 years of age on the first day of January of the year in which the selection is made.

4. Every candidate shall make application before such date and in such form as the Governor General in Council may direct.

5. No recommendations except those invited in the form of application will be taken into consideration. Any attempt on the part of a candidate to obtain support for his application by other means may disqualify him for appointment.

6. Selection will be made by the Railway Board on the recommendation of a Selection Committee consisting of the Chief Mining Engineer and two other gazetted officers of the Coal Department.

7. A candidate must be in good mental and bodily health and free from any physical defect likely to interfere with the efficient performance of his duties as a member of the Railway Services. Candidates chosen by the Selection Committee will be required to undergo examination by a Medical Board. The regulations for medical examination will be found in Appendix IV.

8. Candidates selected as probationers will be given practical training in the State Railway Collieries for 12 months, and will be given a stipend of Rs. 100 per mensem.

9. On satisfactory completion of the probationary period of training and provided he has passed the examination for Sardar's Certificate, Gas testing and first aid to the Injured under the Indian Coal Mines Act, a probationer will be appointed as a Junior Overman (Rs. 125—15—200).

10. Vacancies in the grade of Senior Overman (Rs. 250—20—450) will be filled by selection from among those Junior Overman who have obtained a Second Class Manager's Competency Ticket.

11. To become eligible for Selection for promotion to the Superior Establishment a First Class Certificate for the management of Coal Mines as prescribed under the Indian Coal Mines Act must be held.

APPENDIX II.

Particulars as to pay of officers of Indian domicile of the Coal Department (Collieries and Inspection) of the Superior Revenue Establishment of State Railways.

1. The various ranks of the department are at present as follows:—

Year of service in grade.	Assistant Coal Superintendents.	
	Grade II. Pay.	Grade I. Pay.
	Rs.	Rs.
1st	550	800
2nd	600	800
3rd	650	850
4th	650	900
5th and over	700	950

Administrative officers.

	Rs.
Coal Superintendent	1,500—100—1,800
Colliery Superintendent	2,200—100—2,500
Chief Mining Engineer	2,750—125—3,000

2. Increments will be given for approved service only, and in accordance with rules of the Department.

3. Promotions to administrative grades are dependent on the occurrence of vacancies in the sanctioned establishment and are made wholly by selection by the Railway Board; mere seniority is considered to confer no claim to promotion.

APPENDIX III.

Provident Fund and Gratuities.

The following is a summary of the rules relating to Provident Fund and Gratuities applicable to officers appointed to the Coal Department (Collieries and Inspection) of the Superior Revenue Establishment of State Railways.

Provident Fund.—The State Railway Provident Fund is established on the following basis:—

(*i*) Every officer is required to subscribe to the Provident Fund at a uniform monthly rate of one-twelfth of emoluments, to which is added half-yearly a bonus at the rate of 100 per cent. of an officer's subscriptions for the half year.

(*ii*) Compound interest at the rate of 4½ per cent. per annum is allowed on the officer's subscription and bonus. This rate is subject to reconsideration, should the rates at which the Government of India borrow undergo modification, six months' notice being given to members before any alteration is made.

(*iii*) The sum which thus accumulates to the credit of an officer is paid to him on quitting the service; or in the event of his death before retirement, to his legal representatives.

Gratuities.—Officers of Indian State Railways are also eligible on retirement, at the discretion of the Railway Board, for gratuities for good, efficient, faithful and continuous service, on the following conditions:—

(*a*) Completion of 30 years' service, or
(*b*) Attainment of the age of 50 years, or
(*c*) Retirement on account of permanent incapacity due to bodily or mental infirmity, or
(*d*) abolition of appointment due to a reduction of establishment, if other suitable employment cannot be found for the officer.

The amount of gratuity admissible is as follows:—

(*a*) For service not exceeding 18 years, half a month's pay for each year of service subject to a maximum of six months' pay;
(*b*) For service in excess of 18 years, six months' pay plus half a months' pay for each year after the eighteenth, subject to a maximum of 12 months' pay or Rs. 25,000 whichever is less.

In case of an officer's death while in service, the gratuity is paid to his widow or children dependent on him.

APPENDIX IV.

Regulations for the Medical Examination of candidates for admission into the Coal Departments of the Superior Revenue Establishment of State Railways.

1. To be passed as fit for an appointment as an officer of the Coal Department, a candidate must be in good mental and bodily health and free from any physical defect likely to interfere with the efficient performance of the duties of his appointment.

2. In the matter of the correlation of age, height and chest-girth of candidates of Indian (including Anglo-Indian) race, it is left to the Medical Board to use whatever correlation figures are considered most suitable as a guide in the examination of the candidates.

Note.—The following table of correlation of age, height and chest-girth is to be used as a guide in the examination of candidates of [illegible]opean race.

Physical Equivalents.

3. The candidate's height will be measured as follows:—He will remove his shoes and be placed against the standard with his feet together, and the weight thrown on the heels and not on the toes or outer sides of the feet. He will stand erect without rigidity, and with the heels, calves, buttocks and shoulders touching the standard; the chin will be depressed to bring the vertex of the head level under the horizontal bar, and the height will be recorded in inches and parts of an inch to quarters. No fixed limit of height is enforced.

4. The candidate's chest will be measured as follows:—

He will be made to stand erect with his feet together, and to raise his arms over his head. The tape will be so adjusted around the chest that its upper edge touches the inferior angles of the shoulder blades behind, and its lower edge the upper part of the nipples in front. The arms will then be lowered to hang loosely by the side, and care will be taken that the shoulders are not thrown upwards or backwards so as to displace the tape. The candidate will then be directed to take a deep inspiration several times, and the maximum expansion of the chest will be carefully noted. The minimum and maximum will then be recorded in inches, 33-35, 34-36½, etc. In recording the measurements fractions of less than ½ inch should not be noted.

5. The candidate will also be weighed and his weight recorded in pounds. Fractions of a pound should not be noted.

6. The candidate's eye-sight will be tested in accordance with the following rules. The results of each test will be recorded:—

(*i*) *General.*—The candidate's eyes will be submitted to a general examination directed to the detection of any disease or abnormality. The candidate will be rejected if he suffers from any morbid conditions of the eyes, eyelids, or contiguous structures, of such a sort as to render, or to be likely at a future date to render, him unfit for service.

(*ii*) *Visual Acuity.*—The candidate will be examined, with the apparatus and according to the methods prescribed by the Railway Board's Standing Advisory Committee of Medical Officers, to determine his acuity of vision, and the examination will include two tests, one for distant and the other for near vision. Each eye will be

examined separately. No candidate will be accepted whose Visual Acuity falls below the following standards:—

	The one eye.	The other eye.
Distant vision—		
Without glasses	6/12	6/18
Corrected with glasses	6/6	6/9
Manifest Hyperopia	1·5	1·5
Near vision—		
With or without glasses	0·6	0·6

(*iii*) *Colour Perception.*—The candidate will be examined for colour knowledge with the apparatus and according to the methods prescribed by the Railway Board's Standing Advisory Committee of Medical Officers. Any defect of colour perception will be a cause for rejection of the candidate.

(*iv*) *Night Blindness.*—The candidate's night vision will be tested, with the apparatus and according to the methods prescribed by the Railway Board's Standing Advisory Committee of Medical Officers, to ascertain whether or not he suffers from night blindness. The candidate who under the conditions of the ordinary Test for Visual Acuity has 6/6 vision with both eyes open, with or without glasses, will be rejected, if, under the conditions of the Night Blindness Test, his vision with both eyes open, with or without glasses, falls below 6/24.

(*v*) *Field of Vision.*—The fields of vision of the candidate's eyes will be examined with the apparatus and according to the methods prescribed by the Railway Board's Standing Advisory Committee of Medical Officers. Any defect will be a cause for rejection of the candidate.

7. The urine (passed in the presence of the examiner) should be examined and the result recorded.

8. The following additional points should be observed:—

(*a*) that the candidate's hearing in each ear is good and that there is no sign of disease of the ear;

(*b*) that his speech is without impediment;

(*c*) that his teeth are in good order, and that he is provided with dentures where necessary for effective mastication (well filled teeth will be considered as sound);

(*d*) that his chest is well formed, and his chest expansion sufficient; and that his heart and lungs are sound; and that his blood pressure is within normal limits;

(*e*) that there is no evidence of any abdominal disease;

(*f*) that he is not ruptured;

(*g*) that he does not suffer from a severe degree of hydrocele, varicocele, varicose veins or piles;

(*h*) that his limbs, hands and feet are well formed and developed, and that there is free and perfect motion of all his joints;

(*i*) that he does not suffer from any inveterate skin disease;

(*j*) that there is no congenital malformation or defect;

(*k*) that he does not bear traces of acute or chronic disease pointing to an impaired constitution; and

(*l*) that he bears marks of efficient vaccination.

When any defect is found it must be noted and the medical examiners should state their opinion as to whether or not it is likely to interfere with the efficient performance of the duties which will be required of the candidate. If the condition is remediable by operation it should be so stated.

BURDWAN DIVISION.

Chinsura, the 21st June 1929.

Rules for the admission of Private Candidates to the Calcutta University Matriculation Examination, 1930.

1. Private students are those who have not attended any recognized or unrecognized High English School for at least one year previous to the Matriculation Examination. The term "private students" includes teachers of schools.

2. Private candidates must appear at the Test Examination to be held on Monday, the 9th December 1929, and the following days at any of the Government High Schools in the Burdwan Division.

3. Applications for admission to the Test Examination must be submitted through the head master of the school in which the applicant last read. The head master, in forwarding the application to this office, should note whether he recommends the application or not. If he does not, his reasons should be stated. The application of no candidate is to be forwarded who did not leave school from the 1st class, or who had not been declared fit for promotion to that class. The information to be given in, and the documents to be appended (in original) to, the application are the following:—

(*a*) Name of the school in which the candidate last studied.

(*b*) Transfer certificate (in original) granted to the candidate by the head master of the school in which he last read; or
In the case of a candidate who previously appeared at the Entrance Examination, the Registrar's receipt (in original) for the fee paid.

(*c*) Age of the candidate. No candidate is eligible who has not completed the age of fifteen years on the first day of the Matriculation Examination.

(*d*) In the case of school-masters, a certificate of good conduct from the Secretary of the school in which the candidate is serving.

(*e*) A certificate from a respectable gentleman to the effect that the candidate has prosecuted a regular course of study and has been subject to proper discipline, and that he has not read in any school since the last Matriculation Examination held in March 1929. Detailed information is needed under this head. The person granting the certificate should state his social or professional position.

(*f*) Names of subjects in which the candidate wishes to be examined.
(*g*) Postal address.

4. Each private candidate will have to pay a fee of Rs. 6, which should be remitted to the Inspector of Schools, Burdwan Division, Chinsura, along with his application for admission to the Test Examination by the 10th November 1929, after which date a fine of Rs. 2 will have to be paid for each week's delay. *Under no circumstance will the admission fee be refunded.* No private candidate will be admitted to the Test Examination, unless he is accompanied, for the purpose of identification, by some person known to the office of the Inspector of Schools, Burdwan Division, or to the staff of the Zilla School where he will appear. Those who are not *bonâ fide* residents of the Burdwan Division will not be admitted to the Test Examination.

5. **The fee for the Matriculation Examination should NOT be sent to this office.** It should be sent to the Registrar by the candidate himself, together with his counter-signed application.

6. The Matriculation Examination for 1930 will be held on the 1st March 1930 and the following days or any other subsequent dates declared by the University.

INTERMEDIATE AND B. A. EXAMINATIONS.

1. Deputy Inspectors of Schools, Sub-Inspectors of Schools and *bonâ fide* teachers of English schools, who have served as such for the full period of three academical years preceding the examinations, will be admitted to the abovementioned examinations.

2. Candidates for the Intermediate and B. A. Examinations must produce certificates of character and length of service from the Secretaries of their respective schools. Candidates for the B.A. Examination must forward with their applications their F. A. or I. A. certificates, and those for the Intermediate Examination their Entrance or Matriculation certificates. Candidates admitted to a former examination must produce the Registrar's receipt in addition.

3. Under section 19 of the Indian Universities Act, candidates for the Intermediate and B. A. Examinations are informed that their applications for admission to these examinations will not be considered, unless they enclose with their applications to this office the sanction of the Senate to appear at the said examinations. Candidates, who have applied for or have obtained the special permission of the Senate for the purpose, are required, under section 9, Chapter XV of the Revised Regulations dealing with the registration of University students, to apply at once to the Registrar for the registration of their names as University students. No person will be deemed a "University student" unless and until his name has been duly registered, and none but "University students" will be eligible for admission to any University examination other than the Matriculation.

4. The printed form of application should be carefully and correctly filled in and submitted to this office on or before the 10th January 1930, together with other papers as mentioned in rules 2 and 3, after which no application will be received.

5. The dates of Intermediate and B. A. Examinations of 1930 may be obtained from the Registrar, Calcutta University.

KHAGENDRA NATH MITTER,
Inspector of Schools, Burdwan Division (offg.).

Orders by the Vice-Chancellor and Syndicate of the Calcutta University.

Senate House, the 26th June 1929.

NOTICE.

It is hereby notified for general information that the following are the subjects selected for the essays in competition for the Jubilee Research Prizes in Arts and Science for 1931:—

Literary subject.

"Influence of English Romantic Poetry upon Modern Bengali Literature."

Scientific subject.

"The Problem of irrigation in Bengal—How to solve it with special reference to its effect on Agriculture and the General Health of the Presidency."

Two prizes shall ordinarily be awarded every year. Each prize shall consist of a gold medal of the value of Rs. 150 and a sum of Rs. 350 in cash. One prize shall be awarded for research in the Arts subject and another for research in the Science subject.

The prizes will be open to all persons who have at any time been admitted to a degree of this University.

The theses for the above prizes for 1931 are to be sent privately to the undersigned not later than the 30th June 1931. Every thesis must bear a motto, but not the name of the candidate, and must be accompanied by sealed envelope bearing the same motto outside and containing inside the name and address of the candidate.

Every candidate shall indicate, generally in a preface to his thesis and specially in notes, the sources from which his information is taken, the extent to which he has availed himself of the work of others, and the portions of the thesis which he claims as original; he shall further state whether his research has been conducted independently, under advice, or in co-operation with others and in what respects his investigations appear to him to tend to the advancement of knowledge.

No thesis previously submitted for any other degree, prize or medal will be accepted.

N. SEN, *Controller of Examinations.*

Calcutta University.

Senate House, the 22nd June 1929.

NOTIFICATION No. C/3631/Affl.

It is hereby notified for general information that, under section 22, read with section 21, sub-section *(3)* of the Indian Universities Act, 1904 (VIII of 1904), as amended by the Calcutta University Act, 1921 (VII of 1921), the Government of Bengal have been pleased to order that, with effect from the commencement of the session 1930-31, the City College, Calcutta, shall, in extension of the affiliation already granted, be affiliated to the Calcutta University in Economics (Honours) to the B.A. Standard.

J. C. GHOSH, *Registrar.*

Orders by the Vice-Chancellor and Syndicate of the Calcutta University.

Senate House, the 24th June 1929.

NOTIFICATION No. MISC. R. 43.

The following rules have been adopted for admission of candidates who have passed the B. Sc. Examination of this University to the M.A. Examination in Indian Vernaculars. The rules will come into operation with effect from the session 1929-30:—

"The students, who have passed the B. Sc. Examination, be considered eligible for admission to the M.A. Examination in Indian Vernaculars on their passing the B.A. Examination in one of the Vernacular Languages as well as in English, Paper III."

Senate House, the 24th June 1929.

NOTIFICATION No. MISC./R.234.

The following changes in the Regulations have been sanctioned by the Government of Bengal under section 25, sub-section *(1)* of the Indian Universities Act, 1904 (VIII of 1904), as amended by the Calcutta University Act, 1921 (VII of 1921):—

"That in Chapter XXX (Matriculation Examination) of the Regulations in the Syllabus of Elementary Hygiene (Regulations, page 145 of the edition of 1927), the word 'five' in line 1 of the paragraph beginning with the words 'VI. Food' be replaced by the word 'Six' and that the word 'Vitamins' be added after the word 'Salts' in the 2nd line of the same paragraph."

J. C. GHOSH, *Registrar.*

THE Bengal and Madras Service Family Pension Fund, which is provisionally managed and assisted by Government has for its object the provision of monthly pensions for the maintenance of the widows and children of subscribers and is open, with certain exceptions, to all active and pensioned members of the Uncovenanted service of Government (except those serving under the Government of Bombay), and to Local Fund servants earning pensions from Government. Some of the special features of the fund are—(1) that widowed daughters incapable of remarriage or children labouring under such mental or bodily infirmities as incapacitate them from earning their livelihood or preclude the possibility of marriage (in case of a daughter) are admitted to its benefits; and (2) that subscribers to the Widows' and Daughters' branches are entitled to a refund of 30 per cent. of the premia paid, should the nominee predecease them after five years of admission. The second quinquennial valuation of the Fund has been completed by the Actuary to the Government of India, and his report discloses very favourable results. For forms of application and rules of the Fund apply to the Accountant-General, Bengal, Imperial Secretariat Buildings, Calcutta.

DISTRICT REPORTS ON WEATHER AND CROPS.

For the week ending on the 26th June 1929.

Summary.—During the week light to moderate rainfall was general throughout the Presidency. More rain, however, is needed, especially in parts of West Bengal for the growth of standing crops and for the transplantation of winter paddy seedlings. Weeding of autumn paddy and thinning of jute are progressing. Harvesting of low land jute continues in parts of East and North Bengal. The condition of standing crops is generally fair except in parts of East Bengal, where damage by flood is reported. The average price of common rice for the province has risen by about 1·79 per cent. as compared with that of the previous week.

RESOLUTION ON THE REPORT ON THE POLICE ADMINISTRATION IN THE TOWN OF CALCUTTA AND ITS SUBURBS FOR THE YEAR 1928.

GOVERNMENT OF BENGAL.

Police Department.

CALCUTTA, THE 27TH JUNE 1929.

RESOLUTION—No. 2288 Pl.

READ—

The Report on the Police Administration in the town of Calcutta and its suburbs for the year 1928.

The office of Commissioner of Police was held by Sir Charles Tegart, KT., C.I.E., M.V.O., throughout the year.

2. **Strength.**—The sanctioned strength of the Calcutta Police Force at the end of 1928 was practically the same as at the end of the preceding year but the actual strength was increased by 143, although only 673 constables were recruited as compared with 771 in 1927. While it is too early to comment on the effects of the increased pay for sergeants, head constables and officers of lower rank, which was sanctioned with effect from the 1st November 1928, there can be little doubt that the big decrease in the number of vacancies is due to the better conditions of service. It is noteworthy that the number of constables of seventeen years' service and over increased from 357 to 464 while resignations dropped from 119 to 90. The health of the force showed some improvement, the average daily percentage of sick falling to 2·04 and the Governor in Council hopes that this improvement will be maintained and that the Commissioner of Police will not again have occasion to note that many of the men admitted to hospital were suffering from mal-nutrition. He also hopes that the higher pay will attract an increasing number of Bengali recruits.

3. **Housing.**—The programme of building construction for which a loan was obtained from the Government of India is now nearing completion, but the Governor in Council regrets that an examination of the possible annual revenue surplus accruing under the existing financial settlement showed that it was useless to proceed with the formulation of a loan scheme for police buildings in the suburbs. If there is any improvement in the provincial finances, the Commissioner will be asked to revive the project for the consideration of Government, as the present condition of many of the buildings, in which the police are housed in the suburbs, is very unsatisfactory and, as remarked by the Commissioner, the rents which have to be paid are likely to increase with the rapid development of the suburban area.

4. **Discipline.**—The Governor in Council regrets that misconduct on the part of members of the force necessitated sharp disciplinary and judicial action in a larger number of cases than in any of the three preceding years, but trusts that the general public will share his confidence in the Commissioner's determination to tolerate no abuses likely to bring discredit on the force as a whole. The Governor in Council has had occasion to examine a number of cases in which members of the force were dismissed for conniving at the commission of thefts from the jetties, and vessels in the stream, and congratulates the Deputy Commissioner of Police, Mr. Fairweather, on the good work which he did in unearthing the conspiracy and on the vigour and promptness of the action which he took against the police officers concerned.

5. **Crime statistics.**—No reader of the Report can fail to be struck by the large increase in the number of offences reported to the police, and while the Governor in Council desires to invite attention to the fact that only about 5 per cent. of the increase of over 25,000 cases relate to offences punishable under the Indian Penal Code, he regrets to notice that there was an increase of over 40 per cent. in the number of true cases of burglary and of over 30 per cent. in the number of true cases of theft. At the same time, he notes with satisfaction that the number of true cases of burglary in 1928 was less than two-thirds of the number in 1922, while the number of true cases of theft was less than that year's number by one-sixth. In reviewing the report for 1926, the Governor in Council observed that the Presidency Area Emergency Security Act had proved of great value in dealing with criminal gangs, and he now notes that the increase of crime referred to has coincided with the return of most of the well-known offenders dealt with under the Act.

Although the Governor in Council has not examined in detail the question whether the present method of dealing with juveniles, charged with petty offences such as begging and causing obstruction in the streets, can be improved, he is inclined to agree with the remarks of the Commissioner on the point.

6. **Revolutionary crime and seditious writings and speeches.**—The Governor in Council is pleased to record that, during the year, the remainder of the persons imprisoned under the Bengal Criminal Law Amendment Act were released from restraint, and that it was not considered necessary to make any fresh arrests. While noticing with satisfaction that no overt act of violence was perpetrated by terrorists in Calcutta, he is still of opinion that constant vigilance on the part of the police is necessary.

While it has given His Excellency great satisfaction to be able to dispense with practically all the powers vested in him under the Bengal Criminal Law Amendment Act, he regrets that he has been compelled to order a considerable number of prosecutions for seditious speeches and writings. He trusts that the press of Bengal will not again be disgraced by the publication of such an article as appeared in a now defunct newspaper, the obvious intention of which was to incite race hatred and which was characterised by the Chief Justice as a deliberate piece of rascality.

7. **Public order.**—Owing to the easing of inter-communal tension and the elaborate precautions taken by the police on the occasion of important Hindu and Muhammadan festivals, there was no outbreak of rioting between members of these two communities. His Excellency in Council trusts that the situation will continue to improve so that the police will be relieved to some extent of the great strain to which they have been subjected on such occasions in recent years.

The Governor in Council desires to express his approval of the way in which the police handled the difficult situation created on the 3rd February 1928, the day on which the Statutory Commission arrived in India, when large numbers of youths, whose feelings had been worked up by an elaborate newspaper campaign, got out of hand and violently obstructed the running of tramway cars in Bhowanipore and near the University. His Excellency in Council entertained serious apprehensions that there would be a similar outbreak of disorder on the arrival of the Commission in Calcutta in December and during their stay in the City, which synchronised with the visit of His Excellency the Viceroy and the session of the Congress and a number of connected conferences. The coincidence of these events involved a great deal of extra work for the police which was cheerfully undertaken and the critical period passed without any serious disturbance.

8. **Labour.**—The strike of Corporation scavengers in May and June called for tactful handling on the part of the Calcutta Police force, which had also the difficult task, successfully discharged, of shepherding a large number of processions during the course of the East Indian Railway strike at Howrah.

9. **Traffic.**—The Governor in Council notices that there has been a further increase in the number of public service motor vehicles plying in Calcutta and is greatly interested in the Commissioner's remarks about the improvement in the quality of vehicles recently placed on the streets. The preparation of an up-to-date set of rules governing the use of motor vehicles in Calcutta, the co-ordination of bus services and the reorganization of the clerical and executive staff show that the Motor Vehicles Department has benefited by the visit of the Inspector of the London Traffic Police. The Governor in Council realises, however, that firm direction and control by the police must be backed by willing co-operation on the part of users of the road and trusts that owners of motor cars will, both by their own example and by the instruction of their drivers in the observance not only of the rules but also of the courtesies of the road, contribute to the smooth running of motor vehicle traffic in Calcutta.

10. **Miscellaneous.**—Attention has been called recently in the public press to the nuisance caused by beggars, hawkers and stray cattle, and a considerable portion of the time and energy of the police has been devoted to an attempt to mitigate such nuisances, but in the present state of the law police action can have little effect. The Governor in Council is of opinion that much could be done by the Corporation to improve the present situation; and he desires to assure that body that any exercise by them of the powers which they possess, or could acquire, would meet with the strongest co-operation on the part of Government.

11. **Commendation of officers.**—The Governor in Council has been pleased to read the tribute which the Commissioner of Police has paid to his Deputy Commissioners and to some of his Assistant Commissioners, inspectors and sub-inspectors. His Excellency in Council desires to take this opportunity of placing on record his appreciation of the services of Sir Charles Tegart and of the general efficiency of the administration of the police in Calcutta.

Order.—Ordered that a copy of this resolution be forwarded to the Commissioner of Police, Calcutta, the Chief Presidency Magistrate, Calcutta, and the Commissioner of the Presidency Division, for information.

Ordered also that a copy of the resolution and a copy of the report be submitted to the Government of India in the Home Department.

Ordered also that the resolution be published in the *Calcutta Gazette*.

NOTIFICATIONS.

No. 7665P.—The 2nd July 1929.—In exercise of the powers conferred by section 7, sub-section (*6*) of the Cinematograph Act, II of 1918, the Governor in Council is pleased to direct that the film entitled "Razia Begum" produced by the Majestic Films of Bombay shall be deemed to be an uncertified film in the whole of the Bengal Presidency.

No. 7736P.—The 2nd July 1929.—In exercise of the power conferred by sub-section (*2*) of section 1 of the Protection of Muhammadan Pilgrims Act, 1896 (Bengal Act I of 1896), the Governor in Council is pleased to extend the provisions of the said Act to the whole of the Province of Bengal with effect from the date of this notification.

No. 7770P.—The 2nd July 1929.—In exercise of the power conferred by section 2 (*e*) (*ii*) of the Protection of Muhammadan Pilgrims Act, 1896 (Bengal Act I of 1896), the Governor in Council is pleased to appoint all District Officers in Bengal to perform the functions of the Commissioner of Police under the said Act within their respective jurisdictions.

No. 7702 P.—The 2nd July 1929.—The following draft of rules, which, in exercise of the powers conferred by sub-section (2) of section 3 of the Protection of Muhammadan Pilgrims Act, 1896 (Bengal Act I of 1896), and in supersession of the Government of Bengal, Political Department, notification No. 133 P., dated the 9th January 1897, the Governor in Council proposes to make, is published for the information of persons likely to be affected thereby.

II. The said draft will be taken into consideration on or after the 10th August 1929, and any objection or suggestion which may be received in respect of the draft before the said date will be considered by the Governor in Council:—

Draft Rules.

1. Any person desirous of acting as a pilgrim broker or a *muallem* shall apply to the Commissioner of Police for a license under the Act. The application shall be in Form A annexed to these rules, printed copies of which can be obtained from that officer, and shall be accompanied by certificates of respectability and fitness for the duties of a pilgrim broker or a *muallem* from at least two respectable Muhammadan gentlemen.

2. The Commissioner of Police shall, after such enquiry as may be necessary into the character of the applicant, grant the license if he considers the applicant a fit person to hold it.

3. The license shall be in Form B annexed to these rules and shall be subject to the following conditions, which shall be printed thereon, namely:—

(*a*) The licensee shall affix to his place of business a board on which shall be printed in English, Urdu and Bengali character his name and the words "Licensed Pilgrim Broker" or "Licensed *muallem*."

(*b*) The business shall be carried on solely by the licensee.

(*c*) The licensee shall keep up a register in Form C annexed to these rules of all pilgrims or prospective pilgrims who employ him.

(*d*) The licensee shall advise and assist the pilgrims in regard to the purchase of tickets for their journey, and, if he maintains rest-houses for them, shall attend to their wants. He shall accompany them to the railway station and see them start. If they so desire he shall offer himself for monetary consideration to act as a guide to them on the pilgrimage. He shall be careful not to purchase for pilgrims tickets for vessels which they cannot catch at Calcutta or Bombay, or for vessels leaving Calcutta or Bombay which are not timed to arrive at Jeddah at least four days before the commencement of the Haj.

(*e*) The licensee's place of business shall be open for inspection at all hours. The license and all registers and books relating to the business shall be produced for inspection when called for by the Protector of Pilgrims or any other officer authorized by the Commissioner of Police.

(*f*) The licensee shall report to the Protector of Pilgrims the arrival of pilgrims at any rest-house kept by him in Calcutta who have not received passports in their districts, and shall advise them to apply to the Commissioner of Police, Calcutta, for passports.

(*g*) Rest-houses in Calcutta maintained by the licensee shall be open at all times to inspection by the Protector of Pilgrims or any other person authorized by the Commissioner of Police, Calcutta, and he shall carry out any orders for their improvement issued by the Commissioner of Police.

(*h*) The licensee shall report at once to the Commissioner of Police any case of illness from a contagious or infectious disease, or any death at a rest-house kept by him, or among the pilgrims in his charge and he shall make such arrangements as may be ordered by the Commissioner of Police, with a view to prevent the spread of a contagious or infectious disease.

(*i*) The licensee shall grant receipts to pilgrims in Form D annexed to these rules for any articles made over to him for safe custody. He shall also be responsible for the safe custody of property belonging to any pilgrim who dies at his rest-house, or while in his charge until such property is disposed of by order of the Commissioner of Police.

(*j*) The licensee shall furnish at all times such returns or other information in connection with this business as the Commissioner of Police may call for.

4. No person shall be granted a license to act as a pilgrim broker or a *muallem* unless—

(*1*) he is certified by the local police to be of good character and repute, and

(*2*) he has himself performed the pilgrimage to the Hedjaz within a period of five years from the date he obtains such license and, if necessary, he has proved such pilgrimage to the satisfaction of the local police.

5. It shall not be necessary for any person who has been granted a license from any other province in India to act as a pilgrim broker or a *muallem*, to apply for a license under these rules to act as such in Bengal:

Provided that such license shall be deemed to be issued subject to the conditions provided by these rules while such person is acting as a pilgrim broker or a *muallem* in Bengal.

The following draft of a notification which, with the previous sanction of the Governor in Council, the Commissioner of Police, Calcutta, proposes to issue under section 62 (*1*) (*b*) and (*c*) of the Calcutta Police Act, 1866 (Bengal Act IV of 1866), in supersession of the draft notification published at pages 2547-2548, Part I of the *Calcutta Gazette* of the 20th December 1928, is hereby published for the information of persons likely to be affected thereby.

The draft will be taken into consideration on or after the 4th August 1929, and any objection or suggestion which may be received by the undersigned by that date will be duly considered.

Draft Notification.

In exercise of the powers conferred by clauses (*b*) and (*c*) of sub-section (*1*) of section 62 of the Calcutta Police Act, 1866 (Bengal Act IV of 1866), the Commissioner of Police, Calcutta, with the previous sanction of the Governor in Council, hereby makes the following amendment in the rules laid down for the regulation of traffic, etc., in the streets and public places of Calcutta and its suburbs, published at page 435 in Part I of the *Calcutta Gazette* of the 8th March 1922, under notification dated the 2nd *idem* as amended from time to time.

2. The order dated the 30th April 1927, issued by the Commissioner of Police, Calcutta, under clause (*c*) of section 62 (*1*) of the said Act, published at page 938 of Part I of the *Calcutta Gazette* of the 12th May 1927, amending Schedule B referred to in rule 4, Part I (*c*) of the said rules, in regard to the manner in which vehicles are allowed to stand in Lindsay Street between Free School Street and Hartford Lane, is hereby cancelled.

Amendment.

At the end of the sub-heading "(*h*) Lyons Range and Royal Exchange Area" and rules which it is proposed to insert after the sub-heading "(*g*) Hatkhola area" and rules in Part II of the said rules by Calcutta Police notification, dated the 1st June 1929, published at pages 1080-81 of the *Calcutta Gazette* of the 13th June 1929, *insert* the following sub-heading and rules, namely:—

(*i*) The Sir Stuart Hogg Market Area.

Parking of Vehicles.

1. The Sir Stuart Hogg Market area shall mean the area bounded on the north by Chowringhee Place and Corporation Place, south by Sudder Street, east by Free School Street and west by Chowringhee Road.

2. Vehicles shall not be permitted to remain standing for any period on any of the streets within the above area except in the manner specified in Schedule H appended to these rules.

3. Vehicles belonging to the Calcutta Fire Brigade and public ambulances are exempt from the operations of these rules.

Insert the following as Schedule H after Schedule G which it is proposed to insert after Schedule F to the said rules by Calcutta Police notification, dated the 1st June 1929, published at pages 1080-81 of the *Calcutta Gazette* of the 13th June 1929:—

No. 141.—The 7th June 1929.—The following draft of rules, which, in exercise of the powers conferred by section 11 of the Canals Act, 1864 (Bengal Act V of 1864), and in supersession of the previous notification on the subject, No. 5, dated the 12th April 1915, the Governor in Council intends to make for the lines of navigation known as the Eastern Canals and the Outer Boat Route, as defined in notification No. 230, dated the 23rd July 1895, and for the navigable channels extending from Khulna in the district of Khulna to Magura in the district of Jessore, as defined in notification No. 7, dated the 1st September 1914, is hereby published, as required by section 12 of that Act, for the information of persons likely to be affected thereby.

The draft will be taken into consideration on or after the 15th August 1929, and any objections or suggestions which may be received by the undersigned before that date will be duly considered.

H. J. TWYNAM,

Secretary to the Government of Bengal (offg.).

Draft rules.

1. The Superintending Engineer, Southern Circle, may define the limits within which no loading or unloading of cargo from or to vessels or mooring of vessels shall be permitted. The prohibited reaches shall be notified by the supervisor of the channels by posting notices on sign-boards in the locality and also by beat of drum.

2. At places where mooring posts have been provided by the supervisor, vessels desiring to moor shall be made fast to such posts by the bow and stern in a single line along the banks or in such other manner as the supervisor may direct.

3. Vessels, while moored, should be kept as close to the banks as possible. As the water falls, the bow and stern ropes should be slackened and the vessels gradually pushed towards the centre of the channel. During flood tide vessels must be brought as close to the bank as possible.

4. While mooring at the tow-path side all vessels must lower sail and mast and must not erect any high pole, so that the towage of other vessels may not be obstructed.

5. In order to avoid collision or confusion, vessels waiting at the junction of two or more rivers for a favourable tide must be moored at a distance of not less than 1,000 feet from the point of junction.

6. No vessel or raft shall be moored in such a position or navigated in such a way as to endanger the safety or obstruct the passage of other vessels but must be so moored or navigated as prescribed by these rules or as directed by the supervisor of the channel or his assistants.

7. The supervisor may, by posting notices, prohibit the dropping of anchors or the erection of bamboos or poles in any part of the line of navigation.

8. No jetties, either permanent or temporary, for the purpose of loading or unloading cargo shall be constructed without the previous permission of the supervisor.

9. The supervisor, or an assistant authorised by him, may remove any vessel, anchor, pole, or any other thing which he may find in a position which is in contravention of rules 1 to 8 and may deal with them in such a manner as he thinks necessary.

10. Whenever a laden vessel is seized by the supervisor or by his assistants he shall give immediate notice of the same to the owner or his agent and require the removal of the cargo without delay, and shall warn him that he will be required to pay all expenses necessary for the proper custody and storage of the same.

11. Vessels plying in the narrow channels mentioned below shall not use sail:—

(*a*) Guntia Khali khal (in the reach, mile 68 to mile 72).

(*b*) Cut No. 2 (in the reach, mile 78 to mile 82).

(*c*) Baitaghata khal (in the reach, mile 102 to mile 107).

(*d*) Alaipur khal (in the reach, mile 121 to mile 130).

(*e*) Bemorta khal (in the reach, mile 136 to mile 143).

(*f*) Damodar khal (in the reach, mile 152 to mile 156).

(*g*) Banstoli khal (Outer Boat Route).

12. Where there is a tow-path on one bank only, vessels plying with the current shall keep to the opposite bank, and allow towage to those proceeding against the current.

13. No person is permitted to place any obstruction on the channel banks, roads, drains, canal side bridges, etc., which will impede a free passage along them, or cause injury to them, or to commit any nuisance, or to deposit any obnoxious material thereon or in the channel.

14. No person shall deposit goods of any description on the slopes of the channel between the water line and the high bank, without the previous permission of the supervisor except during the actual process of loading or unloading vessels.

15. All timber must be drawn up on to the bank well above the water.

16. No person shall wilfully or negligently allow a vessel to sink in any part of the line of navigation.

17. All vessels, whether travelling or moored in the channel, between sunset and sunrise, must carry a white light in a lantern on the fore-part of the vessel, where it can be distinctly seen from all sides. All steam-vessels in motion shall carry the lights prescribed by the Board of Trade Regulations. Barges or boats attached to a steam-vessel, whether in motion or moored, shall carry the light prescribed in the first part of this rule. This rule does not apply to small uncovered dinghis, not exceeding 15 feet in length, while moored along the bank.

18. The supervisor may, by posting notices on sign-boards, specify a speed-limit for vessels in any reach.

19. *Wrecks.*—In the case of a wreck the supervisor or his subordinates shall offer every assistance in removing the same.

20. It shall be the duty of the supervisor to mark the wreck and to erect warning signals to avoid danger to navigation.

21. If, after seven days of the occurrence of a wreck, prompt measures are not taken by the owner to remove it from the line of navigation, the supervisor, after giving notice to the owner, may arrange for the removal of the same at the expense of the owner. Further, if a wreck obstructs the fairway, the supervisor may take action at once to remove the same and may incur whatever expense is necessary.

22. In the event of the salvage of a wreck being undertaken by the owner of the vessel, or by his agent, and of the obstruction not being removed within seven days, a fine not exceeding Rs. 5 per day for the period commencing from the 8th day of the wreck, or any other day specified by the supervisor, till the wreck is salved, shall be paid by the owner to the supervisor. If the fine be not paid by the owner or his agent, the vessel or any portion of the cargo may be seized by the supervisor and disposed of by sale as directed in section 9 of the Canals Act 5 of 1864.

23. When the supervisor or his assistants remove a wreck, they shall not be liable for any damage to the vessel or cargo, or for any loss before, or in the process of salvage done by them.

24. As soon as a wrecked vessel is salved by the supervisor or his staff, a notice shall be issued by him calling on those concerned to pay to the supervisor all the charges incurred by him on account of the salvage of the vessel or of removing or guarding the cargo under the following heads:—

(*i*) Actual cost of salving the vessel.

(*ii*) Cost of serving the notice.

(*iii*) Cost of removal, maintenance, custody and protection.

(*iv*) Godown charges.

In case of any dispute regarding such charges, the Executive Engineer concerned, on receipt of a written application from the owner of the vessel, shall decide the amount to be paid and his decision shall be final.

25. The vessel, or its cargo, shall not be handed over to the owner until the charges levied under rule 24 have been paid.

26. If, within fifteen days from the publication of a notice under rule 24, or in the event of an application to the Executive Engineer appealing against the notice within fifteen days of the date of the Executive Engineer's decision, the sum demanded be not paid, the vessel, its furniture and any portion of the cargo recovered, shall be sold by the supervisor, by public auction, and the proceeds dealt with in accordance with section 9 of the Canals Act 5 of 1864.

27. All notices under rules 21, 22 and 24 shall be issued in writing by the supervisor, and despatched in a registered cover to the owner of the vessel. If the owner be not known or cannot be traced, a general notice shall be posted on the notice board of the Executive Engineer's office. Also it shall be announced by beat of drum at the hat nearest to the place of salvage, and also by advertisement in at least one English and one vernacular Calcutta or local newspaper.

28. No officer of any description or rank employed on the canals shall, either directly or indirectly, bid for or purchase any article sold under these rules or under the provisions of the Act.

29. For any infringement of rules 1 to 8 and 11 to 18, the person in charge of the vessel or other person in fault shall, on conviction before a Magistrate, be liable to a fine not exceeding Rs. 50 and to an additional fine not exceeding Rs. 5 for each day that the infringement is continued.

DEPARTMENT OF COMMERCE.

NOTIFICATION.

MERCANTILE MARINE.

Simla, the 29th June 1929.

No. 214-M-11-29.—The following revised rules for the appointment of candidates to the Bengal Pilot Service are published for general information, in supersession of those published with the notification of the Government of India in the Department of Commerce, No. 141-S. (12), dated the 9th June 1928:—

Bengal Pilot Service.

Rules for the appointment of candidates to the Bengal Pilot Service.

1. Appointments to the Bengal Pilot Service are made by the Governor-General in Council on the advice of the Public Service Commission in India and of the High Commissioner in England.

Appointments are made in England only when the Governor-General in Council has been unable to make suitable appointments in India.

A.—*Appointments in India.*

2. The selection of candidates for admission to the Bengal Pilot Service shall be made in India at such time as the Governor-General in Council may direct.

3. A candidate shall apply in such form and before such date as the Public Service Commission may direct.

The application shall be made to the Secretary, Public Service Commission.

4. A candidate must be a male and must be either:—

(1) a British subject of Indian domicile who was and whose father and mother were born within His Majesty's Dominions and allegiance, or

(2) a British subject of Indian domicile whose father was at the time of the candidate's birth and still is (or, if dead, continued until his death to be) a British subject or a subject of a State in India, or

(3) a Ruler or a subject of a State in India in respect of whom the Governor-General in Council has made a declaration under section 96A of the Government of India Act.

5. A candidate must not have attained his twenty-third birthday on the first day of July of the year in which the selection is made.

6. A candidate must be in good mental and bodily health and free from any physical defect likely to interfere with the efficient performance of the duties of a member of the Bengal Pilot Service. A candidate who after selection is found by a Medical Board not to satisfy these requirements will not be appointed.

7. A candidate must satisfy the Public Service Commission that his character is such as to qualify him for employment in the Bengal Pilot Service.

8. A candidate must be in possession of a certificate of competency as second mate (foreign-going). Preference will be given to candidates who have passed through the Indian Mercantile Marine Training Ship "Dufferin."

9. A candidate must if so required attend for interview by the Public Service Commission at such time and place as may be arranged by the Commission.

10. Candidates must pay the following fees:—

(*i*) Rs. 5 with the application form, and

(*ii*) if selected Rs. 16 before examination by a Medical Board.

11. No recommendations except those invited in the form of application will be taken into consideration. Any attempt on the part of a candidate to obtain support for his application by other means may disqualify him for selection.

12. The Public Service Commission shall forward to the Governor-General in Council a list in order of preference of those candidates whom they consider suitable for appointment.

B.—*Appointments in England.*

13. A candidate must be a male British subject.

14. A candidate must not have attained his twenty-second birthday on the first day of July of the year in which the selection is made.

15. A candidate must be in good mental and bodily health and free from any physical defect likely to interfere with the efficient performance of the duties of a member of the Bengal Pilot Service. A candidate who after selection is found by a Medical Board not to satisfy these requirements will not be appointed.

16. A candidate must satisfy the High Commissioner that his character is such as to qualify him for employment in the Bengal Pilot Service.

17. A candidate must be in possession of a certificate of competency as second mate (foreign-going). Preference will be given to candidates who have passed through one of the Training Ships "Worcester" and "Conway" or through the "Pangbourne Nautical College."

18. The selection shall be made in accordance with arrangements made by the High Commissioner.

Note.—Selected candidates will be on probation until they pass the Mate Pilots' Examination.

Write your name here.....

Application form.

For the use of men seeking admission to the Bengal Pilot Service.

A copy of the rules of recruitment is sent herewith. Candidates should consult it to see if they are eligible before filling up this form.

2. This form is to be filled up and submitted to the Secretary, Public Service Commission, in time to reach him on or before . No application form received after that date will be accepted.

3. Should any of the particulars furnished be found to be false within the knowledge of the candidate he will, if appointed, be liable to be dismissed. The wilful suppression of any material fact will be similarly penalised.

4. The following documents must be sent in with the application form:—

(*i*) Satisfactory evidence that the candidate has not attained the age of 23.

(*ii*) A certificate of character from the head of the School, College or Training Ship last attended by the candidate.

(*iii*) Certificates of character from two responsible persons (not relations) who are well acquainted with the candidate in private life and unconnected with his School, College or University.

(*iv*) A copy of the candidate's certificate of competency as second mate (foreign-going).

(*v*) A declaration of domicile in writing signed by the candidate and attested by not less than 2 responsible persons.

(*vi*) A treasury receipt for Rs. 5. Applications unaccompanied by this receipt will be ignored.

Candidates will be required, if selected, to produce the originals of their certificates, if copies have been submitted.

5. A candidate for whom a declaration under section 96A of the Government of India Act is necessary must take early steps in order that the declaration may be in the hands of the Public Service Commission before the final selection is made.

Educational Notices.

University of Dacca.

Ramna, Dacca, the 20th April 1929.

NOTIFICATIONS.

Admissions for the session 1929-30 in the Faculties of Arts (including Commerce), Science and Law will commence on 1st July 1929. Students of this University and other Universities and of Dacca Board will be admitted till the 21st July 1929. Students of Calcutta University will be admitted till the 21st July or the 21st day after publication of their results in *Calcutta Gazette*, whichever is later. After these dates admission will be made during a further period of fifteen days with a delay fine at Re. 1 per diem. Class fees for undergraduate students (other than those reading for Honours in Physics or Chemistry) and Law students Rs. 8 per mensem; for undergraduate students reading for Honours in Physics or Chemistry Rs. 10 per mensem. Seat rent from Rs. 2 to Rs. 4 and total minimum cost of tuition and living from Rs. 22 to Rs. 25 a month. Charges for Post-Graduate students are slightly higher. The University has an excellent library, up-to-date laboratories and an organised tutorial system. It possesses strong student unions and offers exceptional opportunities for athletics.

A Hall for women students, with accommodation for twelve students for the present, has been opened in the University. It is at a short distance from the University main buildings and is adequately furnished. Intending candidates for admission are advised to apply as early as possible.

A pamphlet of general information containing details relating to the above matters and about the staff, courses, scholarships and stipends, etc., will be sent post free on application to the Registrar.

The Commerce Department.

The syllabus in the Department of Commerce has been changed with effect from the next session. These include:—

(I) A regular B. Com. Course, which provides for a specialised training in Advanced Accounts, including Auditing, Advanced Costing, and Income Tax. It is the only course which provides the completest available training in the subject.

(II) B. A. students for the ordinary degree are further allowed to take three pass papers in Commerce in combination with two of the subjects, History, Economics, Politics. The three pass papers are Elements of Accounts, Business Organisation, and Trade and Transport *or* Banking and Currency. The students, who take Economics, must select Trade and Transport for their combination.

N. SEN, *Controller of Examinations*

BURDWAN DIVISION.

Chinsura, the 21st June 1929.

Rules for the admission of Private Candidates to the Calcutta University Matriculation Examination, 1930.

1. Private students are those who have not attended any recognized or unrecognized High English School for at least one year previous to the Matriculation Examination. The term "private students" includes teachers of schools.

2. Private candidates must appear at the Test Examination to be held on Monday, the 9th December 1929, and the following days at any of the Government High Schools in the Burdwan Division.

3. Applications for admission to the Test Examination must be submitted through the head master of the school in which the applicant last read. The head master, in forwarding the application to this office, should note whether he recommends the application or not. If he does not, his reasons should be stated. The application of no candidate is to be forwarded who did not leave school from the 1st class, or who had not been declared fit for promotion to that class. The information to be given in, and the documents to be appended (in original) to, the application are the following :—

(*a*) Name of the school in which the candidate last studied.

(*b*) Transfer certificate (in original) granted to the candidate by the head master of the school in which he last read; or
In the case of a candidate who previously appeared at the Entrance Examination, the Registrar's receipt (in original) for the fee paid.

(*c*) Age of the candidate. No candidate is eligible who has not completed the age of fifteen years on the first day of the Matriculation Examination.

(*d*) In the case of school-masters, a certificate of good conduct from the Secretary of the school in which the candidate is serving.

(*e*) A certificate from a respectable gentleman to the effect that the candidate has prosecuted a regular course of study and has been subject to proper discipline, and that he has not read in any school since the last Matriculation Examination held in March 1929. Detailed information is needed under this head. The person granting the certificate should state his social or professional position.

(*f*) Names of subjects in which the candidate wishes to be examined.

(*g*) Postal address.

4. Each private candidate will have to pay a fee of Rs. 6, which should be remitted to the Inspector of Schools, Burdwan Division, Chinsura, along with his application for admission to the Test Examination by the 10th November 1929, after which date a fine of Rs. 2 will have to be paid for each week's delay. *Under no circumstance will the admission fee be refunded.* No private candidate will be admitted to the Test Examination, unless he is accompanied, for the purpose of identification, by some person known to the office of the Inspector of Schools, Burdwan Division, or to the staff of the Zilla School where he will appear. Those who are not *bonâ fide* residents of the Burdwan Division will not be admitted to the Test Examination.

5. **The fee for the Matriculation Examination should NOT be sent to this office.** It should be sent to the Registrar by the candidate himself, together with his countersigned application.

6. The Matriculation Examination for 1930 will be held on the 1st March 1930 and the following days or any other subsequent dates declared by the University.

INTERMEDIATE AND B. A. EXAMINATIONS.

1. Deputy Inspectors of Schools, Sub-Inspectors of Schools and *bonâ fide* teachers of English schools, who have served as such for the full period of three academical years preceding the examinations, will be admitted to the abovementioned examinations.

2. Candidates for the Intermediate and B. A. Examinations must produce certificates of character and length of service from the Secretaries of their respective schools. Candidates for the B.A. Examination must forward with their applications their F. A. or I. A. certificates, and those for the Intermediate Examination their Entrance or Matriculation certificates. Candidates admitted to a former examination must produce the Registrar's receipt in addition.

3. Under section 19 of the Indian Universities Act, candidates for the Intermediate and B. A. Examinations are informed that their applications for admission to these examinations will not be considered, unless they enclose with their applications to this office the sanction of the Senate to appear at the said examinations. Candidates, who have applied for or have obtained the special permission of the Senate for the purpose, are required, under section 9, Chapter XV of the Revised Regulations dealing with the registration of University students, to apply at once to the Registrar for the registration of their names as University students. No person will be deemed a "University student" unless and until his name has been duly registered, and none but "University students" will be eligible for admission to any University examination other than the Matriculation.

4. The printed form of application should be carefully and correctly filled in and submitted to this office on or before the 10th January 1930, together with other papers as mentioned in rules 2 and 3, after which no application will be received.

5. The dates of Intermediate and B. A. Examinations of 1930 may be obtained from the Registrar, Calcutta University.

KHAGENDRA NATH MITTER,
Inspector of Schools, Burdwan Division (offg.).

University of Dacca.

Ramna, Dacca, the 23rd May 1929.

Diploma Course in Practical English.

A Diploma Course in Practical English will be instituted with effect from the beginning of the session 1929-30. The number of students undergoing the course will be limited to 20 in the first year. The minimum qualification for admission to the course will be the passing of Intermediate Examination of an approved University or Board. The course of study will extend over one academic year. This course does not include lectures on the teaching of English in schools.

The class fee is Rs. 60 for each session and the examination fee Rs. 15 only.

Applications for admission to the course will be received by the undersigned till the 31st July 1929. Particulars will be supplied on application.

Jamshedpur Technical Institute.

APPLICATIONS are invited from students desirous of studying metallurgy at the Jamshedpur Technical Institute. Five students will be selected from this province, who are natives of or are domiciled in Bengal. Of these, two will be non-Hindus. The next session will commence on November 1st.

A combined theoretical and practical three years' course is given at the Institute and the Works in the metallurgy of iron and steel. During the training each student will be allowed a monthly stipend of Rs. 60. On the completion of the course, successful students may be required to enter into an agreement to serve the Tata Iron and Steel Company for five years, in which case they will be given a position in the Works on a salary of not less than Rs. 7 per day.

The minimum qualification required is the Intermediate Science or Engineering Examination of a recognised University or the Cambridge Higher School Certificate Examination, and the subjects passed must include Physics, Chemistry and Mathematics. Students who have passed the Final Examination of the Mechanical, Electrical or the Mining Classes of the Bengal Engineering College are also eligible for admission. Candidate must be under twenty-two years of age on November 1st, 1929; the only proof of age that will be accepted is that registered by the University authorities. Candidates must be of sound physique and have perfect eye-sight. Those selected will be required to pass a medical examination.

No student who is not a native of or is domiciled in Bengal need apply for selection from this province.

Application should be submitted in the first instance to the Director, Technical Institute, Jamshedpur, direct so as to reach him not later than the 31st July 1929. Candidates should state in their applications their age, academic qualifications, with subjects passed and division, the province they come from, weight in lbs. height, abdomen and chest measurements. Preference will be given to those who possess the following average figures for physique, and have passed the I. Sc. at the age of 18 either in the 1st or 2nd division :—

Weight	135 lbs.

THE Bengal and Madras Service Family Pension Fund which is provisionally managed and assisted by Government has for its object the provision of monthly pensions for the maintenance of the widows and children of subscribers and is open, with certain exceptions, to all active and pensioned members of the Uncovenanted service of Government (except those serving under the Government of Bombay), and to Local Fund servants earning pensions from Government. Some of the special features of the fund are—(1) that widowed daughters incapable of remarriage or children labouring under such mental or bodily infirmities as incapacitate them from earning their livelihood or preclude the possibility of marriage (in case of a daughter) are admitted to its benefits ; and (2) that subscribers to the Widows' and Daughters' branches are entitled to a refund of 30 per cent. of the premia paid, should the nominee predecease them after five years of admission. The second quinquennial valuation of the Fund has been completed by the Actuary to the Government of India, and his report discloses very favourable results. For forms of application and rules of the Fund apply to the Accountant-General, Bengal, Imperial Secretariat Buildings, Calcutta.

Notice under section 10A of Act IX (B.C.) of 1879.

DISTRICT REPORTS ON WEATHER AND CROPS.

For the week ending on the 3rd July 1929.

Summary.—During the week the rainfall was generally light to moderate. More rain is needed, specially in parts of West Bengal, for the transplantation of winter paddy seedlings. Cutting and steeping of jute continue in the low land tracts of East and North Bengal. Weeding of autumn paddy is in brisk progress. The prospects of standing crops are generally satisfactory except in parts of East Bengal, where flood has caused damage. The average price of common rice for the province has risen by about 1·05 per cent. as compared with that of the previous week.

Howrah.—No. 2074M.—12th July 1929.—The following proposed plan for lighting a portion of the Bally Municipality in the district of Howrah, which has been submitted by the Commissioners of that municipality to the Government of Bengal for sanction under sections 308 and 319 of the Bengal Municipal Act, 1884 (Bengal Act III of 1884), read with rule 2 (2) of the Transferred Subjects (Temporary Administration) Rules, is published for the information of persons likely to be affected thereby.

2. The proposed plan will be taken into consideration on the 2nd September 1929, and any objection or suggestion which may be received by the undersigned through the District Magistrate before that date will be duly considered:—

Proposed Plan.

1. The portion of the Bally Municipality which it is proposed to be lighted with electricity is defined below:—

North—Bally Khal.

East—River Hooghly.

South—A line as indicated by boundary marks, commencing from the river Hooghly at the eastern extremity of the road (now closed), formerly known as Joya Bibi Lane, but now included within the Central Jute Mill; thence along the line formerly occupied by that road to the existing Joya Bibi Lane; thence along the western and northern side of Joya Bibi Lane up to its junction with the bustee road at the south of the Victoria Cotton Mill; thence along the northern side of that road to its junction with Girish Ghosh Lane; thence across Girish Ghosh Lane to Chandalpara Lane up to its junction with Grand Trunk Road; thence along the western side of the Grand Trunk Road up to its junction with Kali Mozumdar Road; thence along the northern side of Kali Mozumdar Road up to its junction with Dharmatola Lane; thence along the eastern and northern sides of Dharmatola Lane to a point where it meets the East Indian Railway line at the centre of the up-passenger main line.

West—East Indian Railway line.

2. Four hundred additional electric lamps will be installed on the roads as shown in the accompanying statements A and B. The Commissioners have entered into an agreement with the Calcutta Electric Supply Corporation, Limited, for the installation of these lamps and for their maintenance at the annual rate of Rs. 30-6-10 and Rs. 19-14-1 for each lamp of 60 and 30 watts, respectively, or at a total cost of about Rs. 8,220 burning 25,000 hours per annum.

3. The Municipal Commissioners propose to meet the charge to be incurred on account of lighting the aforesaid area by imposing an annual lighting rate of 2 per cent. on the annual value of all holdings situated within the area to be lighted as defined in paragraph 1 of the plan. The income to be derived from the lighting rate from the aforesaid area is estimated to be about Rs. 8,300.

D. Freir, resigned.

GOVERNMENT OF BENGAL.

Local Self-Government Department.

Municipalities.

CALCUTTA, THE 9TH JULY 1929.

RESOLUTION—No. 2047M.

The attention of Government having been drawn to the mismanagement of their affairs by the Baruipur Municipal Board, the Additional Magistrate of the 24-Parganas was deputed to hold a special enquiry into the state of affairs with reference to the powers of the Local Government under section 65 of the Bengal Municipal Act. The enquiry was held in the presence of the Chairman, Vice-Chairman, and three of the Commissioners, others having failed to attend, on the 27th April 1929; and the report of the Additional Magistrate has been taken into consideration by Government. The position of affairs in this municipality is as follows:—

Municipal elections.

The re-constitution of the municipality is long overdue. The general elections were fixed for the 11th October 1928, but were stopped by a civil court injunction on the ground of irregularities in procedure, and there appears to be no prospect of the formation of a new board in the near future.

Administrative position.

Meanwhile the existing board has practically ceased to function owing to party factions, one outcome of which was the issue of an injunction by the civil court stopping its meeting in January last. No meeting appears in fact to have been held this year except that on the 12th April referred to below. Municipal activities are at a standstill. No road was repaired in 1928-29, and only a small portion of the budget provision for water-supply was spent. Street lighting was found to have been stopped for three months preceding the special enquiry.

Finance and Accounts.

At the time of inspection the municipality was practically bankrupt with a cash balance of Rs. 712 and unrealized taxes of Rs. 1,591 as against liabilities in unpaid bills of Rs. 4,182. No attempt has been made to remedy the defects pointed out at the last audit; and the reply to the audit note for the year 1926-27 was issued by the Chairman in February 1929 without being considered by the Commissioners at a meeting. The budget for the year 1929-30 had not been prepared at the time of inspection.

Assessment.

The revision of assessment was finished by the assessor in December 1928, but proper steps have not yet been taken to deal with objections. A meeting of the Municipal Commissioners was convened on the 12th April to form an appeal committee, but the matter appears to have ended in confusion, the Chairman declaring that an appeal committee was formed, but the opposition who were in a majority maintaining that no appeal committee was legally appointed; and there was in fact no recognized appeal committee in existence at the time of inspection. There is every prospect therefore that the revision of assessment will remain inoperative.

Dispensary.

The party faction which has been so injurious to municipal affairs has reached its climax in the management of the dispensary. The formation of a new dispensary committee which should have taken place two years ago was frustrated by recourse to the civil court, and the old committee is still in existence.

After the death of the medical officer of the dispensary in August 1928 the dispensary committee and the Chairman of the municipality each purported to appoint a doctor to the dispensary. The dispensary committee's nominee who actually took charge of this dispensary died in February 1929, and again rival appointments were made to the post, the doctor who actually took charge leaving within a month. Since then it is reported that the dispensary is practically closed. A bill of Rs. 1,795 for the supply of medicines remains unpaid, and it was with the greatest difficulty under pressure from the Subdivisional Officer that payment of the dispensary staff and of the dues of the deceased doctor was secured from the municipal fund.

The Additional Magistrate of the 24-Parganas sums up his report in the following words:—

"It is clear from the above that the position is almost hopeless, public affairs being conducted for the satisfaction of private grudge and not for the public benefit. As a result of the party factions, the dispensary has been totally neglected and it is now practically closed as it has no doctor or compounder and neither any equipment nor medicine; the budget for the current year has not yet been prepared, the monthly meetings of the municipal board have practically ceased, the general elections have been hung up by injunction issued by the civil court, no road was repaired in 1928-29, street lighting has stopped for the last three months and water-supply has been sadly neglected. The financial condition of the municipality is deteriorating and there is very little prospect of the revision of assessment made by the assessor being given effect to in the near future as the majority of the Commissioners seem to be opposed to it. It is clear that the Municipal Commissioners have persistently made default in the performance of their duties, and I beg to recommend that action should be taken to supersede the municipality for one year for the present under section 65 of the Bengal Municipal Act to restore order and normal working in the municipality."

His Excellency the Governor acting in the exercise of his powers under section 65 of the Bengal Municipal Act, read with rule 2 (*2*) of the Transferred Subjects (Temporary Administration) Rules, is of opinion that the Commissioners of the Baruipur Municipality are not competent to perform, and have persistently made defaults in the performance of, the duties imposed on them under the Bengal Municipal Act, and declares that the Commissioners are incompetent and in default, and supersedes them for a period of one year from the date of this order. He further directs under section 66 (*b*) of the Bengal Municipal Act that during this period all the powers and duties of the Commissioners shall be exercised and performed by the Circle Officer, Baruipur.

By order of the Government of Bengal,

C. W. GURNER,

Secy. to the Govt. of Bengal (offg.).

PART II.—Rules under sub-sections (*1*) and (*2*) of section 33.

Register of members.

2. A Register shall be maintained in Form No. 1 in the Appendix to these rules, which shall show the name and address of each member, whether he is nominated or elected, the ordinary term of his office, the date of commencement and expiration, in case the office terminates before the due date owing to vacation of seat, resignation of membership or death, the date and reason of earlier termination and in the case of an elected member the electorate which he represents.

Appointment of members.

3. Sixty days before the expiration of the term of any nominated member, the Registrar, shall draw the attention of the President to the approaching vacancy, and the latter shall forthwith report it to the Local Government, in order that a new appointment may be made to take effect from the day on which the existing appointment will expire.

4. On the occurrence of a casual vacancy in the office of a nominated member under section 9, sub-section (*1*), or on the resignation or death of such a member, the Registrar shall at once draw the attention of the President to the vacancy and the latter shall forthwith report it to the Local Government, who shall take steps to have it filled within one month by a fresh nomination under section 10.

PART III.—Rules under clause (*a*) of sub-section (*2*) of section 33 of the Act.

Election of members under clauses (c) to (h) of section 4 of the Act. Special rules for election under clauses (d) and (e) of section 4.

5. The Registrar shall invite the attention of the heads of the medical institutions mentioned in clause (*d*) and clause (*e*) of section 4 to the date of expiry of the term of office of the respective members elected by their staffs not less than two and a half months in advance of such expiry and inform them in case of a casual vacancy in such office as soon as conveniently may be after the occurrence of the vacancy and request them to fill the vacancy within the prescribed time under these rules or under section 10, as the case may be.

6. The staff of a medical college authorised to elect a member under clause (*d*) of section 4 consisting of the Principal, professors, resident physicians and surgeons and visiting physicians and surgeons holding teaching appointments in attached hospitals, shall at a meeting specially convened for the purpose elect one of the staff, who must be a registered practitioner, to be a member of the Council and report the name to the President in ample time for publication in the *Calcutta Gazette* prior to the reconstitution of the Council or within one month after the occurrence of a casual vacancy, as the case may be.

7. The staff of a medical institution authorised to elect a member under clause (*e*) of section 4 consisting of the Superintendent, teachers, and the visiting physicians and surgeons holding teaching appointments in attached hospitals shall at a meeting specially convened for the purpose elect one of the staff, who must be a registered practitioner, to be a member of the Council and report the name to the President in ample time for publication in the *Calcutta Gazette* prior to the reconstitution of the Council or within one month after the occurrence of a casual vacancy, as the case may be.

Special rules applicable to elections under clauses (c), (f), (g) and (h) of section 4.

8. In these rules—

(1) " Returning Officer " means—

(*a*) for the purposes of elections under clause (*c*) of section 4, the Registrar of the University of Calcutta, and includes any officer of the University deputed for the time being by the said Registrar to perform his duties under these rules, and

(*b*) for the purposes of elections under clause (*f*), clause (*g*) and clause (*h*) of the said section 4, the Registrar, and includes any officer deputed for the time being by the said Registrar to perform his duties under these rules.

(2) " Teacher " means anyone holding an independent teaching appointment in a medical institution recognised by the Council and does not include assistants, demonstrators, house physicians or house surgeons. For purpose of clauses (*f*) to (*h*) of section 4 it includes professors, teachers, visiting surgeons and visiting physicians holding a teaching appointment in hospitals attached to such medical institution.

9. The Registrar shall invite the attention of the Registrar of the Calcutta University to the date of expiry of the term of office of the member elected by the University two and a half months in advance of such expiry and inform him in case of a casual vacancy in that office as soon as conveniently may be after the occurrence of the vacancy and request him to fill the vacancy within the prescribed time under these rules or under section 10, as the case may be.

10. (*1*) The Returning Officer shall notify all vacancies whether ordinary or casual in the *Calcutta Gazette* and in such other manner as he may think fit. Such notification shall be published in the case of—

(*a*) an ordinary elected member on a date not being less than 42 days and more than 60 days before the day on which the term of office of such member expires, and

(*b*) a casual vacancy as soon as convenient after the occurrence of such vacancy.

He shall also specify in such notification with reference to clause (*f*), clause (*g*) or clause (*h*) of section 4 whether the outgoing or deceased member was elected to provide the special qualification of a teacher or a registered practitioner practising outside Calcutta or both and the electorate by which the new member shall be returned.

(*2*) The Returning Officer, shall, by notification in the *Calcutta Gazette*—

(*a*) invite all electors to obtain nomination papers from him on application and to nominate qualified candidates,
(*b*) announce the latest date upto which nomination papers will be received,
(*c*) fix the date of scrutiny of nomination papers,
(*d*) specify the names and addresses of duly nominated candidates,
(*e*) fix the date for the supply of voting papers embodying the names of duly nominated candidates,
(*f*) fix the latest date up to which voting papers with recorded votes may be received by him, and
(*g*) appoint the date for the counting of votes.

11. The Electoral Rolls under clauses (*f*) to (*h*) of section 4 shall be prepared by the Registrar at each election from the Register of Registered Practitioners and shall contain the name, registration number, qualifications and address of every person qualified to vote for the election of a member or members to fill up the vacancy or vacancies:

Provided that at an election held to fill a casual vacancy the rolls for the electorate concerned shall alone be prepared.

N.B.—Registered practitioners with plural qualifications under clause (*f*) and clause (*g*) should be entered in the rolls under each of these clauses, while those with such qualifications under either clause (*f*) or clause (*g*) and clause (*h*) should be entered in the rolls under either clause (*f*) or clause (*g*) as the case may warrant and excluded from the rolls under clause (*h*) [*vide* L.S.-G. (Medl.) No. 2113-Medl., dated the 4th September 1926, and L.S.-G. (Medl.) No. 398-T.—Medl., dated the 11th September 1926].

12. The list of persons qualified to vote under clause (*f*) and clause (*h*) of section 4 shall each be divided into the two following parts, namely:—

Part I.—Medical practitioners practising in Calcutta.
Part II.—Medical practitioners practising outside Calcutta.

Nomination of candidates for election.

13. (1) Any person whose name is included in the Register of Registered Practitioners and who is not disqualified for election to the Council under section 6 may be nominated as a candidate for election under clause (*f*), clause (*g*) or clause (*h*) of section 4 and any such person who is also a member of the Faculty of Medicine of the Calcutta University may be so nominated for election under clause (*c*) of the same section:

Provided that—

(*a*) at a general election—

(*i*) for an electorate under clause (*g*) a maximum number of two candidates may be nominated, one of whom must be a teacher. Should an elector nominate more candidates than one, one of the nominees must be a teacher.

(*ii*) for an electorate under clause (*f*) and an electorate under clause (*h*) a maximum number of four and three candidates respectively may be nominated, of whom in each case one shall be a teacher and another a registered practitioner practising outside Calcutta.

Should an elector nominate more than two candidates for the former and more than one candidate for the latter electorate, in the case of a single additional nomination it must be of a candidate who is either a teacher or a registered practitioner, practising outside Calcutta, or who combines both these qualifications in himself; in the case of two additional nominations they must be of two candidates who possess in the alternative the qualification of a teacher or a registered practitioner, practising outside Calcutta, or combines both qualifications in themselves. In the event of a single candidate thus

nominated possessing both qualifications an additional qualified candidate who is neither a teacher nor a registered practitioner, practising outside Calcutta, may be proposed as the second nominee.

(*b*) in the case of a casual vacancy affecting a member originally elected to provide a special qualification or qualifications as a teacher or a registered practitioner, practising outside Calcutta, or both the nominee must possess the particular qualification or either of such qualifications as the case may be.

Should the nominations received from an elector not provide for the special qualifications referred to and unless they are invalid for other reasons under rules 14 and 16, the Returning Officer shall return his nominations and invite fresh nominations made in conformity with this rule by an early specified date.

(2) Such nomination of each candidate shall be made in writing with complete particulars required on a separate nomination paper in Form II in the Appendix to these rules, which shall be supplied by the Returning Officer concerned on application.

(3) The nomination paper of each candidate nominated to represent any of the electorates mentioned in clause (*c*), clause (*f*), clause (*g*) or clause (*h*) of section 4 shall be subscribed by two electors of the particular electorate concerned, by one as proposer and by the other as seconder:

Provided that no elector may subscribe, whether as proposer or seconder more nomination papers than the number of vacancy or vacancies to be filled at the particular election by the electorate to which he belongs.

(4) The nomination paper shall be subscribed also by the candidate nominated as assenting to the nomination and shall be forwarded by post or otherwise to reach the Returning Officer not later than the latest date and time specified by him thereon for its return.

14. On receipt of each nomination paper the Returning Officer shall forthwith endorse thereon the date and hour of its receipt.

15. If more nomination papers than are allowed by the proviso to rule 13 (3) be subscribed by the same elector, then only the permissible number of such nomination papers first received by the Returning Officer shall, if otherwise, in order, be held to be valid, but if the Returning Officer is unable to determine the order in which such nomination papers were received by him, all of such nomination papers shall be held to be invalid.

16. Every nomination paper in respect of which any requirement of these rules has not been complied with, or which is not received by the Returning Officer on or before the latest date and time fixed for the sending in of nomination papers, shall be invalid.

Scrutiny of nomination papers.

17. (1) On the date and at the time and place appointed by the Returning Officer under rule 26 for the scrutiny of nomination papers, every candidate and his proposer and seconder may attend and the Returning Officer shall allow them to examine the nomination papers of all candidates which have been received by him.

(2) The Returning Officer shall examine the nomination papers and shall record on each paper his decision accepting or rejecting the same and, if a nomination paper is rejected, shall state in brief his reasons for such rejection, *e.g.*, that it does not comply with the requirements of any particular rule or that it has arrived after the latest date and time fixed for the receipt of nominations. He shall decide all objections to his decision as well as all questions which may be raised as to the validity of any nomination, and his decision on any such question shall, subject to the provisions of rules 28 and 29, be final.

18. Any candidate may withdraw his candidature by notice in writing subscribed by him and delivered to the Returning Officer on or before three o'clock in the afternoon on the date succeeding that appointed for the scrutiny of nominations. A candidate who has withdrawn his candidature shall not be allowed to cancel the withdrawal or to be re-nominated as a candidate for the same election.

Voting.

19. (1) If, in the case of an election under any clause of section 4 other than clause (*d*) and clause (*e*) the number of duly nominated candidates, with or without special qualifications as required by section 4, who stand for election does not exceed the number of members with or without the same qualifications to be elected at the time under that clause, the Returning Officer shall forthwith declare such candidate or candidates (if duly qualified) to be elected.

(2) If the number of such candidates exceeds the number of members to be so elected, the Returning Officer shall—

(*a*) cause the names, qualifications, with any special qualifications required by section 4, registration numbers and addresses of the candidates offering for election under each such clause to be entered alphabetically in the order of their surnames in a separate voting paper in Form III in the Appendix to these rules, and

(*b*) thereupon publish in the *Calcutta Gazette* the said names, with the respective qualifications, and addresses, classified according to the clauses of section 4.

(3) The Returning Officer shall by a date fixed under rule 26 of these rules send by registered post to each elector concerned one such voting paper (and no more) of candidates for election under the clause or clauses of section 4 under which he is qualified to vote.

Provided that—

such a voting paper shall also be supplied to any elector who has not received one on his applying to the Returning Officer for the same at any time before the latest date and time appointed by him for the return of voting papers.

(4) No election shall be invalidated by reason of the non-receipt by any elector of a voting paper.

20. Each elector shall mark the voting paper issued to him with a cross × against the name or names of the candidate or candidates (not exceeding the number of members to be elected) for whom he intends to vote but no elector shall give more than one vote to any one candidate:

Provided that—

(*a*) at a general election—

(*i*) for an electorate under clause (*g*) a maximum number of two votes may be given to two candidates, of whom one must be a teacher. Should an elector vote for more candidates than one, one of the candidates must be a teacher.

(*ii*) for an electorate under clause (*f*) and an electorate under clause (*h*) a maximum number of four and three votes respectively may be given to as many candidates, of whom in each case one shall be a teacher and another a registered practitioner, practising outside Calcutta.

Should an elector vote for more than two candidates for the former and more than one candidate for the latter electorate, in case he records a single additional vote it must be in favour of a candidate who is either a teacher or a registered practitioner, practising outside Calcutta, or who combines both these special qualifications in himself; in case he records two additional votes they must be in favour of two candidates who possess in the alternative the qualification of a teacher or a registered practitioner, practising outside Calcutta or combine both qualifications in themselves. In the event of a single candidate thus supported possessing both qualifications the second additional vote may be recorded in favour of a qualified candidate who is neither a teacher nor a registered practitioner, practising outside Calcutta.

(*b*) in the case of a casual vacancy affecting a member originally elected to provide a special qualification or qualifications as a teacher or a registered practitioner, practising outside Calcutta or both the candidate nominated must possess the particular qualification or either of such qualifications, as the case may be.

The elector shall sign the requisite declaration printed on the counterfoil of the voting paper and deliver it personally to or send it by post to reach the Returning Officer on or before the latest day and time fixed by him for the return of voting papers. Every voting paper in respect of which any requirement of these rules has not been complied with or on which a mark is placed in such a manner as to make it doubtful to which candidate the vote is given or on which the elector has placed any mark whereby he may be afterwards identified, or which is not received by the Returning Officer on or before the latest day and time fixed for the return of voting papers, shall be invalid.

Counting of votes and declaration and publication of results of election.

21. (1) On receiving the voting papers, the Returning Officer shall note thereon the date and time of their receipt and examine them to see whether they have been correctly filled up in respect of every requisite particular and in the case of an election under clause (*f*) or clause (*h*) of section 4, shall divide the said voting papers into two sets corresponding to the two parts of the election roll prescribed by rule 12.

(2) The Returning Officer shall record his decision "accepted" or "rejected" on every voting paper and in the case of rejection indicate thereon with reference to rule 20 the ground of rejection in brief.

(3) The Returning Officer shall separate or cause to be separated the voting paper which he deems valid from those which he rejects and shall tear off the counterfoils and place them in safe custody, pending disposal under rule 24.

22. (1) The Returning Officer shall attend for the purpose of counting the votes on such date and at such time and place as may be appointed by him under rule 26.

(2) Every candidate may be present in person or may send a representative, duly authorised by him in writing, to watch the process of counting.

(3) The Returning Officer shall show the voting papers, but not the counterfoils, to the candidates or their representatives.

(4) If any objection is taken to his decision of acceptance or rejection of any voting paper, such objection shall be decided at once by the Returning Officer, whose decision shall, subject to the provisions of rules 28 and 29, be final.

23. (1) When the counting of the votes has been completed, the Returning Officer shall, subject to the provisions of section 4, and of the subsequent portion of this rule, forthwith declare the duly qualified candidate or candidates, as the case may be, to whom the largest number of valid votes has been given to be elected.

(2) When an equality of votes is found to exist between any candidates, and the addition of a vote will entitle any of the said candidates to be declared elected, the determination of the person or persons to whom such one additional vote shall be deemed to have been given shall be made by lot to be drawn in the presence of the Returning Officer and in such manner as he may determine.

(3) When a candidate indicated for election under sub-rule (*1*) happens to receive the highest number of valid votes of more than one electorate, he shall be allowed to choose for which of these electorate he shall serve.

When a seat of a particular electorate remains unfilled by the operation of this sub-rule or becomes vacant by the refusal of the elected candidate to serve such refusal being signified before his name is published in the *Calcutta Gazette*, the seat may be filled by that one among the other candidates willing to accept office who has received the highest number of votes among unsuccessful candidates at the election.

The Returning Officer shall determine which candidate should be declared as elected under this sub-rule and announce the results as soon as possible after the counting of votes.

N.B.—To select the two candidates elected for the electorate under clause (*g*) the candidate with the requisite qualification of teacher who has secured the largest total of votes should first be declared as elected and then the candidate who has secured the largest total among the rest. To select respectively the 4 and 3 candidates elected for the electorates under clauses (*f*) and (*h*) a indication of special qualifications as teacher or registered practitioner practising outside Calcutta where such exist, the number of votes received by each from the Calcutta and registered practitioners practising outside Calcutta separately and the total number of such votes polled. The mufassil candidate with the largest number of mufassil votes shall first be declared as elected in each electorate and secondly the candidate with the special qualification of teacher who has polled the highest number of total votes and lastly the remaining member or members, two for the electorate under clause (*f*) and one for that under clause (*h*) shall be declared as elected with reference to the highest number of total votes polled. In the event of the first selection made as above possessing both special qualifications the remaining members three for the electorate under clause (*f*) and two for that under clause (*h*) shall be elected with reference to the largest totals of votes polled.

Should the election fail to secure members with the requisite special qualification or qualifications required by section 4 in any case the defect in respect of each electorate under clause (*f*), clause (*g*) and clause (*h*) should be reported for the information of the President.

24. Upon the completion of the counting of votes and after the results have been declared by him, the Returning Officer shall seal up the voting papers with their counterfoils and all other documents relating to the election and shall retain the same for a period of six months and thereafter cause them to be destroyed.

25. The Returning Officer shall publish the names of the elected candidates in the *Calcutta Gazette*.

26. The Returning Officer shall appoint and shall notify in the *Calcutta Gazette* and in such other manner as he may think fit such date or latest date, as the case may be, and, if necessary, such time and place as may be deemed suitable, for each of the following operations of an election, namely:—

(*a*) the receiving of nominations under rule 13;
(*b*) the scrutiny of nomination papers under rule 17;
(*c*) the sending of voting papers under rule 19;
(*d*) the receiving of voting papers under rule 20; and
(*e*) the counting of the votes under rule 22.

General Rules for election under clauses (c) to (h) of section 4.—Report of results of elections by the President to the Local Government.

27. The Presidents shall report to the Local Government the results of all elections for action under section 7. He shall at the same time report, for action under section 5, what seats, if any, of any electorates could not be filled by election owing to defect in the number of candidates offering, or of candidates with the requisite special qualification of teacher or registered practitioner practising outside Calcutta where necessary or to want of candidates willing to accept office under rule 23.

Finality of decisions of the Local Government.

28. The Local Government may, of its own motion or on objection made, declare any election to the Council to be void on account of corrupt practice (*e.g.*, bribery, undue influence, personation, publication of false statements) or any other sufficient cause, and may call on the electorate to make a fresh election within a specified date, and any decision of the Local Government under this rule shall be final.

29. The decision of the Local Government on any question that may arise as to the intention, construction or application of these rules shall be final.

Rule under section 33 (1) of the Act.—Vacation of seat.

30. If a registered practitioner having been elected or nominated a member is found guilty of infamous conduct in any professional respect and his name is removed from the Register of Registered Practitioners, the Council shall declare his seat to be vacant.

The President shall report the fact to the Local Government and the vacancy shall be filled like a casual vacancy within one month by fresh election or nomination, as the case may be, under sections 4 and 10 and these rules.

Instructions.

1. Each elector has as many votes as there are members to be elected on each particular occasion (number to be specified in each case). If he does not wish to use all his votes (in the cases where more than one vote is allowed), he need not do so, but more than one vote may not be given to any one candidate.

2. (*a*) At a general election—

(*i*) for an electorate under clause (*g*) of section 4 a maximum number of two votes may be given to two candidates of whom one must be a teacher. Should an elector vote for more candidates than one, one of the candidates favoured must be a teacher.

(*ii*) For an electorate under clause (*f*) of section 4 and an electorate under clause (*h*) of section 4 a maximum number of four and three votes respectively may be given to as many candidates, of whom one shall be a teacher and another a registered practitioner practising outside Calcutta, in each case. Should an elector vote for more than two candidates for the former and more than one candidate for the latter electorate; in case he records a single additional vote it must be in favour of a candidate who is either a teacher or a registered practitioner practising outside Calcutta or who combines both these special qualifications in himself; in case he records two additional votes they must be in favour of two candidates who possess in the alternative the qualification of a teacher or a registered practitioner practising outside Calcutta or combines both qualifications in themselves. In the event of a single candidate thus supported possessing both qualifications the second additional vote may be recorded in favour of a qualified candidate who is neither a teacher nor a registered practitioner practising out side Calcutta.

(*b*) In the case of a casual vacancy arising out of a casualty affecting a member originally elected to provide a special qualification or qualifications as a teacher or a registered practitioner practising outside Calcutta or both the vote cast must be in favour of a candidate who possesses the particular qualification or either of such qualifications, as the case may be.

3. He shall vote by placing the mark × opposite to the name of the candidate or candidates (not exceeding the number of members to be elected) whom he prefers. The voting paper shall be invalid if the mark × is placed opposite to the name of more candidates than are to be elected, or if the mark denoting any vote is so placed as to render it doubtful to which candidate such vote is intended to apply or if more votes than one are recorded in favour of a single candidate.

4. The elector shall sign the requisite declaration on the counterfoil, and append his registered qualification, registration number and place of residence thereto. Without such signature and entry the voting paper shall be invalid. A vote recorded otherwise than on the voting paper supplied shall be invalid.

5. A voting paper on which the voter has placed any mark whereby he may be afterwards identified shall be invalid.

6. Each voting paper shall be delivered personally or sent by post to the Returning Officer. The date appointed for the counting of votes is.....A voting paper which is not received by the Returning Officer before.....on the.....day of.....19..... will be rejected.

N.B.—The form will be simplified for the convenience of electors by excision of irrelevant words in each case, *e.g.*, by deletion of instructions regarding general election in the case of a bye-election and *vice-versa*.

Mahendra K. Ghosh,

Khulna.

The Khulna Electric License, 1929.
Draft License.

License for the supply of electrical energy granted by the Government of Bengal under the Indian Electricity Act, 1910, as modified up to the 1st May 1922.

License is hereby granted to Babu Mahendra Kumar Ghosh, Khulna, with power to transfer to any person or persons or to a Company formed or to be formed under the Indian or English Companies Act, to supply electrical energy in the area with the powers and upon the terms and conditions as specified below.—

Short Title.

This License may be cited as "The Khulna Electric License, 1929."

Interpretation.

2. The several words, terms and expressions to which by the Indian Electricity Act, 1910, as modified up to the 1st May 1922, or by the rules thereunder meanings are assigned shall have in this license the same respective meanings, provided that in this license—

(*a*) The Act shall mean the Indian Electricity Act, 1910, as modified up to the 1st May 1922,

(*b*) The expression "The Licensee" shall mean and include the said Babu Mahendra Kumar Ghosh and his permitted assigns, and

(*c*) The expression "deposited map" shall mean the plan of the area of supply hereinafter specified which has been deposited with Government in pursuance of the Rules under the Act, which plan is signed for the purpose of identification by the Secretary to the Government of Bengal in the Commerce and Marine Departments, and by the applicant Babu Mahendra Kumar Ghosh.

Security.

3. The period within which clause 1 (*a*) of the Schedule to the Act the licensee shall show to the satisfaction of the Local Government that he is in a position fully and efficiently to discharge the duties and obligations imposed upon him by this license throughout the area of supply shall be six months after the notification for the grant of this license and the period within which under clause (1) (*b*) of the Schedule to the Act the licensee shall deposit or secure such sum as therein mentioned, and the sum so to be deposited or secured shall, unless otherwise ordered by the Local Government under that clause, be six months and Rs. 1,000 respectively.

Area of Supply.

4. The area above referred to within which the supply of energy is authorised by this license (the area of supply under the Act) is the whole of the area for the time being comprised within the jurisdiction of the Khulna Municipality, the boundaries whereof are delineated in the deposited map by a red line and enumerated below:—

North—By Bhairab River.

East—By Rupsa and Bhairab Rivers.

South—By Motiakhali Khal, Labonchora Khal, Naodara Khal and Malia River.

West—By parts of Mouzas Goalpara, Noonnagore, Gobarchaka and Baro Boyra.

The licensee shall have power to lay supply lines up to the boundaries of the Daulatpur union board, a place outside the area of supply, along the Jessore Road.

Situation of Generating Station.

5. The licensee shall erect the Generating Station within the area covered by this license.

Limits within which the Supply of Energy is to be Compulsory.

6. (*a*) The works to be executed to the satisfaction of the Local Government under clause IV of the Schedule to the Act are the following, namely:—

(*a*) Laying down or erection of suitable and sufficient feeders and distributing mains, executing works for the purpose of supplying electrical energy to lights, fans and small motors within the municipal boundary of Khulna as noted against the streets:—

List of streets.

1. Gagan Babu's Road from Jessore Road to New Municipal Market.
2. South Central Road.
3. Jessore Road from River Rupsa to Haridas Babu's Road.

(*b*) Erecting the generating station mentioned in clause (5) with all machinery and apparatus necessary for the purpose of giving a continuous and efficient supply and all other works necessary for the commencement of the supply of energy to consumers.

(*c*) The licensee shall commence to execute the works aforesaid within one year from the date of the grant of this license and shall within a period of three years from the same date complete the same and commence a regular supply of energy within the compulsory area.

(*ii*) If the licensee fails to comply with the provision of sub-clause (*i*) the license may be revoked.

Nature of the Supply and Limits of Price to be Charged for the Supply of Energy.

7. The nature of the supply shall be D. C. 440 volts between outers, and 220 volts between outer and neutral or such other system as the Local Government may allow.

Provided also that the licensee may from time to time with the previous consent in writing of the Government of Bengal and subject to such limitations and conditions as shall be prescribed in writing by the Government, adopt any system of supply for the purpose of this license.

All transmission and distribution work will be done in strict conformity with the Act and the Electricity Rules of 1922.

Limits of Price to be Charged in Respect of Supply of Energy.

8. (*a*) The prices to be charged by the licensee for energy supplied by them shall not exceed the following maxima, namely—

(*i*) For lights and fans for domestic purposes (metered)—Annas twelve per unit of energy used.

(*ii*) Power supply for motors and also for heating, cooking and all other purposes—Six annas per unit.

(*iii*) Street lighting—Six annas per unit.

(*iv*) Small installations unmetered having not more than two lights—Rupees 2-4-0 per month per lamp of 25 watt up to two lights burning for 6 hours—a proportional rate being charged for lamps of a higher wattage.

(*v*) Minimum charges.—Every consumer's installation, while connected to the licensee's mains may be charged a sum not exceeding Rs. 4-0-0 per mensem exclusive of meter rent whether the energy to this value is consumed or not subject to the provision of section 28 of the Act.

NOTE.—When the minimum charge specified above is levied then no other charge for energy metered shall be made.

(*b*) Or in the case of a method of charge approved by the Local Government in accordance with section 23 (*3*) (*c*) of the Act such maxima as Government may fix on approving the matter.

Breaking up Streets and Railways.

9. The licensee is specially authorised to open and break up the soil and pavements of the following Railways, viz., all lines belonging to the E. B. Railway, within the area of supply.

Purchase of Undertaking.

10. (*i*) The option of the purchase given by section 7, sub-section (*1*) of the Act, shall be first exercisable on the expiration of the 50 years from the date of notification of this license and thereafter on the expiration of every subsequent period of 20 years and the terms of such purchase shall be determined by arbitration as provided by section 7, sub-section (*1*) of the Act. The percentage of the value to be determined in accordance with and for the purpose of section 7 (*1*) of the Act of lands, buildings, works, materials and plants of the licensee therein mentioned to be added under the second provision of that sub-section to such value on account of compulsory purchase shall be 20 per cent.

(*ii*) In accordance with section 3, sub-section (*2*), clause (*d*) (*ii*) of the Act, it is hereby declared that the generating station to be used in connection with the undertaking shall form part of the undertaking for the purpose of purchase under section 5 or section 7.

Variations from the Schedule to the Act.

11. In pursuance of section 3, sub-section (*2*), clause (*f*) of the Act it is hereby expressly declared that clause (*ix*) of the Schedule to the Act shall be exempted from incorporation in this license.

Mahendra Kumar Ghosh,
Khulna.

Whereas for the purpose of the construction of office building, the Bank has applied to the Government of Bengal for the acquisition under the provisions of the Land Acquisition Act, 1894, of the piece or parcel of land containing 0·165 of an acre or thereabout situate in the village of Mazampur in the district of Nadia and more particularly described in the schedule hereto and delineated in the plan* hereunto annexed.

And whereas the said Government of Bengal, being satisfied by an enquiry held under section 5A and clauses (*a*) and (*b*) of section 40 of the said Act that the proposed acquisition is needed for the aforesaid purpose and that the said work is likely to prove useful to the public, has consented to acquire on behalf of the Bank the piece or parcel of land hereinbefore described.

And whereas the said Government of Bengal has required the Bank under the provisions of section 41 of the abovementioned Act to enter into the agreement with the Secretary of State hereinafter contained. Now this Indenture witnesseth that it is hereby agreed and declared as follows:—

1. On demand the Bank shall and will pay to the said Government of Bengal all and every compensation in respect of the said land tendered, paid or awarded or to be tendered, paid or awarded by the Collector under the Land Acquisition Act, 1894, or by the Court to which a reference under Part III of the said Act may be made, or by the Court or Courts to which an appeal from the award of the said Courts may be preferred and all costs, charges and expenses of the proceedings in the aforesaid Courts, or otherwise incidental to the proposed acquisition or payable in respect thereof under the provisions of the said Act.

*Not printed herewith but may be inspected in the office of the Land Acquisition Officer of Kushtia.

2. On demand made by the said Collector the obligations of the Bank under the last preceding clause not being thereby limited, the Bank shall and will deposit with the said Collector such sum or sums of money as in his discretion the said Collector may in anticipation estimate to be necessary for the purposes mentioned in the last preceding clause.

3. On payment by the Bank of all demands under the foregoing first clause or in the discretion of the said Government of Bengal (on deposit by the Bank of all estimated amounts as provided in the second clause), but not before possession shall have been taken under the provisions of the abovementioned Act, the Secretary of State shall make over possession of the said land to the Bank and shall execute and do all such acts and deeds as may be necessary and proper for effectually vesting the same in the Bank.

4. The said land shall be held by the Bank for the purposes of such an office building as is hereinbefore mentioned and without the sanction in writing of the said Government of Bengal first had and obtained for no other purpose whatsoever.

5. The said office building shall be completed and fully equipped in all respects ready for use within one year from the date on which possession of the said land shall have been given to the Bank.

6. Should the said office building not be completed and fully equipped in all respects ready for use within the period stated in the last preceding clause or within such further period as in its discretion may be prescribed or allowed by the said Government of Bengal or should the said land at any time thereafter cease for a period of six consecutive months to be held and used or cease to be required for the purpose or purposes provided for in the foregoing fourth clause, then and in any such case, the said Government may summarily re-enter upon and take possession of the said land together with all buildings thereon whether such buildings were erected before or after transfer of the land to the Bank and thereupon the interest of the Bank in the said land shall absolutely cease and determine.

7. On taking such possession the said Government may sell or otherwise deal with the said land and buildings as it may think proper.

(*i*) Should the said Government sell the land with the buildings the said Government after deducting the expenses incurred in connection with the said taking of possession and with such sale shall pay the proceeds to the Bank.

(*ii*) Should the said Government decide not to sell the land and buildings, the said Government shall retain the said land and buildings thereon in which case the Secretary of State shall repay to the Bank the market value as on the day of re-entry of all the buildings erected by the Bank and all sums received from the Bank in respect of all and every compensation as provided in the foregoing first clause (less the statutory allowance of 15 per cent. and less any amount received on account of trees and buildings which are not in existence at the time of resumption), but will not repay any sums paid and received on account of costs, charges and expenses.

(*iii*) Should the said Government decide to sell the buildings only, upon such sale, the Secretary of State after deducting the expenses of taking possession and selling, pay the balance of the proceeds of sale to the bank, together with the sum received from the Bank in respect of the compensation for the land (less the statutory allowance of 15 per cent. and less any amount received from the Bank on account of trees and buildings which are not in existence at the time of resumption), but will not repay any sum paid and received on account of costs, charges and expenses.

8. The public shall be entitled to use the said land and buildings subject to the laws and rules governing Co-operative Banks and to the by-laws of the Bank.

9. Should any dispute or difference arise touching or concerning the subject matter of this agreement or any covenant clause or thing herein contained the same shall be referred to the said Government of Bengal and the opinion and decision of the said Government upon such dispute or difference shall be final and conclusive and binding on the parties hereto.

In witness whereof the Central Co-operative Bank, Limited, has caused its common seal to be affixed and the Secretary of State for India in Council hath hereunto set his hand and seal the day and year first above written.

[Fourth Publication.]

No. 141.—The 7th June 1929.—The following draft of rules, which, in exercise of the powers conferred by section 11 of the Canals Act, 1864 (Bengal Act V of 1864), and in supersession of the previous notification on the subject, No. 5, dated the 12th April 1915, the Governor in Council intends to make for the lines of navigation known as the Eastern Canals and the Outer Boat Route, as defined in notification No. 230, dated the 23rd July 1895, and for the navigable channels extending from Khulna in the district of Khulna to Magura in the district of Jessore, as defined in notification No. 7, dated the 1st September 1914, is hereby published, as required by section 12 of that Act, for the information of persons likely to be affected thereby.

The draft will be taken into consideration on or after the 15th August 1929, and any objections or suggestions which may be received by the undersigned before that date will be duly considered.

Draft rules.

1. The Superintending Engineer, Southern Circle, may define the limits within which no loading or unloading of cargo from or to vessels or mooring of vessels shall be permitted. The prohibited reaches shall be notified by the supervisor of the channels by posting notices on sign-boards in the locality and also by beat of drum.

2. At places where mooring posts have been provided by the supervisor, vessels desiring to moor shall be made fast to such posts by the bow and stern in a single line along the banks or in such other manner as the supervisor may direct.

3. Vessels, while moored, should be kept as close to the banks as possible. As the water falls, the bow and stern ropes should be slackened and the vessels gradually pushed towards the centre of the channel. During flood tide vessels must be brought as close to the bank as possible.

4. While mooring at the tow-path side all vessels must lower sail and mast and must not erect any high pole, so that the towage of other vessels may not be obstructed.

5. In order to avoid collision or confusion, vessels waiting at the junction of two or more rivers for a favourable tide must be moored at a distance of not less than 1,000 feet from the point of junction.

6. No vessel or raft shall be moored in such a position or navigated in such a way as to endanger the safety or obstruct the passage of other vessels but must be so moored or navigated as prescribed by these rules or as directed by the supervisor of the channel or his assistants.

7. The supervisor may, by posting notices, prohibit the dropping of anchors or the erection of bamboos or poles in any part of the line of navigation.

8. No jetties, either permanent or temporary, for the purpose of loading or unloading cargo shall be constructed without the previous permission of the supervisor.

9. The supervisor, or an assistant authorised by him, may remove any vessel, anchor, pole, or any other thing which he may find in a position which is in contravention of rules 1 to 8 and may deal with them in such a manner as he thinks necessary.

10. Whenever a laden vessel is seized by the supervisor or by his assistants he shall give immediate notice of the same to the owner or his agent and require the removal of the cargo without delay, and shall warn him that he will be required to pay all expenses necessary for the proper custody and storage of the same.

11. Vessels plying in the narrow channels mentioned below shall not use sail:—

(*a*) Guntia Khali khal (in the reach, mile 68 to mile 72).

(*b*) Cut No. 2 (in the reach, mile 78 to mile 82).

(*c*) Baitaghata khal (in the reach, mile 102 to mile 107).

(*d*) Alaipur khal (in the reach, mile 121 to mile 130).

(*e*) Bemorta khal (in the reach, mile 136 to mile 143).

(*f*) Damodar khal (in the reach, mile 152 to mile 156).

(*g*) Banstoli khal (Outer Boat Route).

12. Where there is a tow-path on one bank only, vessels plying with the current shall keep to the opposite bank, and allow towage to those proceeding against the current.

13. No person is permitted to place any obstruction on the channel banks, roads, drains, canal side bridges, etc., which will impede a free passage along them, or cause injury to them, or to commit any nuisance, or to deposit any obnoxious material thereon or in the channel.

14. No person shall deposit goods of any description on the slopes of the channel between the water line and the high bank, without the previous permission of the supervisor except during the actual process of loading or unloading vessels.

15. All timber must be drawn up on to the bank well above the water.

16. No person shall wilfully or negligently allow a vessel to sink in any part of the line of navigation.

17. All vessels, whether travelling or moored in the channel, between sunset and sunrise, must carry a white light in a lantern on the fore-part of the vessel, where it can be distinctly seen from all sides. All steam-vessels in motion shall carry the lights prescribed by the Board of Trade Regulations. Barges or boats attached to a steam-vessel, whether in motion or moored, shall carry the light prescribed

in the first part of this rule. This rule does not apply to small uncovered dinghis, not exceeding 15 feet in length, while moored along the bank.

18. The supervisor may, by posting notices on sign-boards, specify a speed-limit for vessels in any reach.

19. *Wrecks.*—In the case of a wreck the supervisor or his subordinates shall offer every assistance in removing the same.

20. It shall be the duty of the supervisor to mark the wreck and to erect warning signals to avoid danger to navigation.

21. If, after seven days of the occurrence of a wreck, prompt measures are not taken by the owner to remove it from the line of navigation, the supervisor, after giving notice to the owner, may arrange for the removal of the same at the expense of the owner. Further, if a wreck obstructs the fairway, the supervisor may take action at once to remove the same and may incur whatever expense is necessary.

22. In the event of the salvage of a wreck being undertaken by the owner of the vessel, or by his agent, and of the obstruction not being removed within seven days, a fine not exceeding Rs. 5 per day for the period commencing from the 8th day of the wreck, or any other day specified by the supervisor, till the wreck is salved, shall be paid by the owner to the supervisor. If the fine be not paid by the owner or his agent, the vessel or any portion of the cargo may be seized by the supervisor and disposed of by sale as directed in section 9 of the Canals Act 5 of 1864.

23. When the supervisor or his assistants remove a wreck, they shall not be liable for any damage to the vessel or cargo, or for any loss before, or in the process of salvage done by them.

24. As soon as a wrecked vessel is salved by the supervisor or his staff, a notice shall be issued by him calling on those concerned to pay to the supervisor all the charges incurred by him on account of the salvage of the vessel or of removing or guarding the cargo under the following heads:—

(*i*) Actual cost of salving the vessel.

(*ii*) Cost of serving the notice.

(*iii*) Cost of removal, maintenance, custody and protection.

(*iv*) Godown charges.

In case of any dispute regarding such charges, the Executive Engineer concerned, on receipt of a written application from the owner of the vessel, shall decide the amount to be paid and his decision shall be final.

25. The vessel, or its cargo, shall not be handed over to the owner until the charges levied under rule 24 have been paid.

26. If, within fifteen days from the publication of a notice under rule 24, or in the event of an application to the Executive Engineer appealing against the notice within fifteen days of the date of the Executive Engineer's decision, the sum demanded be not paid, the vessel, its furniture and any portion of the cargo recovered, shall be sold by the supervisor, by public auction, and the proceeds dealt with in accordance with section 9 of the Canals Act 5 of 1864.

27. All notices under rules 21, 22 and 24 shall be issued in writing by the supervisor, and despatched in a registered cover to the owner of the vessel. If the owner be not known or cannot be traced, a general notice shall be posted on the notice board of the Executive Engineer's office. Also it shall be announced by beat of drum at the hat nearest to the place of salvage, and also by advertisement in at least one English and one vernacular Calcutta or local newspaper.

28. No officer of any description or rank employed on the canals shall, either directly or indirectly, bid for or purchase any article sold under these rules or under the provisions of the Act.

29. For any infringement of rules 1 to 8 and 11 to 18, the person in charge of the vessel or other person in fault shall, on conviction before a Magistrate, be liable to a fine not exceeding Rs. 50 and to an additional fine not exceeding Rs. 5 for each day that the infringement is continued.

No. 17I.—13th July 1929.—In exercise of the power conferred by section 13 of the Canals Act, 1864 (Bengal Act V of 1864), the Governor in Council is pleased to appoint the Subdivisional Officer (Irrigation), Gopalganj subdivision, in place of the Subdivisional Officer, Haridaspore subdivision, to be the joint supervisor of the lines of navigation mentioned in column 2 against the name of the Subdivisional Officer, Haridaspore subdivision, in notification No. 71., dated the 22nd July 1922, published at page 1444, Part I of the *Calcutta Gazette* of the 26th July 1922.

No. 11204G.—The following amendments which have been made by the High Court of Judicature at Fort William in Bengal in Chapter XI of the "Rules of the High Court, Calcutta, Appellate Side, 1922" are published for general information:—

I. *Substitute* the following for rule 7, Chapter XI, Part II, at pages 94 and 95:—

"7 (*a*). In every case in which an accused person is ordered by the High Court to be released (whether from jail or from bail) or to surrender to his bail, to serve out the sentence of imprisonment imposed on him, on being convicted by the High Court on reference or on appeal by the Local Government or on the dismissal of an appeal made by him, the Bench Clerk shall at once draw up in the former case a release order and in the latter case a surrender to bail order in the prescribed form (see page 100 *post*) and after obtaining the signature of the Judges thereto, send it forthwith together with the High Court file to the Assistant Registrar for issue without waiting for the judgment to be signed. In cases in which an order to surrender to bail is issued under this rule, it must be stated in the order what sentence has been imposed, if passed by the High Court, or whether the sentence of the lower court has been confirmed, reduced or enhanced, and in the event of any reduction or enhancement in sentence being ordered the amount of the reduced or enhanced sentence must be given. Immediately after the issue of the order the Head Assistant shall return the High Court file to the Bench Clerk.

(*b*) Orders for the release of an accused person from jail or from bail or for his surrender to bail are not to be communicated by telegram."

II. *Substitute* the following for the form at the end of Chapter XI, page 100:—

NOTIFICATION.

40-1A, Free School Street, Calcutta, the 12th July 1929.

Test Examination of private candidates for the Matriculation Examination of 1930.

A Test Examination of private candidates will be held in the Senate Hall, Calcutta, from Monday, the 25th November 1929. *Such candidates only as reside in any of the districts of the Presidency Division, including Calcutta, will be admitted to the examination.* The term "private candidates" includes school-masters.

2. Private candidates are those who have not attended any school recognised or unrecognised for at least one year previous to the Matriculation Examination. They should produce proof that they have not attended any school for such period. They should also produce certificates of conduct and progress in studies from the authorities of the last school where they read, and also a certificate from other reliable authorities regarding conduct and progress in studies after leaving school. The transfer certificates granted to them by the authorities of the schools in which they studied last and the Registrar's receipt for the fee paid in the

case of those candidates who previously appeared at the Entrance or the Matriculation Examination, must be submitted in original along with the application for permission to appear at the Test Examination. A statement of the antecedents of the candidate should accompany his application. He should state whether he has read in any unrecognised school, and if so, in what school and in what year. A student, who failed to pass the annual examination for promotion to the first class at the end of the year 1928 and then left school, will in no circumstances be allowed to appear at the Test Examination of 1929.

3. *Bona fide* teachers employed in any of the schools in the Presidency Division may be admitted to the examination. They must produce certificates of service and character from their employers or from the Deputy Inspector of Schools of the district concerned.

4. No one shall be admitted to the Matriculation Examination unless he has completed the age of fifteen years on the first day of the month in which the Matriculation Examination is held.

5. Each candidate should submit to the Inspector of Schools, Presidency Division, and *not to the undersigned personally*, not later than the 2nd November 1929, his application for admission to the Test Examination, with the following particulars :—

(1) Age, (2) residence, (3) father's name, (4) whether he appeared at any previous Entrance or Matriculation Examination, (5) second language besides English, (6) vernacular language, and (7) which two of the following optional subjects he has taken up :—

(*a*) Additional Mathematics.

(*b*) Additional paper in a classical language.

(*c*) History.

(*d*) Geography.

(*e*) Elementary Mechanics.

6. The admission fee for the examination is Rs. 6 for each candidate. This must be remitted with the application on or before the prescribed date, after which a fine of Rs. 2 will be imposed for each week's delay. **In no circumstances will the admission fee be refunded.** All examinees must obtain receipts for fees from the Inspector's office, which should be shown to the Superintendent of the Examination Hall on the first day of the examination.

7. No private student will be admitted to the Test Examination unless he is satisfactorily identified at the Examination Hall during the examination.

8. Candidates who are sent up by this office must appear at the Calcutta Examination centre.

9. Those who reside at a distance from Calcutta may, as special cases, be permitted to sit at the Test Examination at the nearest Government High English School. They will be supplied with printed question papers from this office to which their answer papers should be sent by the Head Master concerned.

10. The date of the Matriculation Examination in 1930 will be notified hereafter.

11. Applications and fees for admission to the examination must reach the office of the Registrar on or before the date to be fixed by the University.

12. *Programme of Test Examination*—

Intermediate and B. A. Examinations in 1930.

Deputy Inspectors, Sub-Inspectors and *bonâ fide* teachers of English schools in the Presidency Division, who have been employed as such for at least three years preceding the examination, will be admitted to the above examinations on production of certificates of character and length of service (with dates) from their employers. Laboratory assistants and demonstrators and librarians of affiliated colleges will be treated as teachers. *Their applications must reach this office on or before the 3rd December 1929.*

1. In accordance with section 9, Chapter XV, of the revised Regulations dealing with the registration of University students, all candidates who intend to appear at any of the ensuing examinations of the University of Calcutta otherwise than as students of affiliated institutions, and who have applied for or have obtained the special permission of the Senate for the purpose, are required to apply to the Registrar of the Calcutta University for the registration of their names as University students. No person will be deemed a "University student" unless and until his name has been duly registered, and none but "University students" will be eligible for admission to any University examination other than the Matriculation. A registration fee of Rs. 2 must accompany every application.

2. Candidates for the B. A. Examination must send to the Inspector of Schools, Presidency Division, and *not to the undersigned personally*, their F. A., I. A., or I. Sc. certificates, and candidates for the Intermediate Examination their Entrance and Matriculation certificates, together with a letter in original from the Senate of the Calcutta University, permitting them to appear at the examination.

3. Candidates should carefully read the printed form of application and supply all the information required by the University, including the Registrar's receipt in the case of those school-masters who were admitted to a previous examination of the same class.

4. The dates of the Intermediate and B. A. Examinations in 1930 will be notified hereafter.

5. Applications with the countersignature of the undersigned and fees for admission to the above examinations must reach the *office of the Registrar on or before the dates to be fixed by the University*, and must be sent to that office by the candidates direct.

THE Bengal and Madras Service Family Pension Fund which is provisionally managed and assisted by Government has for its object the provision of monthly pensions for the maintenance of the widows and children of subscribers and is open, with certain exceptions, to all active and pensioned members of the Uncovenanted service of Government (except those serving under the Government of Bombay), and to Local Fund servants earning pensions from Government. Some of the special features of the fund are—(1) that widowed daughters incapable of remarriage or children labouring under such mental or bodily infirmities as incapacitate them from earning their livelihood or preclude the possibility of marriage (in case of a daughter) are admitted to its benefits ; and (2) that subscribers to the Widows' and Daughters' branches are entitled to a refund of 30 per cent. of the premia paid, should the nominee predecease them after five years of admission. The second quinquennial valuation of the Fund has been completed by the Actuary to the Government of India, and his report discloses very favourable results. For forms of application and rules of the Fund apply to the Accountant-General, Bengal, Imperial Secretariat Buildings, Calcutta.

CONSOLIDATED STATEMENT FOR BENGAL, BIHAR AND ORISSA AND ASSAM.

[This Forecast deals with estimates of areas only. Estimates of outturn are dealt with in the Final Forecast.]

Area in 1929.—The estimated area of jute in the three provinces in the present season is 3,319,500 acres, an increase of 175,100 acres, or about 6 per cent. as compared with the figure for 1928.

The consolidated figures are as follows:—

PRELIMINARY FORECAST OF THE JUTE CROP OF BENGAL, 1929.

[NOTE.—On an average of the five years ending 1926-27, the area under jute in Bengal, to which this Forecast relates, represents some 84·7 per cent. of the total area under jute in British India.]

The Preliminary Forecast deals only with the estimates of area sown and the condition of the crop at the time of publication of the forecast. The estimates of area are based on information received through the Collectors from the Revenue staff; also from Panchayets and Agricultural Officers.

Area sown in 1929.—In Bengal, district returns for the present season show a total area of 2,902,500 acres, an increase of about 200,200, or about 7 per cent., as compared with the final figures for 1928.

Character of the season.—The season, on the whole, was favourable for sowing in East and North Bengal, though drought in February-March hindered operations in certain areas. Good showers in April, however, facilitated sowing, and more than last year's area was sown in some districts. The rainfall in early June was heavy in parts of East Bengal and caused water-logging in lowland tracts. Early rise of rivers has also somewhat damaged lowland crops in parts of North and East Bengal, and necessitated premature harvesting. The highland crop, on the other hand, is reported to be faring well. In the western districts, drought affected early sowing, and growth was not uniform. Occasional showers later on enabled further sowings to be made, and the late crop is thriving generally.

Present state of the crop.—Excepting in the tracts affected by floods and consequent rise of rivers, the present condition may be regarded as satisfactory.

Stocks.—Stocks of fibre from last year's crop are reported to be small.

APPENDIX I.

Preliminary Jute Forecast of 1929.

District.	Estimated area under jute—		Whether much, little or no jute remains in the district from the crop of 1928.	Date by which the sowing of the crop generally commenced this year, and whether the date was early, normal or late.	Remarks by District Officers.
	Last year.	This year.			
1	2	3	4	5	6
	Acres.	Acres.			
24-Parganas ..	64,000	68,000	Nil ..	Third week of April.	Increase in area is due to favourable weather at sowing time. Subsequently the crop was affected by prolonged drought. Present condition of the crop is fair.
Nadia ..	58,000	61,800	Little ..	Beginning of May. Late.	Increase in area is due to sufficient rain at sowing time. Character of weather and present condition of the crop are fair on the whole, but more rain is urgently needed.
Murshidabad ..	31,000	33,000	Nil ..	Middle of April. Rather early.	Increase in area is due to favourable weather at sowing time. Subsequently insufficient rain retarded the growth. Present condition of the crop is good.
Jessore ..	95,000	100,000	Little ..	Latter part of April and beginning of May. Normal	Increase in area is due to favourable weather on the whole. Insects caused slight damage in the Sadar subdivision. Present condition of the crop is good.
Khulna ..	31,000	32,000	Little ..	Middle of May. Late.	The weather and the present condition of the crop have been fair.
Burdwan ..	4,000	3,000	65 per cent. ..	Middle of May to beginning of June. Normal.	Decrease in area is due to low price last year and to want of timely rain. The weather was not favourable at sowing time but has since been favourable. Present condition of the crop is fair.
Midnapore ..	7,000	7,200	Very small ..	Between May and June. Late.	Slight increase in area is due to favourable weather at sowing time in Tamluk subdivision. The weather and condition of the crop have been fair.
Hooghly ..	29,000	27,500	Little ..	End of May. Late.	Slight decrease in area is due to low price last year and to drought at sowing time. The weather has not been favourable owing to drought, which caused some damage. The situation has somewhat improved, but the prospects are not very promising. Rain is needed for the growth of the plants.
Howrah ..	9,000	6,700	Little ..	Beginning of May. Late.	Decrease in area is due to unfavourable weather conditions owing to drought. Present condition of the crop is fair.
Rajshahi ..	85,000	92,000	Little ..	April. Normal	Increase in area is due to favourable rains at the time of sowing, and to low price of winter rice last year. The weather has not been favourable owing to want of rain, which has caused damage to some extent. Present condition of the crop is fair.
Dinajpur ..	66,000	71,000	Very little ..	First part of April. Normal.	Increase in area is due to timely rain at sowing time. The weather was favourable at sowing time, but its effects on the growth have not been favourable owing to too much rain. Present condition of the crop is fair.
Jalpaiguri ..	49,000	42,000	Nil ..	Normal ..	Decrease in area is due to low price last year. The rainfall was rather irregular at sowing time, but the effects of weather have been favourable. Present condition of the crop is good.
Darjeeling ..	4,000	3,500	Nil ..	April. Normal	Decrease in area is due to low price of the crop last year, and to unequal distribution of rain at sowing time. Subsequently the weather has been favourable. Present condition of the crop is good.
Rangpur ..	298,000	320,000	Little ..	April. Normal	Increase in area is due to expectation of high price this year. The weather has not been very favourable, owing to constant rain, and the growth of the crop is somewhat stunted. Present condition of the crop is fair.
Bogra ..	90,000	100,000	Little ..	February. Normal.	The increase in area is due to favourable weather during sowing time. The season opened with good rainfall, but drought from the middle of May is responsible for the stunted growth of the crop. Prospects of the crop are fair.
Pabna ..	142,000	155,000	Very little ..	Middle of March. Somewhat early.	Increase in area is due to favourable weather at sowing time, and to rise of market in February. The weather was rather favourable at sowing time, but heavy rain subsequently retarded the crop, causing growth of weeds. Lowland crop has been damaged by the untimely rise of rivers. Present condition of the crop is fair.

District.	Estimated area under jute—		Whether much, little or no jute remains in the district from the crop of 1928.	Date by which the sowing of the crop generally commenced this year, and whether the date was early, normal or late.	Remarks by District Officers.
	Last year.	This year.			
1	2	3	4	5	6
	Acres.	Acres.			
Malda ..	30,000	38,000	Nil ..	April. Normal	Increase in area is due to extension of jute cultivation. The weather has been unfavourable owing to drought, which has caused some damage. Present condition of the crop is fair.
Dacca ..	321,000	347,000	Very little ..	End of February and beginning of March. Normal.	Increase in area is due to favourable weather at sowing time, and to low prices of gur and paddy and to ravages caused by water-hyacinth on paddy. The weather has been favourable on the whole, but the growth of the crop was retarded by drought, and later by excessive rain. The lowland crop has been damaged by the sudden rise of water level. The present condition is fair.
Mymensingh ..	650,000	650,000	Little ..	Late, except in the eastern part of the district.	The weather has been unfavourable, except in the Tangail subdivision. Excessive rain has affected the growth of the crop in lowlands, and caused damage from waterlogging, except in Tangail and Jamalpur subdivisions. Present condition of the crop is not very satisfactory, except in Tangail and Jamalpur.
Faridpur ..	246,000	300,000	Practically nil	End of March. Late.	Increase in area is due to expectation of a better price. Late rainfall delayed sowings, but weather was favourable when the sowings were started. The effects of weather are fair on the whole, though continuous rainfall in May interfered with the weeding and growth of the crop. Present condition of the crop is fair on the whole.
Bakarganj ..	45,000	50,000	Very little ..	Normal ..	The weather was on the whole favourable at sowing time, but early rise of flood water has affected the growth of the crop in lowlying areas. Present condition of the crop is fair.
Chittagong ..	300	200	The crop is grown for domestic purposes.	Middle of May. Normal.	The weather has been seasonable and the present condition of the crop is fair.
Tippera ..	268,000	300,000	Little ..	April. Normal	Heavy rains in May caused rise of rivers prematurely, and made weeding difficult, and retarded growth in parts of the district. Recent floods have inundated the north of Brahmanbaria subdivision and caused damage to an appreciable extent. Present condition of the crop is fair on the whole.
Noakhali ..	50,000	62,000	Very little ..	March-April. Normal.	Increase in area is due to low price of paddy last year, and to favourable weather condition at sowing time. Drought in May somewhat retarded the growth, but subsequent rainfall has improved the condition.
Total for Bengal ..	2,667,300	2,869,900			
Cooch Behar ..	32,000	30,100	Little ..	Middle of March to middle of April. Normal, except in Toofanganj where it was late.	Decrease in area is due to low price of jute last year. The weather has not been favourable on the whole. Present condition of the crop is fair.
Tripura State ..	3,000	2,500	Very little ..	April ..	Decrease in area is due to low price. The weather has not been favourable. Incessant rains interfered with the sowings. Present condition of the crop is not hopeful.
GRAND TOTAL ..	2,702,300	2,902,500

DEPARTMENT OF AGRICULTURE, BIHAR AND ORISSA.

PRELIMINARY FORECAST OF THE JUTE CROP OF BIHAR AND ORISSA, 1929.

[NOTE.—On an average of the five years ending 1926-27, the area under jute to which Bihar and Orissa Forecast relates, represents about 9·0 per cent. of the total area under jute in British India.]

The present forecast deals only with the estimated area sown. It gives also a general survey of prospects, but makes no reference to the probable outturn either in percentage figures or in bales.

2. **Acreage.**—I estimate the area sown during the current and four preceding years in round numbers as follows:—

Year.	Acreage.
1925	263,200
1926	297,000
1927	241,000
1928	247,000
1929	231,400

3. **Weather conditions.**—In March light showers fell in the jute districts. The fall was normal in Bhagalpur and above the normal in Champaran, the Santal Parganas and Balasore and below the normal in the remaining three jute districts. In April the rainfall was below the normal in Purnea, Cuttack and also in Champaran and Balasore, and above the normal in the remaining three jute districts. In May the rainfall was below the normal everywhere, except Champaran and the Santal Parganas where it was above the normal. In June rain fell in all the jute districts; the fall was light to moderate everywhere. The weather conditions are reported to be favourable except in Purnea and Cuttack. Sowings are still going on in Purnea, the Santal Parganas, Cuttack and Balasore.

4. **District returns.**—The total area under jute is estimated by District Officers in round figures at 185,100 acres. Last year's revised area was 247,000 acres and, in my opinion, this year's figure is likely to be not less than 231,400 acres.

5. **Condition and prospects.**—The condition of the crop is fair to good.

6. **General.**—The quantity of jute which remains in the jute districts from the crops of 1928 is reported to be small.

The statement below compares the estimated area under jute in this province this year with the preliminary and final figures of last year:—

Name of province.	Estimated acreage under jute.			Difference between the preliminary forecast of 1929 and final forecast of 1928.

APPENDIX I.

First Forecast of the Jute Crop of Bihar and Orissa, 1929.

Division.	District.	Total area of the district.	Estimated total area under cultivation.	Estimated normal area under jute. (The figure has been arrived at by taking the average of 10 years immediately preceding the year to which this forecast relates.)	Estimated area under jute.		Whether much, little or no jute remains in the district from the crop of 1928.	Date by which the sowing of the crop generally commenced this year, and whether that date was early, normal or late.	Remarks by District Officers.
					Last year (1928) (Final figures).	This year (1929).			
1	2	3	4	5	6	7	8	9	10
		Acres.	Acres.	Acres.	Acres.	Acres.			
Tirhut	Champaran	2,263,194	1,430,200	1,500	1,500	1,500	Little	April ..	The weather and rainfall have been favourable. The present condition of the crop is good. The date of sowing was normal and has been completed.
	Muzaffarpur ..	1,934,630	1,627,000	2,200	3,300	4,000	Nil ..	March (normal) ..	The condition of the crop is good. The date of sowing was normal. The increase in area is due to the fact that jute has been sown in large area in Sahebganj thana.
Bhagalpur ..	Bhagalpur	2,661,120	1,684,100	2,000	3,385	4,107	Little ..	May (normal) ..	The cultivation of jute has increased in Supaul subdivision as the cultivators are much benefited by its cultivation.
	Purnea	3,196,160	1,694,400	178,200	170,000	160,000	Little ..	April	The weather and rainfall were not favourable for the growth of the crop except in the Kishanganj subdivision. The present condition of the crop is fair in Sadar and Araria but good in Kishanganj subdivision. The sowing was late at places for want of timely rainfall. At other places it was normal where jute was sown in low lands. Sowing is still continuing. The crop of this year is expected to be the same as that of last year. The slight decrease in area is due to late rainfall.

DEPARTMENT OF AGRICULTURE, ASSAM.

PRELIMINARY FORECAST OF THE JUTE CROP OF ASSAM, 1929.

[NOTE.—On the average of the five years ending 1926-27, the area under jute in Assam represents 5·0 per cent. of the total area under the crop in British India.]

Character of season.—The character of weather was seasonable during the ploughing time, but was unfavourable for sowing on account of rain. The occasional heavy rainfall which continues till now hampered weeding operation greatly and has been very injurious to the crop throughout the province. Considerable damage was done to the crop by heavy rains and floods, especially in the Surma Valley and the district of Nowgong. On the whole the season this year is bad and the present condition of the crop is unsatisfactory.

2. **Area sown.**—The total area of jute as estimated by the Deputy Commissioners is 185,600 acres against the final area of 195,100 acres of last year. The decrease occurred in the districts of Kamrup, Darrang, Nowgong, Lakhimpur and Garo Hills.

3. **Stock.**—As reported by the Deputy Commissioners, little jute remains from the crop of last year in the districts of Goalpara, Kamrup, Darrang and Nowgong.

Cachar ..	300	300	300*	..	..	....	Beginning of April Normal.	....
Sylhet ..	20,000	19,000	19,000	..	..	No ..	First part of April. Normal.	The weather has been unfavourable for the growth of the crop on account of excessive rain and flood. Weeding was almost impossible and the plants could not thrive well on that account. Rain and flood have caused considerable damage to the crop and the prospects appear to be worse than in last year
Goalpara ..	60,000	61,200	73,000	11,800	..	Little ..	March. Normal	The increase in area is due to the extension of cultivation. The character of weather has been unsatisfactory owing to excessive rains which hampered the growth of the crop to a certain extent. Flood and hailstorm are reported to have damaged the crop in places.
Kamrup ..	15,000	28,600	16,500	..	12,100	Little ..	Beginning of April. Normal.	The condition of weather has not been favourable since the time of sowing owing to heavy rainfall Thus the growth of the crop has been hampered to some extent. Some damage is reported to have been caused by flood. The present prospects of the crop seem to be worse than last year.
Darrang ..	12,600	19,700	17,300	..	2,400	Little ..	Middle of April. Normal.	The decrease in area is due to the unfavourable weather at the sowing time and to the low price of jute in last year. The weather has been almost rainy till now and not favourable to the crop. Heavy rain is reported to have damaged the crop to a certain extent. The present condition of the crop is rather bad.
Nowgong ..	40,000	59,600	53,000	..	6,600	Little ..	March. Early	The heavy rainfall at the time of sowing is responsible for the decrease in area. The weather condition has been unfavourable on account of excessive rain. Considerable damage was done by rains and floods in the district and the crop appears to be worse than in previous year.
Sibsagar ..	300	200	300	100	..	No ..	Early April. Normal.	There was extension of cultivation under the crop. Rain interfered with sowing and, though it was beneficial for growth to some extent, the weather was not on the whole very favourable for growth. Considerable damage was done by heavy rain in the Sibsagar subdivision. The present condition of the crop is worse than that of last year.
Lakhimpur ..	200	1,400	1,200	..	200	No ..	April. Normal	The weather has been almost rainy from the middle of April till now. Some damage has been done to the crop by flood in the lowlying areas. The prospects of the crop are not favourable.
Garo Hills (Plains)	3,300	5,100	5,000	..	100	Nil ..	Middle of March. Normal.	The condition of weather has not been favourable for the cultivation and growth of the crop on account of occasional heavy rains. The prospects of the crop appear to be worse than that of last year.

J. C. Roy, for *Director of Agriculture, Bengal.*

DEPARTMENT OF AGRICULTURE, BENGAL.

Monthly Weather and Crop Report of Bengal for June 1929.

I. **Character of the season.**—During the month under review, rainfall was general all over the Presidency. It was above the normal in eight districts only, while in the rest of the Presidency the fall was below the average. The usual rainfall statement is appended.

II. **Progress of agricultural operations.**—Preparation of lands for and sowing of winter paddy in seedbeds were progressing, but transplantation could not be started in places for want of adequate rain, especially in some West and North Bengal districts. Weeding of autumn crops continued during the early part of the month. Owing to early rise of rivers, harvesting of lowland jute commenced from the latter part of the month.

III. **State of standing crops.**—The state of standing crops was, on the whole, fair, except in some East Bengal districts, where the crops were adversely affected by excessive rain and early flood.

IV. **Prospects and probable outturn.**—The prospects of sugarcane and deep-water paddy were generally promising. The outturn of autumn paddy is expected to be satisfactory, except in some East Bengal districts where untimely flood affected the crop.

V. **Damage to standing crops.**—Except for damage by flood in some Eastern districts, no injury to crops was reported from any part of the Province.

VI. **Condition of agricultural stock.**—The condition of live-stock was, on the whole, fair. Stray cases of cattle-disease however, were, reported from eleven districts of the province and from the Tripura State.

VII. **Failure of pasturage and fodder.**—Except in areas affected by flood, no insufficiency of fodder was reported from any part of the province.

VIII. **Prices of food-grains.**—During the second fortnight of the month, the retail price of common rice of the cheapest quality rose in fifteen districts, fell in one, and remained stationary in the rest of the Presidency. The prices ranged from 5½ seers per rupee in the 24-Parganas to 8 seers per rupee in Midnapore and the Chittagong Hill Tracts.

IX. **Condition of agricultural population.**—The condition of agricultural population was, on the whole, fair, except in the areas affected by flood.

G. P. HECTOR,
Director of Agriculture, Bengal (offg.).

Howrah.—No. 2074M.—12th July 1929.—The following proposed plan for lighting a portion of the Bally Municipality in the district of Howrah, which has been submitted by the Commissioners of that municipality to the Government of Bengal for sanction under sections 308 and 319 of the Bengal Municipal Act, 1884 (Bengal Act III of 1884), read with rule 2 (2) of the Transferred Subjects (Temporary Administration) Rules, is published for the information of persons likely to be affected thereby.

2. The proposed plan will be taken into consideration on the 2nd September 1929, and any objection or suggestion which may be received by the undersigned through the District Magistrate before that date will be duly considered:—

Proposed Plan.

1. The portion of the Bally Municipality which it is proposed to be lighted with electricity is defined below:—

North—Bally Khal.

East—River Hooghly.

South—A line as indicated by boundary marks, commencing from the river Hooghly at the eastern extremity of the road (now closed), formerly known as Joya Bibi Lane, but now included within the Central Jute Mill; thence along the line formerly occupied by that road to the existing Joya Bibi Lane, thence along the western and northern side of Joya Bibi Lane up to its junction with the bustee road at the south of the Victoria Cotton Mill; thence along the northern side of that road to its junction with Girish Ghosh Lane; thence across Girish Ghosh Lane to Chandalpara Lane up to its junction with Grand Trunk Road; thence along the western side of the Grand Trunk Road up to its junction with Kali Mozumdar Road; thence along the northern side of Kali Mozumdar Road up to its junction with Dharmatola Lane; thence along the eastern and northern sides of Dharmatola Lane to a point where it meets the East Indian Railway line at the centre of the up-passenger main line.

West—East Indian Railway line.

2. Four hundred additional electric lamps will be installed on the roads as shown in the accompanying statements A and B. The Commissioners have entered into an agreement with the Calcutta Electric Supply Corporation, Limited, for the installation of these lamps and for their maintenance at the annual rate of Rs. 30-6-10 and Rs. 19-14-1 for each lamp of 60 and 30 watts, respectively, or at a total cost of about Rs. 8,220 burning 25,000 hours per annum.

3. The Municipal Commissioners propose to meet the charge to be incurred on account of lighting the aforesaid area by imposing an annual lighting rate of 2 per cent. on the annual value of all holdings situated within the area to be lighted as defined in paragraph 1 of the plan. The income to be derived from the lighting rate from the aforesaid area is estimated to be about Rs. 8,300.

Separate Revenue.

NOTIFICATION.

No. 442S.R.—23rd July 1929.—In exercise of the power conferred by section 27 of the Court-fees Act, 1870 (VII of 1870), the Governor in Council is pleased to order that the following amendments be made to the rules published under the Government of Bengal, Finance Department, notification No. 275S.R., dated the 9th March 1907. The amended rules will come into operation with effect from the 1st August 1929.

1. In rule 53 of the said rules *for* the words "Controller of Printing, Stationery and Stamps" *substitute* the words "Collector of Stamp Revenue, Calcutta."

2. *For* rules 55 and 56 of the said rules *substitute* the following, namely:—

"55. At convenient intervals, not less frequent than once a fortnight, stamped papers, in respect of which refund or renewal has been granted, shall be forwarded by the Collector (except the Collector of Calcutta) to the Collector of Stamp Revenue, Calcutta, in a sealed packet for destruction, together with an extract from the refund register relating to each stamp.

56. On receipt of covers containing these stamps, they shall be opened in the presence of the Collector of Stamp Revenue who will check the contents with reference to the extracts from the refund register. He will then examine the stamps to see that they have been correctly cancelled according to rule and to ascertain that they are genuine and in order, will compare them with a certified set of stamps which shall be kept in his custody for the purpose. Stamps shall be

entered in order of receipt in a manuscript register in the following form :—

57. Spoilt, unsaleable and unserviceable stamps shall be sent to the Collector of Stamp Revenue for destruction in like manner, with a statement showing the description of the stamps, their quantity and face value and an explanation of the circumstances under which their destruction was rendered necessary. The Collector of Stamp Revenue shall dispose of them in the manner set out in rule 56, entering them in the receipt register and destruction certificate. When damaged stamps are sent to the Collector of Stamp Revenue owing to stamps sticking together, whole sheets should not be sent, but only stamps which have actually stuck together.

58. In cases where stamps are received without extracts from the refund register or without the statement required in rule 57 or where discrepancies between the register or statement and the actual quantity or value of stamps received or any other irregularity are noticed, the stamps shall not be destroyed until the irregularity has been adjusted. In cases where an irregularity or discrepancy cannot be reconciled, the Collector concerned shall be informed and he shall report the case for orders of the Government of Bengal in the Finance Department.

59. To supervise the destruction of stamps of the Calcutta Collectorate an officer shall be appointed, who will attend at the office of the Collector of Calcutta as required for this purpose. On the day prior to the day on which he will attend, a destruction certificate in duplicate and for damaged stamps a statement as prescribed in rule 57 will be prepared in the Calcutta Collectorate for all stamps ready for destruction up to the close of the day next but one before the day fixed for the attendance of the appointed officer. This officer on arrival shall compare the stamps for destruction with the entries in the refund register or the statement of damaged stamps and the destruction certificate. He shall also examine the stamps to see that the stamps in respect of which refund or renewal has been granted have been correctly cancelled according to rule, and to ascertain that all stamps for destruction are genuine and in order, shall compare them with the certified set of stamps kept in the custody of the Collector for this purpose. He shall then supervise the burning of the stamps and shall afterwards note the date of destruction in the refund register and sign both the refund register and the destruction certificate. The duplicate copy of the destruction certificate shall forthwith be sent to the Accountant-General, Bengal. In cases where any discrepancies or irregularities are noticed, the procedure set out in rule 58 of these rules shall be followed.

The areas proposed to be reserved will be an extension of the Harbhang-Chunati Reserve Forest, reserved in Government notification No. 3481 For., dated the 27th November 1903.

The Governor in Council is pleased to appoint the Settlement Officer of Chittagong to be the Forest Settlement Officer. He will, under the provision of Chapter II of the Indian Forest Act, enquire into and determine the existence, nature and extent of any right alleged to exist in favour of any person, in or over any land, comprised within the revisional survey plots, specified above.

The Governor in Council is also pleased, under section 17 of the Indian Forest Act, to appoint the Collector of Chittagong District to hear appeals from the decision of the Forest Settlement Officer as above appointed.

A plan of the land may be inspected in the office of the Settlement Officer, Chittagong.

Chittagong.—No. 9591For.—17th July 1929.—Under the provisions of section 4 of the Indian Forest Act, 1927 (Act XVI of 1927), the Governor in Council declares that it is proposed to constitute as reserved forest the land situated in the village described in the schedule below:—

District Chittagong.

NOTIFICATIONS.

[Fifth Publication.]

No. 141.—The 7th June 1929.—The following draft of rules, which, in exercise of the powers conferred by section 11 of the Canals Act, 1864 (Bengal Act V of 1864), and in supersession of the previous notification on the subject, No. 5, dated the 12th April 1915, the Governor in Council intends to make for the lines of navigation known

as the Eastern Canals and the Outer Boat Route, as defined in notification No. 230, dated the 23rd July 1895, and for the navigable channels extending from Khulna in the district of Khulna to Magura in the district of Jessore, as defined in notification No. 7, dated the 1st September 1914, is hereby published, as required by section 12 of that Act, for the information of persons likely to be affected thereby.

The draft will be taken into consideration on or after the 15th August 1929, and any objections or suggestions which may be received by the undersigned before that date will be duly considered.

Draft rules.

1. The Superintending Engineer, Southern Circle, may define the limits within which no loading or unloading of cargo from or to vessels or mooring of vessels shall be permitted. The prohibited reaches shall be notified by the supervisor of the channels by posting notices on sign-boards in the locality and also by beat of drum.

2. At places where mooring posts have been provided by the supervisor, vessels desiring to moor shall be made fast to such posts by the bow and stern in a single line along the banks or in such other manner as the supervisor may direct.

3. Vessels, while moored, should be kept as close to the banks as possible. As the water falls, the bow and stern ropes should be slackened and the vessels gradually pushed towards the centre of the channel. During flood tide vessels must be brought as close to the bank as possible.

4. While mooring at the tow-path side all vessels must lower sail and mast and must not erect any high pole, so that the towage of other vessels may not be obstructed.

5. In order to avoid collision or confusion, vessels waiting at the junction of two or more rivers for a favourable tide must be moored at a distance of not less than 1,000 feet from the point of junction.

6. No vessel or raft shall be moored in such a position or navigated in such a way as to endanger the safety or obstruct the passage of other vessels but must be so moored or navigated as prescribed by these rules or as directed by the supervisor of the channel or his assistants.

7. The supervisor may, by posting notices, prohibit the dropping of anchors or the erection of bamboos or poles in any part of the line of navigation.

8. No jetties, either permanent or temporary, for the purpose of loading or unloading cargo shall be constructed without the previous permission of the supervisor.

9. The supervisor, or an assistant authorised by him, may remove any vessel, anchor, pole, or any other thing which he may find in a position which is in contravention of rules 1 to 8 and may deal with them in such a manner as he thinks necessary.

10. Whenever a laden vessel is seized by the supervisor or by his assistants he shall give immediate notice of the same to the owner or his agent and require the removal of the cargo without delay, and shall warn him that he will be required to pay all expenses necessary for the proper custody and storage of the same.

11. Vessels plying in the narrow channels mentioned below shall not use sail:—

(*a*) Guntia Khali khal (in the reach, mile 68 to mile 72).
(*b*) Cut No. 2 (in the reach, mile 78 to mile 82).
(*c*) Baitaghata khal (in the reach, mile 102 to mile 107).
(*d*) Alaipur khal (in the reach, mile 121 to mile 130).
(*e*) Bemorta khal (in the reach, mile 136 to mile 143).
(*f*) Damodar khal (in the reach, mile 152 to mile 156).
(*g*) Banstoli khal (Outer Boat Route).

12. Where there is a tow-path on one bank only, vessels plying with the current shall keep to the opposite bank, and allow towage to those proceeding against the current.

13. No person is permitted to place any obstruction on the channel banks, roads, drains, canal side bridges, etc., which will impede a free passage along them, or cause injury to them, or to commit any nuisance, or to deposit any obnoxious material thereon or in the channel.

14. No person shall deposit goods of any description on the slopes of the channel between the water line and the high bank, without the previous permission of the supervisor except during the actual process of loading or unloading vessels.

15. All timber must be drawn up on to the bank well above the water.

16. No person shall wilfully or negligently allow a vessel to sink in any part of the line of navigation.

17. All vessels, whether travelling or moored in the channel, between sunset and sunrise, must carry a white light in a lantern on the fore-part of the vessel, where it can be distinctly seen from all sides. All steam-vessels in motion shall carry the lights prescribed by the Board of Trade Regulations. Barges or boats attached to a steam-vessel, whether in motion or moored, shall carry the light prescribed in the first part of this rule. This rule does not apply to small uncovered dinghis, not exceeding 15 feet in length, while moored along the bank.

18. The supervisor may, by posting notices on sign-boards, specify a speed-limit for vessels in any reach.

19. *Wrecks.*—In the case of a wreck the supervisor or his subordinates shall offer every assistance in removing the same.

20. It shall be the duty of the supervisor to mark the wreck and to erect warning signals to avoid danger to navigation.

21. If, after seven days of the occurrence of a wreck, prompt measures are not taken by the owner to remove it from the line of navigation, the supervisor, after giving notice to the owner, may arrange for the removal of the same at the expense of the owner. Further, if a wreck obstructs the fairway, the supervisor may take action at once to remove the same and may incur whatever expense is necessary.

22. In the event of the salvage of a wreck being undertaken by the owner of the vessel, or by his agent, and of the obstruction not being removed within seven days, a fine not exceeding Rs. 5 per day for the period commencing from the 8th day of the wreck, or any other day specified by the supervisor, till the wreck is salved, shall be paid by the owner to the supervisor. If the fine be not paid by the owner or his agent, the vessel or any portion of the cargo may be seized by the supervisor and disposed of by sale as directed in section 9 of the Canals Act 5 of 1864.

23. When the supervisor or his assistants remove a wreck, they shall not be liable for any damage to the vessel or cargo, or for any loss before, or in the process of salvage done by them.

24. As soon as a wrecked vessel is salved by the supervisor or his staff, a notice shall be issued by him calling on those concerned to pay to the supervisor all the charges incurred by him on account of the salvage of the vessel or of removing or guarding the cargo under the following heads:—

(*i*) Actual cost of salving the vessel.
(*ii*) Cost of serving the notice.
(*iii*) Cost of removal, maintenance, custody and protection.
(*iv*) Godown charges.

In case of any dispute regarding such charges, the Executive Engineer concerned, on receipt of a written application from the owner of the vessel, shall decide the amount to be paid and his decision shall be final.

25. The vessel, or its cargo, shall not be handed over to the owner until the charges levied under rule 24 have been paid.

26. If, within fifteen days from the publication of a notice under rule 24, or in the event of an application to the Executive Engineer appealing against the notice within fifteen days of the date of the Executive Engineer's decision, the sum demanded be not paid, the vessel, its furniture and any portion of the cargo recovered, shall be sold by the supervisor, by public auction, and the proceeds dealt with in accordance with section 9 of the Canals Act 5 of 1864.

27. All notices under rules 21, 22 and 24 shall be issued in writing by the supervisor, and despatched in a registered cover to the owner of the vessel. If the owner be not known or cannot be traced, a general notice shall be posted on the notice board of the Executive Engineer's office. Also it shall be announced by beat of drum at the hat nearest to the place of salvage, and also by advertisement in at least one English and one vernacular Calcutta or local newspaper.

28. No officer of any description or rank employed on the canals shall, either directly or indirectly, bid for or purchase any article sold under these rules or under the provisions of the Act.

29. For any infringement of rules 1 to 8 and 11 to 18, the person in charge of the vessel or other person in fault shall, on conviction before a Magistrate, be liable to a fine not exceeding Rs. 50 and to an additional fine not exceeding Rs. 5 for each day that the infringement is continued.

No. 191.—19th July 1929.—In exercise of the powers conferred by sections 6 and 11 of the Canals Act, 1864 (Bengal Act V of 1864), the Governor in Council is pleased to make and fix, with effect from the 10th August 1929, the following rules and schedule of rates of toll for the Nalchiti-Koterdone Khal joining the Nalchiti river in the north and Biskhali Done leading to the Bakarganj river in the south, in the district of Bakarganj:—

Rules and schedules of rates of tolls.

1. Every vessel on entering the channel and before passing the gate at either end or even when entering the channel from a side khal between the gates shall be liable to measurement for the purpose of ascertaining the tolls payable; in case of any reasonable doubt arising, a vessel may be measured again by any person appointed by the District Board of Bakarganj on this behalf.

2. Vessels for the purpose of the determination of maundage shall be divided into two classes as below:—

Class I.—To include all vessels of the types of country boats, including saltees and hapors (fish cages), house boats, kosh boats, green boats, etc.

Class II.—To include steam boats, motor boats, flats and barges and other square-built vessels.

3. The maundage of every vessel, whether laden or empty, shall, for the purpose of Act V (B. C.) of 1864 and of these rules, be determined by the following measurements:—

CLASS I.

A. The product of one quarter the length of the vessel from stem to stern, measured along the water line, multiplied by the interior greatest breadth of the vessel, multiplied by the depth from the water-line to the interior bottom of the vessel, is to be taken as equal to the number of maunds upon which tolls shall be levied.

B. The measurement of the length is to be made in feet, rejecting inches; the measurement of breadth and depth is to be made in feet and quarters of a foot, rejecting any remainder of less than a quarter of a foot.

C. The maundage on which the amount of toll is calculated shall be reckoned to the nearest integral multiple of 12½ maunds, any remainder of less than 12½ maunds being rejected. In the case of vessels exceeding 500 maunds by measurement, the maundage shall be reckoned to the nearest integral multiple of 50 maunds, rejecting any remainder of less than 50 maunds.

D. **Saltees.**—The product of one quarter of the inside length of the vessel, measured along the centre line from stem to stern, multiplied by the interior greatest breadth of the vessel, multiplied by the greatest depth measured from the top to the interior bottom of the vessel, is to be taken as equal to the number of maunds upon which tolls shall be levied.

CLASS II.

For vessels of class II the number of maunds obtained by the system of measurement prescribed for vessels of class I shall be increased by one-half. For vessels of this class above 5,000 maunds measurement, the maundage shall be reckoned to the nearest integral multiple of 500 maunds, rejecting any remainder of less than 500 maunds. In the case of steamers and motor boats the maundage determined as above shall be reduced by one-third as an allowance of engine space.

For vessels of class II which are furnished with reliable way bills, the gross maundage of cargo shown by the way bills or in the case of steamers, the maundage obtained from multiplying the registered tonnage of the steamer by 27, may, at the option of the employer of the vessel or the steamer (as the case may be), be taken as the maundage on which tolls will be charged.

4. After the measurement the person in charge of the vessel shall be provided with a slip showing the maundage to be charged, which must be presented at the toll office where he will be provided with a ticket, after payment of toll, which will permit the vessel to pass the gate or proceed through the channel.

5. Every ticket shall have entered on it the name of the sarang, manjee or other person in charge of the vessel, the date of entry, the maundage, the cargo, the amount of toll charged and the number of days for which the ticket remains current.

6. All tolls are payable on demand and shall be paid at the toll office before a vessel is permitted to proceed.

7. The ticket must be kept on board the vessel and in possession of the person in charge of the vessel and must be produced for inspection when demanded by the person authorised to collect tolls, or by any officer to whom such person is subordinate. If on demand the ticket is not produced, such person or officer shall assess the tollage as provided in rules 3 and 12 and shall require payment of toll, and unless and until the toll is paid, or the original ticket or a duplicate is produced as evidence that toll has already been paid, the vessel shall be liable to seizure and detention under the provisions of section 9 of the Act.

8. Duplicates of lost tickets, of which the numbers and dates can be satisfactorily established, will be granted by the collector of tolls on payment of a fee equal to one quarter of the total tollage, subject to a minimum fee of one anna per ticket.

9. All vessels, whether the property of Government, District Board, other local bodies or of private persons, are liable for toll except those specially exempted under these rules or by a resolution passed by the District Board of Bakarganj from time to time.

10. The canal may be closed once a year for effecting the necessary repairs to it on seven days' notice of the intention so to close it being given; but in the event of any sudden emergency the canal may be closed at any time without prior notice, and no claim in such case by owners of vessels or others for compensation on account of detention shall be entertained.

11. No rafts exceeding 50 feet in length and 5 feet in breadth shall be permitted to enter the canals.

12. The rates of toll shall be as follows:—

(1) On all vessels empty or laden, per hundred maunds	Twelve annas.
(2) On all vessels empty or laden, for 12½ maunds or less	One anna six pies.
(3) On rafts of bamboos, grass, timber, etc., not exceeding 50 feet in length and 5 feet in breadth	Six annas each raft.

Tolls will be levied at Nalchiti and Koterdone.

13. For boats frequently using the canal, such as boats carrying passengers, grass or perishable articles monthly tickets will be issued at 10 times the ordinary toll.

14. Every vessel which has paid toll shall be allowed to remain in the canal for three days inclusive of the days of entry into and leaving the canal. A vessel remaining in any part of the canal longer than three days shall be charged demurrage equal to one-half of the toll for each day in excess of three days. No vessel shall be permitted to remain in the canal for more than one month. Provided that this rule shall not apply to vessels holding monthly tickets under rule 13 above, which may remain in the canal for more than three days without payment of demurrage but not for more than one month at a time.

15. No vessel carrying exclusively police officers or servants, soldiers and officers of the British Army, post mail runners, officers of the Irrigation Department on duty, officers and servants of the toll office for the canal referred to in these rules while on duty, or the vessels of such other persons as may be exempted by a resolution of the District Board of Bakarganj, shall be liable for toll in the canal.

16. Any matter relating to the mode of collection of tolls and other relevant points, not provided for in these rules, shall be decided by the District Board of Bakarganj at a meeting, and shall be subject to the approval of the local Government.

No. 201.—19th July 1929.—In exercise of the powers conferred on him by sections 78 and 99 of Act III (B. C.) of 1876, the Governor in Council is pleased to pass, with effect from the 10th August 1929, the following rules and to fix the undermentioned rates to be charged for water supplied from the Salbundh Canal in the Bankura district.

A draft of these rules was published in the *Calcutta Gazette* of the 13th, 20th and 27th June and 4th July 1929 under notification No. 131., dated the 7th June 1929:—

Leases for a term of years.

1. The country served by the canals shall be mapped out into blocks of convenient size in accordance with the features of the ground, natural or artificial. So far as may be practicable, the blocks shall be separated by drainage lines. This shall be done by the Subdivisional Canal Officer under the guidance and control of the Divisional Canal Officer.

2. Each block determined as above shall be numbered and recorded with its gross and irrigable areas in registers to be maintained by the Subdivisional Canal Officer. The blocks shall also be marked on maps to be maintained by the same officer.

3. Leases for not more than six years may be granted for the whole irrigable area of a block or for definite parts of a block under the following conditions: —

I.—Ordinarily the whole irrigable area of any village so far as situated within the block must be included in the lease. If the lands of a village within the block are divisible into two or more distinct parts which can be irrigated independently, a separate lease may be granted for each part.

II.—All leases within one block shall be so granted that they may expire on the same date.

III.—No lease shall be granted when the supply of water must of necessity be delivered across an unleased area, unless a channel exists, which, in the opinion of the Subdivisional Canal Officer, will deliver water without waste across the unleased area.

4. The Superintending Engineer shall fix from time to time the gross area for which and the limits of the canal within which, leases for a term of years may be granted.

5. Maps of all villages in which lands have been brought under lease for a term of years, or in which there is any probability of such leases being taken, shall be kept in the Subdivisional Canal Office. These maps to be at scale 32″=1 mile when such are available, and elsewhere at scale 16″=1 mile.

6. The preliminary application for a lease for a term of years, either new or renewal, may be of an informal nature, but it must be in writing. It may be presented and shall be received either at the Subdivisional or Sectional Canal Office; in the latter case the Sectional Officer shall forward it immediately to the Subdivisional Canal Officer. The Subdivisional Canal Officer as soon as he has, by personal enquiry or by an enquiry made by the Sectional Officer, satisfied himself that the land in question constitutes a definite block or a definite part of a block, and that it can be irrigated, shall at once inform the Divisional Canal Officer giving such particulars as that officer may direct, and shall ask his formal approval to the lease being proceeded with. On receipt of such approval the Subdivisional Canal Officer shall forward the preliminary application to the Circle Officer, Midnapore, in order that the detailed assessment may be taken in hand. The lands to be brought under lease shall be indicated on a copy of the map alluded to in rule 5.

7. The Circle Officer on receipt of the application shall depute an amin to prepare the *khasra* or detailed assessment paper. This shall be done on the ground with the aid of the revenue survey map and *khasra*. Should the survey map and *khasra* not be available, the amin shall make a sketch map, and shall measure the areas of the holdings with a chain or measuring-rod.

8. When the amin has completed the *khasra*, the Circle Officer shall forward it to the Subdivisional Canal Officer for approval.

9. As soon as the *khasra* has been approved by the Subdivisional Canal Officer, he shall return it to the Circle Officer endorsed with his signature in token of approval.

The Circle Officer shall then prepare a *khatian* or abstract of the *khasra*, and shall have the form of application, given as Appendix No. I to these rules, filled up and signed or marked by each of the applicants, in the presence of two witnesses.

When the application has been completely signed, the Circle Officer shall send it to the Divisional Canal Officer, by whom the permit or formal approval of the lease shall be signed and issued in the form given as Appendix No. III to these rules. The permit shall be made over to the representative of the cultivators by the Subdivisional Canal Officer by means of his Sectional Officer. The Divisional Canal Officer shall return the application to the Circle Officer, Revenue Division, with a copy of the permit for record.

10. Should it happen that the cultivators of the block proposed for lease are not unanimous, and that certain of them decline to sign the application, the Circle Officer shall report the matter to the Subdivisional Canal Officer. This officer shall hold a local enquiry, recording the statements of the persons who decline to sign and recording his personal opinion on the reasons given. He shall then send a report to the Divisional Canal Officer, who shall decide whether the lease may be accepted excluding the fields in the occupation of the persons who decline to sign, or whether the lease shall be declined. The Divisional Canal Officer is authorised to grant a lease when not less than 95 per cent. of the net irrigable area of the block has been signed for. In particular cases should it be desirable to grant a lease even though an area larger than 5 per cent. of the block has not been signed for, this may be done on the written order of the Superintending Engineer. The reasons for granting the lease shall be fully recorded.

Covering Leases.

11. Applicants for a lease for a term of years who may require water before the lease has been concluded can obtain a supply on tendering an application for a covering lease in the form given as Appendix No. II to these rules. This application must be signed in the presence of the Tahsildar or of some other responsible officer nominated for the purpose by the Subdivisional Canal Officer. The signatures should be those of the leading cultivators in the block in question and they should represent holders of not less than 75 per cent. of the irrigable land within the block.

As soon as the Subdivisional Canal Officer receives the application duly signed, he shall issue a permit in the form given as Appendix No. IV to these rules, and shall at once supply water.

Season Leases.

12. Applications for water to irrigate spring rice or other crops between the 16th November and 15th June, may be presented at the Subdivisional Canal Office or to the Sectional Officer. They must be in the form given as Appendix No. V to these rules.

In the applications the areas for which water is required must be specified but the rate will be charged on those areas for which water is actually used as determined by measurement.

The permit in the form given as Appendix No. VI to these rules will be granted by the Subdivisional Canal Officer if he is able to supply the water.

Supply of water.

13. The Divisional Canal Officer shall control the supply of water throughout the Division in his charge.

14. No water shall be supplied to any lands except such as have been brought under a lease for a term of years or for the season, or to such as are provided for by a covering lease.

15. Under the forms of irrigation lease in use, no specific supply of water is promised: but the undertaking is to give such a supply to each lessee as may be necessary for the lands leased. The supply shall be given, as may be required for the proper cultivation of the crops under irrigation, according to the exigencies of the season.

16. The Divisional Canal Officer is empowered to give the required supply by rotation, should this be advisable for the efficient working of the canals in his charge. In such a case, he is required to give the lessees written notice informing them of the periods when they will be supplied with water.

Collection of water-rates.

17. The rates due for water supplied shall be collected by the Circle Officer or other officer in charge of the Revenue Division, Midnapore, through his staff of Tahsildars and peons. All *khatians* or demand statements shall be signed by the Circle Officer or other officer in charge of the Revenue Division after scrutiny in his office.

18. At the time of preparation of the *khatian* in the Circle Officer's office, each person assessed shall be furnished with an extract from the assessment paper, showing the particulars of the charge against him. This extract shall be furnished in such form as may from time to time be approved for the purpose.

19. Each person on paying the sum due from him shall be given a receipt in the form prescribed for the purpose.

20. For the purposes of account, of control over establishment, and of general administration, the Circle Officer or other officer in charge of the Revenue Division is in the position of an Executive Engineer in charge of a division, and is directly subordinate to the Superintending Engineer. In regard to any proceedings taken under the Public Demands Recovery Act the Circle Officer is subject to the control of the Collector of the district.

Unauthorized use of water and waste of water.

21. Should it be necessary to take action under the provisions of sections 79 and 80 of the Act, proceedings shall be instituted only under the direct and special order of the Divisional Canal Officer. The primary record of the facts regarding the unauthorized use or the waste of water shall be made by the Subdivisional Canal Officer and his subordinates. The parties whom it is proposed to assess shall be informed in writing, and shall be called on to show cause why they should not be assessed. The record of their statements shall be made by the Divisional or by the Subdivisional Canal Officer. The Divisional Canal Officer shall consider the facts and statements recorded, and shall, in deciding the case, give his reasons for or against assessment, both as regards the facts and as regards the law; and he shall determine the rate to be charged subject to the provision in the schedule of rates attached to these rules.

22. Should the Divisional Canal Officer decide on making an assessment, he shall have the assessment paper prepared by the Subdivisional Canal Officer and his staff. Each person assessed shall be furnished with a statement of the charge against him, and an abstract of the demand or *khatian* shall be sent to the officer in charge of the Revenue Division, who shall proceed to recover the sums assessed. The period of one month within which an appeal may be presented to the Collector under section 91 of the Act shall count from the date on which the statement of the charge may be furnished to the person assessed, which date shall be endorsed on it.

23. No proceedings shall be instituted if the unauthorized use or the waste of water have occurred through the act or neglect of a Canal Officer or subordinate employed on the Canal. During the irrigation of autumn rice, the passing on of surplus water from leased to unleased fields is not an unauthorized use of water.

Complaints and Applications.

24. All complaints or applications with respect to the supply of water, to defective drainage, and generally with respect to the administration of the canal, shall be received on presentation at either divisional or subdivisional canal offices.

Complaints and applications received by a Divisional Canal Officer may be transferred to his Subdivisional Canal Officers for disposal at his discretion.

Any such complaints or applications, if presented to the Circle Officer or to his staff, shall be returned endorsed with instructions as to the proper office at which to present them. If received by post, they shall be at once forwarded to the Divisional or Subdivisional Canal Officer.

25. Complaints or applications with respect to corrections of the assessment with respect to the actions of the amins in assessing and with respect to the actions of the tahsildars and other staff employed in collections, shall be received at the office of the Circle Officer or other officer in charge of the Revenue Division.

26. Receipts in the prescribed form shall be given at all offices for complaints or applications presented. The receipt of all complaints and applications shall be recorded in registers to be kept for that purpose.

27. The Officer receiving the complaint or application shall either make a personal enquiry into the matter or he shall nominate in writing some responsible person to hold the enquiry.

28. The orders passed on all complaints or applications shall be in writing, and a copy of every order shall be furnished to the complainant or applicant.

The copy of order may be sent by post (registered), if this is convenient.

The period within which an appeal may be presented under section 91 of the Act shall be reckoned from the date on which the copy of the order is received by the person.

29. When an appeal to the Collector is from the order of a Subdivisional Canal Officer, the proceedings shall be called for through the Divisional Canal Officer, who may record on them such remarks as he may think desirable, provided that he does not thereby detain the proceedings.

In all cases in which an appeal against an assessment is preferred to the Collector, that officer may, if he thinks fit, direct that the collection of water-rates be suspended till the appeal is heard.

30. The Divisional Canal Officer is empowered to revise the proceedings of his Subdivisional Canal Officers, and the Superintending Engineer is empowered to call for and to revise the proceedings of all officers under his control.

Remissions and Alterations of Demand.

31. Whenever the crop on land entitled to a supply of water suffers material injury from an insufficient supply of water, or from any interruption in the supply of water, remission of the rate due on such crop shall be given by the Divisional Canal Officer, provided that the person claiming remission shall have applied for such not less than 15 days before the reaping of the crop.

32. On the occasion of lands being brought under a lease for a term of years, the Divisional Canal Officer is empowered to remit the rates for the first season on those fields which from the nature of the cultivation then obtaining, or from other causes, have not, in that season, derived any benefit from the supply of canal water.

33. Should the crop on lands under lease for a term of years suffer material injury from excess of water due to deficient drainage, the Divisional Canal Officer may grant remission of the rates due on such lands in whole or in part, provided that the person asking for remission shall have applied at least 15 days before the reaping of the crop.

34. Revisions of the assessment required in consequence of land under lease being left uncultivated or of land being appropriated for purposes other than cultivation shall be made under the orders of the Divisional Canal Officer.

35. Revisions of the assessment required in consequence of incorrect entries of the names of occupants of lands under lease or of incorrect entries of areas or amounts in the assessment papers, or required by changes in the occupation of lands shall be made under the orders of the Circle Officer or other officer in charge of the Revenue Division, provided that no change involving any increase or decrease in the total area under lease for a term of years shall be made without the concurrence of the Divisional Canal Officer.

36. Remissions of water-rates on account of injury to the crops caused by inundation, by blight, by storms or by any extraordinary cause will only be allowed under the special orders of the Local Government.

Irrecoverable Demands.

37. The Superintending Engineer is empowered to sanction the write-off of those demands which are reported, after due enquiry by the Circle Officer or other officer in charge of the Revenue Division, as irrecoverable owing to the poverty of the defaulter or of his successors in case of his death, or owing to the defaulter having absconded.

Cultivators' Representatives.

38. Whenever the preliminary application for a lease for a term of years has been approved by the Divisional Canal Officer, the officer in charge of the Revenue Division shall, with the concurrence of the Subdivisional Canal Officer, select as representative of the cultivators a suitable person or persons who shall generally be acceptable to the cultivators and who shall each have a direct interest in the land for which the lease is executed.

39. The person or persons so selected shall be required to give assistance to the Canal Officers in respect of the following matters:—

(*i*) In the preparation of applications for leases.

(*ii*) In the measurement of irrigated lands.

(*iii*) In recording the names of the occupiers of the holdings.

(*iv*) In receiving demand statements and distributing to the cultivators the individual notices of assessment.

(*v*) In attending, when required, at enquiries into complaints.

(*vi*) In reporting to the Circle Officer any changes in the occupancy of lands under lease.

(*vii*) In assisting the tahsildar in collecting rates.

40. For such assistance the cultivators' representative or representatives shall be entitled to free irrigation of the lands in his or in their own occupation, which may lie within the boundaries of the leased area subject to a total limit of 3 per cent. of the area assessed. The Circle Officer or other officer in charge of the Revenue Division may disallow in whole or in part this free irrigation, and may recover the rates which would otherwise have been payable in whole or in part if the assistance specified in rule 39 has not been efficiently rendered. The reasons for such disallowance shall be recorded in writing.

41. The Circle Officer shall maintain in his office a register containing a record of the names of all representatives and of the areas of free irrigation allowed to each.

42. Applicants for season leases shall be required to nominate one of their number who must have a substantial interest in the land to be irrigated as their representative. The representative so nominated shall perform the same duties as stated in rule 39 and shall receive remuneration on the same scale as in rule 40.

Power to decline or cancel leases.

43. Should it be proved, after due enquiry, that the supply of water given to any leased area is habitually wasted or used for the irrigation of lands not under lease, it shall be competent for the Superintending Engineer to direct that the lease shall be cancelled with effect from the 16th of June next following. The order to cancel a lease shall be passed before the 1st of April of the year in which it is to take effect.

44. The Superintending Engineer may give directions to the Divisional Canal Officer to decline applications for irrigation leases of lands in villages where there has been persistent difficulty in realizing the water-rates, until all arrears have been paid.

He may further suspend, or altogether cancel, any lease for a term of years, if on the 1st June of any year water-rates to the extent of half the demand for one year are in arrears. Previous notice of intention to put this rule in force shall be given not later than the 15th April preceding.

Miscellaneous.

45. Tanks may be supplied with canal-water without charge, when water can be made available without injury to the cultivation dependent on a canal, under the following conditions:—

(*i*) That the water is to be exclusively used for domestic purposes, or for watering cattle.

(*ii*) That a channel exists through which water can pass without waste.

(*iii*) That the water shall only be supplied on the written order of the Subdivisional Canal Officer.

(*iv*) That any new outlet or sluice which may be required to allow of the supply being given shall be provided at the cost of the persons who ask for the water.

(*v*) That the supply of water may be stopped at any time if it is found that it is being misused.

46. Except when a public right-of-way exists, no person shall, without the permission expressed in writing of the Divisional or Subdivisional Canal Officer, pass himself, or cause any animal or vehicle to pass, on or across any of the works, banks or channels of a canal, or drainage work which is part of the canal system except by means of such bridges, fords and ferries as may have been provided for the purpose.

Any person who, after due warning, commits a breach of this rule may be proceeded against under section 93, clause (9), of the Irrigation Act.

47. The use of any part of the banks or berms of any canal, drainage work which is part of the canal system, or flood embankment which is subject to the provisions of the Irrigation Act, as a place for relieving the calls of nature, is prohibited. Any person who after due warning commits a breach of this rule may be proceeded against under section 93, clause (9), of the Irrigation Act.

48. Should water be required for purposes other than irrigation, it may be supplied, when available, at a rate of one rupee per 10,000 cubic feet of water.

49. No officer employed on the canals, unless especially exempted by the Governor in Council from the operation of this rule, shall have any interest in the distribution of water from any of the canals or purchase or bid for any Government property sold thereon either in his own name or in the name of another, or jointly, or in shares with others.

Schedule of rates for water supplied from the Salbundh Canal.

	Rs.	A.	
For water supplied on a lease for a term of years—supply given from 16th June to 15th November of each year.	2	4	per acre per season, up to the 15th November 1931.
The rate is due in two equal instalments on the 1st of January and the 1st February of each year. Provided that when the sum payable by any lessee is less than Rs. 10, the whole amount shall be due on the 1st of January in each year.	3	0	per acre per season, after the 16th June 1932.
For water supplied on a covering lease to irrigate lands for which a preliminary application for a lease for a term of years has been received and failing the completion of the same.	3	0	per acre, up to the 15th November 1931.
Supply given from date of covering lease to 15th November of that year. The rate is due as in case of lease for a term of years.	4	0	per acre, after the 16th June 1932.
For water supplied on a season lease for the irrigation of any crops between 16th November and 15th June. The rate is payable on 1st June following.	3	0	per acre.
For the unauthorised use of water or for the waste of water such rate may be charged as determined by the Divisional Canal Officer under rule 21 subject to a maximum of Rs. 5 per acre or 2 rupees per 10,000 cubic feet, if taken into tanks, etc. Such rates shall be due on presentation of the notice of assessment to the person assessed.			

Appendix I.

[Referred to in rule 9.]

Application for a lease for a term of years.

(Yearly rate, per acre: water to be supplied each year from the 16th June to 15th November only.)

WE, the undersigned, of mauza , pargana , thana , apply for water to be supplied from the Salbundh Canal for a term of years, commencing on the 16th June and ending 15th November. The supply of water is required for the irrigation of the block of land formed by our holdings as specified below.

2. We agree that the amounts due shall be payable to the Circle Officer, Midnapore Revenue Division or other officer in charge of the Revenue Division, or to such person as he may appoint, on the 1st January and 1st February, or if Rs. 10 or under on 1st of January of each year, and shall be payable independently of our requiring water in any particular year or not.

3. We also agree to be bound by the rules published in the *Calcutta Gazette* for pages , Notification No.

4. We agree that this application shall not be deemed to have been completed until all the irrigable fields within the block have been signed for, and that failing such completion any covering lease which may have been granted shall be enforced.

5. We agree that the areas* and amounts as given in the statement below are correct at the commencement of the lease, and in token of agreement we attach our individual signature or mark.

6. Our heirs and representatives shall be bound by the terms of this agreement in case of our decease.

Application for a covering lease.

WE, being the principal cultivators of mauza , pargana , thana , on our own behalf and on behalf of the other cultivators of the mauza, hereby certify that we have presented an application for grant of a long lease to cover all the irrigable land in the block situated in mauza , the area of which is approximately acres* the boundaries of the block being specified below.

2. Now in order that we may obtain a supply of water at once and before the long lease can be completed, we, whose signatures or marks are annexed below, severally and jointly bind ourselves to pay the water-rate on the whole area within the limits of the block as specified, which may be determined by the Canal Officer to be irrigable.

3. In the event of a long lease not being completed through the default or non-consent of any of the cultivators of irrigable lands within the block, a rate of Rs. per acre on the area determined for in the present season will be charged to us and will be payable by us on or before the 1st January and 1st February next, or if Rs. 10 and under on or before the 1st January; water to be supplied up to the 15th November only.

* A note should be given to show the equivalent in the local measure of an acre.

31. Such applications shall be made by Advocates, and Attorneys may instruct such Advocates.

32. Applications for orders under clauses (*a*), (*b*), (*c*), (*e*) and (*f*) of section 491 of the Criminal Procedure Code shall be made on petition duly verified by affidavit setting forth the circumstances under which the order is sought.

33. Where the application is for an order under clause (*c*) it shall be stated where the prisoner is detained and for what purpose his evidence is required.

34. When an order under clause (*d*) is required the presiding officer of the Court-martial or the presiding officer acting under the Commissioner from the Governor-General in Council may send an application to this Court in writing and in such case an affidavit shall not be required. The application shall be in the form of a letter addressed to the Registrar, stating the purpose for which the said Court-martial has been assembled or the authority under which the said Commissioners are acting, and also stating where the prisoner is detained in custody, and when, where, and for what purpose he is required to be produced. It shall be the duty of the Registrar to submit the letter as soon as possible after the receipt thereof to, and to obtain the order thereon of, the Judges presiding over the Criminal Appellate Bench of this Court.

35. Where the application is for an order under clause (*e*), notice of the application shall be served on the prisoner and it shall be stated in the affidavit where the prisoner is detained in custody, to what other custody it is proposed to remove him and the reason for such change of custody.

36. Where the application is for an order under clause (*f*), the Sheriff's return of *cepi corpus* to the warrant of arrest shall be produced. The officer having the custody of the Sheriff's return shall cause the same to be produced before the Court on a requisition to him in writing.

37. In any case in which the Court shall order a person in custody to be brought either before it, or before a Court-martial, or before Commissioners acting under the authority of a commission from the Governor-General in Council, or to be removed from one custody to another, a warrant shall be prepared and signed by the Registrar of the Appellate Side, and sealed with the seal of the Court.

38. Such warrant where issued under rule 34 shall be forwarded by the Registrar of the Appellate Side to the officer in charge of the jail in which the prisoner is confined; in every other case the warrant shall be served personally upon the person to whom it is directed or otherwise as the Court shall direct.

39. Where the application is to bring up before the Court a person in custody under a warrant to detain such person, a copy of the warrant under which he is detained, obtained from and authenticated by the signature of the person in whose custody the applicant is, shall be produced to the Court, or it shall be shown by affidavit that it has been asked for and denied.

40. Where the Court is of opinion that a *prima facie* case for granting the application is made out, a rule *nisi* may be issued calling upon the person or persons against whom the order is sought to appear on a day to be named therein to show cause why such order should not be made and at the same time to produce in Court the body of the person or persons alleged to be illegally or improperly detained then and there to be dealt with according to law.

41. On the return day of such rule or on any day to which the hearing thereof may be adjourned, where no cause is shown, or where cause is shown and disallowed, the Court shall pass an order that the person or persons improperly detained shall be set at liberty or delivered to the person entitled to their custody. Where cause is allowed the rule shall be discharged.

42. In disposing of any such rule the Court may in its discretion make an order for the payment by one side or the other of the costs of the rule.

43. The forms of warrants at the end of this Chapter shall be followed.

3. The following forms shall be inserted at the end of Chapter XI aforesaid:—

NOTIFICATION.

40-1A, Free School Street, Calcutta, the 12th July 1929.

Test Examination of private candidates for the Matriculation Examination of 1930.

A Test Examination of private candidates will be held in the Senate Hall, Calcutta, from Monday, the 25th November 1929. *Such candidates only as reside in any of the districts of the Presidency Division, including Calcutta, will be admitted to the examination.* The term "private candidates" includes school-masters.

2. Private candidates are those who have not attended any school recognised or unrecognised for at least one year previous to the Matriculation Examination. They should produce proof that they have not attended any school for such period. They should also produce certificates of conduct and progress in studies from the authorities of the last school where they read, and also a certificate from other reliable authorities regarding conduct and progress in studies after leaving school. The transfer certificates granted to them by the authorities of the schools in which they studied last and the Registrar's receipt for the fee paid in the case of those candidates who previously appeared at the Entrance or the Matriculation Examination, must be submitted in original along with the application for permission to appear at the Test Examination. A statement of the antecedents of the candidate should accompany his application. He should state whether he has read in any unrecognised school, and if so, in what school and in what year. A student, who failed to pass the annual examination for promotion to the first class at the end of the year 1928 and then left school, will in no circumstances be allowed to appear at the Test Examination of 1929.

3. *Bona fide* teachers employed in any of the schools in the Presidency Division may be admitted to the examination. They must produce certificates of service and character from their employers or from the Deputy Inspector of Schools of the district concerned.

4. No one shall be admitted to the Matriculation Examination unless he has completed the age of fifteen years on the first day of the month in which the Matriculation Examination is held.

5. Each candidate should submit to the Inspector of Schools, Presidency Division, and *not to the undersigned personally*, not later than the 2nd November 1929, his application for admission to the Test Examination, with the following particulars :—

(1) Age, (2) residence, (3) father's name, (4) whether he appeared at any previous Entrance or Matriculation Examination, (5) second language besides English, (6) vernacular language, and (7) which two of the following optional subjects he has taken up :—

(*a*) Additional Mathematics.
(*b*) Additional paper in a classical language.
(*c*) History.
(*d*) Geography.
(*e*) Elementary Mechanics.

6. The admission fee for the examination is Rs. 6 for each candidate. This must be remitted with the application on or before the prescribed date, after which a fine of Rs. 2 will be imposed for each week's delay. **In no circumstances will the admission fee be refunded.** All examinees must obtain receipts for fees from the Inspector's office, which should be shown to the Superintendent of the Examination Hall on the first day of the examination.

7. No private student will be admitted to the Test Examination unless he is satisfactorily identified at the Examination Hall during the examination.

8. Candidates who are sent up by this office must appear at the Calcutta Examination centre.

9. Those who reside at a distance from Calcutta may, as special cases, be permitted to sit at the Test Examination at the nearest Government High English School. They will be supplied with printed question papers from this office to which their answer papers should be sent by the Head Master concerned.

10. The date of the Matriculation Examination in 1930 will be notified hereafter.

11. Applications and fees for admission to the examination must reach the office of the Registrar on or before the date to be fixed by the University.

Intermediate and B. A. Examinations in 1930.

Deputy Inspectors, Sub-Inspectors and *bonâ fide* teachers of English schools in the Presidency Division, who have been employed as such for at least three years preceding the examination, will be admitted to the above examinations on production of certificates of character and length of service (with dates) from their employers. Laboratory assistants and demonstrators and librarians of affiliated colleges will be treated as teachers. *Their applications must reach this office on or before the 3rd December 1929.*

1. In accordance with section 9, Chapter XV, of the revised Regulations dealing with the registration of University students, all candidates who intend to appear at any of the ensuing examinations of the University of Calcutta otherwise than as students of affiliated institutions, and who have applied for or have obtained the special permission of the Senate for the purpose, are required to apply to the Registrar of the Calcutta University for the registration of their names as University students. No person will be deemed a "University student" unless and until his name has been duly registered, and none but "University students" will be eligible for admission to any University examination other than the Matriculation. A registration fee of Rs. 2 must accompany every application.

2. Candidates for the B. A. Examination must send to the Inspector of Schools, Presidency Division, and *not to the undersigned personally*, their F. A., I. A., or I. Sc. certificates, and candidates for the Intermediate Examination their Entrance and Matriculation certificates, together with a letter in original from the Senate of the Calcutta University, permitting them to appear at the examination.

3. Candidates should carefully read the printed form of application and supply all the information required by the University, including the Registrar's receipt in the case of those school-masters who were admitted to a previous examination of the same class.

4. The dates of the Intermediate and B. A. Examinations in 1930 will be notified hereafter.

5. Applications with the countersignature of the undersigned and fees for admission to the above examinations must reach the *office of the Registrar on or before the dates to be fixed by the University*, and must be sent to that office by the candidates direct.
